A Description of Plan.

The following description of The Cigarette Store Corp. 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1 **General.** The Plan is a defined contribution plan covering all full-time employees of the Company who are age twenty-one or older and have completed one year of service with the Company or a designated employer. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2 **Contributions.** Each year, participants may contribute up to 75% of their annual pretax compensation, as defined in the Plan. However, the employee contributions may not exceed the annual limits of $16,500 and $15,500, respectively, set forth by the Internal Revenue Code for each of the years ended December 31, 2009 and 2008. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans or from individual retirement accounts.

The Company may, at its discretion, make a contribution in an amount to be determined each Plan year and allocated according to the Plan. Effective July 1, 2003, the Company discontinued matching participant contributions.

3 **Participant Accounts.** Each participant's account is credited with the allocation of (a) the participant's contributions, (b) the Company's contribution, and (c) Plan earnings, and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

4 **Vesting.** Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after four years of continuous service with 1,000 or more hours worked each year.

5 **Investment Options.** Upon enrollment in the Plan, which can be done January 1 or July 1 of each year, contributions will be allocated between accounts as directed by the participant in accordance with the investment allocation form provided by the employer. Participants may change their investment options at any time.

A Description of Plan. (Cont'd.)

6 **Participant Notes Receivable.** Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of 50% of their vested account balance or $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loan terms range from 1-5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at various rates based on the prevailing prime rate on the date of the loan. Principal and interest is paid ratably through payroll deductions.

7 **Forfeited Accounts.** Forfeitures may be used to pay Plan administrative expenses or to reduce future employer contributions. There were no forfeited non-vested account balances at December 31, 2009 and 2008.

8 **Payment of Benefits.** Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a specified time period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as lump-sum distribution.

B Summary of Accounting Policies.

1 **Basis of Accounting.** The financial statements of the Plan are prepared using the accrual method of accounting.

2 **Estimates.** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

3 **Investment Valuation and Income Recognition.** The Plan has adopted ASC 820 "Fair Value Measurements". The objective of ASC 820 is to establish a fair value framework (hierarchy) for valuing investments in the Plan's financial statements. The Plan's investments are stated at fair value. Mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The fair value of the investments in money market and mutual funds has been measured using Level 1 Inputs. The fair value of Participants' Loans is measured using Level 3 Inputs. The valuation techniques used to determine the value of Level 3 Participants' Loans is based on amortized cost.

B Summary of Accounting Policies. (Cont'd.)

3 Investment Valuation and Income Recognition. (Cont'd.)

(The Effect of Level 3 Inputs on Net Assets or Liabilities)

	Balance at January 1, 2009	Total Gains or (Losses)	Interest Credited	Purchases, Issuances, Settlements	Balance at December 31, 2009
Participants' Loans	$ 94,056	$ -	$ -	($ 3,785)	$ 90,271

4 Payment of Benefits. Benefits are recorded when paid.

5 Subsequent Events. In preparing its financial statements, the Company has evaluated subsequent events through July 6, 2010, which is the date the financial statements were available to be issued.

C Plan Termination.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

D Tax Status.

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code and, accordingly, the trust's net investment income is exempt from income taxes. The Plan obtained a favorable tax determination letter from the Internal Revenue Service and the plan sponsor believes that the Plan continues to qualify and operate as designed. As of January 1, 2009, a restated 401(k) profit sharing plan was put into place by the Company to be in compliance with the Internal Revenue code.

E Risks and Uncertainties.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
