December 31, 2009

1. Description of Plan

The Resource Recovery Pension Plan (“Plan”) became effective as of January 1, 1993 and was amended effective December 31, 2001 to freeze the Plan and discontinue employer contributions and to cease further accrual of benefits. Covanta Energy Services, Inc. (“Covanta Energy” or the “Company”) is the Plan sponsor. The Plan is a defined contribution plan covering all employees of Ogden Resource Recovery Support Services, Inc. who had completed at least 1,000 hours of service. Effective December 31, 2001, no further employees were permitted to participate in the Plan. The Administrative and Investment Committees of the Board of Directors of the Company (“Plan Administrator”) control and manage the operation and administration of the Plan. T. Rowe Price Trust Company is the Trustee for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan is periodically amended to comply with applicable laws.

During 2002, the Plan was amended and restated to be in compliance with the provision of the Uruguay Round Agreement Act, the Uniformed Services Employment and Reemployment Rights Act of 1994, the Small Business Job Protection Act of 1996, the Taxpayer Relief Act of 1997, the Internal Revenue Service Restructuring and Reform Act of 1998, the Community Renewal Tax Relief Act of 2000, and the Economic Growth and Tax Relief Reconciliation Act of 2001 and various regulations and rulings issued by governmental agencies.

Participants should refer to the Summary Plan Description for a more complete description of the Plan’s provisions.

Employer Contributions

Contributions made to the Plan for the benefit of participants or their beneficiaries are to be invested at the election of the participant. Effective December 31, 2001, the Plan was frozen and employer contributions were discontinued.

Benefits

Upon retirement, death, or disability, the participant is entitled to receive benefits equal to the value of the vested portion of the participant’s account by the distribution method elected by the participant. Benefits under the Plan are payable in various forms of annuities, including a lump-sum payment option.

Notes to Financial Statements (continued)

1. Description of Plan (continued)

If the value of a participant's vested account balance is \$1,000 or less at the time of termination of employment, the benefit will be paid as a lump-sum payment. If the value of a participant's vested account balance is greater than \$1,000, but less than \$5,000, and if the participant does not elect to have the distribution paid to him directly or to an eligible retirement plan in a direct rollover, then the Plan will distribute the participant's account in a direct rollover to an IRA designated by the Plan Administrator. If the value of the participant's vested account balance is greater than \$5,000, a distribution shall be made at the election of the participant.

Upon termination for reasons other than normal retirement, death, or disability, the participant is entitled to receive a benefit equal to the value of the participant's vested interest in the contributions made to the participant's account by the distribution method elected by the participant. Any excess of the amount credited to the participant's employer contribution account over the participant's vested interest is forfeited.

Vesting

Eligible employees who were participants on January 31, 1993 were 100% vested in their accounts. Eligible employees who became participants in the Plan after January 31, 1993 and prior to the December 31, 2001 freeze date, vest based on years of service and become fully vested after five years of service.

The amount of any forfeitures shall be used to offset administration expenses of the Plan. During 2009 and 2008, the Company utilized forfeited amounts totaling approximately \$43,000 and \$22,000, respectively, to offset administrative expenses. At December 31, 2009 and 2008, the balance of unused forfeited amounts available to offset future administrative expenses totaled approximately \$61,000 and \$104,000, respectively.

Plan Termination

The Board or the Administrative Committee may amend the Plan at any time. No such amendment, however, may have the effect of diverting to the Company any part of the Plan or of diverting any part of the Plan for any purpose other than for the exclusive benefit of the participants. Likewise, an amendment may not reduce the interest of any participant in the Plan accrued prior to such amendment. The Board or the Administrative Committee may, however, make such amendments to the extent required to conform the Plan to ERISA or to maintain the continued qualified status of the Plan under the Section 401(a) of the Internal Revenue Code (the "Code").

1. Description of Plan (continued)

The Company expects to continue the Plan indefinitely, but reserves the right to amend or terminate the Plan at any time. In the event of the Plan's termination, the interest of each participant to benefits accrued to such date, to the extent then funded, is fully vested and nonforfeitable.

Administrative Expenses

Any administrative expenses which are not paid directly from Plan assets are paid by the Plan sponsor.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on an accrual basis of accounting.

Investment Valuation

All investments are carried at fair value. Refer to Note 5 for further details related to the Plan's valuation methods.

Income Recognition

Unrealized gains and losses are determined based on the fair value of assets at the beginning and end of the Plan year. Realized gains and losses are determined based on the carrying value and sales price of the assets at the trade date. Purchases and sales of securities are recorded on a trade date basis. Dividend income is accounted for on the ex-dividend date. Interest income is recorded on the accrual basis as earned.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

3. Recent Accounting Pronouncements

Fair Value Measurements. In April and September 2009, the Financial Accounting Standards Board (“FASB”) issued guidance which (i) provided additional guidance for estimating fair value when the volume and level of activity for the asset or liability have significantly decreased, (ii) provided guidance on identifying circumstances that indicate a transaction is not orderly, (iii) permitted, as a practical expedient, entities to measure the fair value of certain investments based on the net asset value per share and (iv) expanded the required disclosures about fair value measurements. The adoption of this guidance did not have a material effect on the Plan’s net assets available for benefits or the changes in net assets available for benefits.

Fair Value Disclosures. In January 2010, the FASB issued guidance which expanded the required disclosures about fair value measurements. In particular, this guidance requires (i) separate disclosure of the amounts of significant transfers in and out of Level 1 and Level 2 fair value measurements along with the reasons for such transfers, (ii) information about purchases, sales, issuances and settlements to be presented separately in the reconciliation for Level 3 fair value measurements, (iii) fair value measurement disclosures for each class of assets and liabilities and (iv) disclosures about the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements for fair value measurements that fall in either Level 2 or Level 3. This guidance is effective for annual reporting periods beginning after December 15, 2009 except for (ii) above which is effective for fiscal years beginning after December 15, 2010. Plan management is currently evaluating the effect that the provisions of this guidance will have on the Plan’s financial statements.

4. Fully Benefit-Responsive Investment Contracts

The Plan’s Common Collective Trust consists of the T. Rowe Price Stable Value Fund (the Fund) which invests primarily in Guaranteed Investment Contracts, Bank Investment Contracts, and Structured Investment Contracts. These are investment contracts in which the Fund owns the underlying assets and purchases fully benefit-responsive wrapper contracts from independent third parties that provide market value and cash flow risk protection. The Fund is designed to deliver safety and stability by preserving principal and accumulating earnings.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets

Notes to Financial Statements (continued)

4. Fully Benefit-Responsive Investment Contracts (continued)

available for benefits presents the fair value of the Plan's investment in the Fund as well as the difference between the Plan's investment at fair value and the Plan's investment at contract value.

The fair value of the Fund's underlying assets are generally determined by discounting the scheduled future payments required under the contract based on current yields of similar instruments with comparable durations. The fair values of the wrapper contracts are based upon their estimated replacement cost based on issuer quotes. The contract values of the Fund's investment contracts represent the sum of participants' contributions, gains and losses on the underlying assets, participants' withdrawals and administrative expenses.

5. Fair Value Measurements

Fair value is the exit price associated with the sale of an asset or transfer of a liability in an orderly transaction between market participants at the measurement date. The following sets forth the types of assets measured at fair value and a brief description of the evaluation technique for each asset type:

Position Description	Types of Investments	Valuation Technique
Mutual Funds	Funds that invest in a diversified portfolio consisting of stocks, bonds, short-term money market instruments and/or other securities.	Priced at fund Net Asset Value (NAV) per share. Each fund's NAV is based on quoted current market prices.
Common Collective Trust	Guaranteed Investment Contracts, Bank Investment Contracts, and Structured Investment Contracts.	The fair value of the Stable Value Fund is based on the fair value of the underlying investments. Refer to Note 4.

Assets recorded at fair value are categorized using defined hierarchical levels directly related to the amount of subjectivity associated with the inputs to valuation of an asset: Level 1 (unadjusted quoted prices in active markets); Level 2 (observable inputs available at the measurement date, other than quoted prices included in Level 1); and Level 3 (unobservable inputs that cannot be corroborated by observable market data).

Science & Technology Fund	\$ 1,680,272	\$ 1,042,691
Equity Income Fund	1,084,598	917,687

All investment information disclosed in the accompanying financial statements and schedule, including investments held at December 31, 2009 and 2008, and net investment earnings and realized and unrealized appreciation in fair value of investments, other income, dividend income and administrative expenses for the year ended December 31, 2009, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustee.

7. Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated January 7, 2003 stating that the Plan is qualified under the Code and, therefore, the related trust is exempt from taxation. Subsequent to this issuance of the determination letter, the Plan was amended and restated. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended and restated, is qualified and the related trust is tax-exempt. The Plan filed for an updated determination letter from the IRS on January 29, 2010, but has not yet received a ruling on its application.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

9. Reconciliation to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2009 and 2008:

	<u>2009</u>	<u>2008</u>
Net assets available for benefits per the financial statements	\$ 6,883,309	\$ 5,535,571
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	<u>6,555</u>	<u>(1,697)</u>
Net assets available for benefits per the Form 5500	<u><u>\$ 6,889,864</u></u>	<u><u>\$ 5,533,874</u></u>

10. Subsequent Events

The Plan was amended and restated effective January 1, 2010 to include provisions to conform with the requirements of the (i) the Pension Protection Act of 2006 (ii) the Worker, Retiree, and Employer Recovery Act of 2008 and (iii) the Heroes Earnings Assistance Relief Act of 2008 and other applicable laws, regulations, notices and announcements.

The Company has evaluated all significant activities through September 23, 2010 (the date this report was available to be issued) and concluded that no additional subsequent events occurred that would require recognition in the financial statements or disclosure in the notes to financial statements.
