 FOR THE YEARS ENDED DECEMBER 31, 2009 AND 2008

NOTE A - The Plan

The following description of the Cryogenic Transportation, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all full-time employees of Cryogenic Holdings, Inc. and Cryogenic Transportation, Inc. (collectively, the "Company") who are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Each participant may make a pretax contribution deferring a percentage of total compensation, subject to Internal Revenue Service (IRS) regulations. A Company discretionary matching contribution equal to a percentage of participant contributions is determined annually. Effective October 1, 2008, the Company matches 25% of the participant contribution up to 6% of compensation. The Company match was discontinued effective May 5, 2009 and was subsequently reestablished on August 31, 2009.

In addition, the Company may make discretionary contributions called non-elective contributions to the Plan. No non-elective contribution was made in 2009 or 2008.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contributions, and (b) Plan earnings, and is charged with (c) certain administrative expenses and (d) allocation of Plan losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures - Forfeitures may be used to reduce future Company contributions. No forfeited amounts were used to reduce Company contributions in 2009 or 2008. At December 31, 2009 and 2008, forfeited nonvested accounts totaled \$4,976 and \$114, respectively.

Vesting - Participants are immediately vested in their contributions plus the actual earnings thereon. The Company's contributions and the earnings will vest as follows:

<u>Years of Service</u>	<u>Percentage</u>
1	25%
2	50%
3	75%
4	100%

NOTE A - The Plan - continued

Payment of Benefits - Upon termination of service, benefits are payable in a lump sum or annuity form at the election of the participant.

Loans to Participants - The custodian may make loans from the Plan to participants in accordance with the Plan document. All loans to participants are considered investments of the trust fund and bear interest of 1% above the prime rate. Under the Plan, participants may borrow up to one-half of their vested account balance up to \$50,000. All loans are to be repaid within five years unless the loan is used to acquire a principal residence, in which case the term may be longer.

Plan Expenses - Certain administrative expenses of the Plan are paid by the Company; therefore, they are not reflected in the accompanying financial statements. Investment expenses are deducted by Ameritas Life Insurance Corporation and reflected in the calculation of the annuity unit value. Fees associated with participant loans and certain other investment transactions are charged directly to the participant accounts.

NOTE B - Summary of Significant Accounting Policies

Codification - The Financial Accounting Standards Board ("FASB") has established the FASB Accounting Standards Codification ("ASC") as the source of authoritative guidance for generally accepted accounting principles ("GAAP") to be recognized by the FASB. The ASC is effective for financial statements issued for annual periods ending after September 15, 2009 and has been adopted by the Plan. Accounting standards are referenced by the applicable FASB ASC topic code.

Basis of Accounting - The financial statements of the Plan are presented on the accrual basis.

Valuation of Investments - The Plan's investments are stated at fair value, with the exception of the guaranteed interest account which is discussed separately in Note D. See Note E for discussion of fair value measurements.

Payment of Benefits - Benefits are recorded when paid.

Use of Estimates - In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, Plan management is required to make estimates and assumptions that affect reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE B - Summary of Significant Accounting Policies - continued

Reclassifications - Certain reclassifications have been made to the prior period's financial statements in order to conform to the current year's presentation.

NOTE C - Information Certified by the Custodian (Unaudited)

The following investment information as of December 31, 2009 and 2008 included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by Ameritas Life Insurance Corporation, the custodian. Investments comprising 5% or more of net assets have been separately identified.

	December 31,	
	2009	2008
Investments at fair value		
Pooled Separate Accounts	\$1,260,573*	\$ 662,564*
Participant Loans	30,249	23,235
Investments at contract value		
Ameritas Guaranteed Investment Account	667,426*	798,315*

*Represents 5% or more of Plan net assets.

During the years ended December 31, 2009 and 2008, the Plan's investments in the pooled separate accounts appreciated (depreciated) in value by \$267,450 and \$(487,112), respectively.

Interest and dividend income for the years ended December 31, 2009 and 2008 was \$32,952 and \$21,637, respectively.

NOTE D - Investment Contracts with Insurance Company

The Plan has a contract with Ameritas Life Insurance Corporation ("Ameritas"). Plan assets are invested in a number of investments. Ameritas maintains the investment portfolio and all contributions in pooled separate accounts and a guaranteed interest account. Contributions allocated to pooled separate accounts are held in a sub-account of a separate account, which invests solely in shares of an underlying externally managed mutual fund which is segregated from the other assets of Ameritas. These accounts are credited with actual earnings on the underlying investments and charged for Plan withdrawals and administrative loan fees charged by Ameritas. The investment in pooled separate accounts is not considered fully benefit-responsive and is included in the financial statements at fair value.

FOR THE YEARS ENDED DECEMBER 31, 2009 AND 2008

NOTE D - Investment Contracts with Insurance Company - continued

The Plan's investment in the guaranteed interest account is included in the statement of net assets available for benefits at fair value, with a corresponding adjustment to reflect fully benefit-responsive contracts at contract value.

Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The fair value of the guaranteed interest account at December 31, 2009 and 2008 was \$671,097 and \$795,238, respectively. The crediting interest rate at December 31, 2009 and 2008 was 4.29% and 4.42%, respectively. The crediting interest rate is based on an agreed-upon formula with the issuer, but cannot be less than zero. The average yield for the guaranteed interest account was 4.71% and 2.15% for 2009 and 2008, respectively. Contract value is reported to the Plan by Ameritas. The statement of net assets available for benefits is presented on a contract value basis.

Certain events, such as premature termination of the contract by the Plan or the termination of the Plan would limit the Plan's ability to transact at contract value with Ameritas. The plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

NOTE E - Fair Value Measurements

On January 1, 2008 the Plan adopted ASC 820, *Fair Value Measurements and Disclosures*, (formerly FASB Statement No. 157, *Fair Value Measurements*) for fair value measurements of its financial assets and liabilities. ASC 820 defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (exit price) in an orderly transaction between market participants at the measurement date. ASC 820 also establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy are described below:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices that are observable for the assets or liabilities, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in inactive markets.

NOTE E - Fair Value Measurements - continued

Level 3: Unobservable inputs that reflect the reporting entity's own assumptions.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

As of December 31, 2009, the Plan's investments measured at fair value on a recurring basis were as follows:

	<u>Basis of Fair Value Measurements</u>			<u>Total Fair Value</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

As of December 31, 2008, the Plan's investments measured at fair value on a recurring basis were as follows:

NOTE E - Fair Value Measurements - continued

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts: Valued at net asset value at year-end, based on the fair value of the underlying investments.

Participant loans: Valued at their outstanding balance which approximates fair value.

Guaranteed Interest Account: The fair value for the guaranteed interest account is determined as the present value of future guaranteed account values and participant benefit withdrawals, assuming an annual benefit withdrawal rate of 9%. Benefits withdrawals are assumed to occur on the contract anniversary date. Present values are derived by discounting future guaranteed account values and benefit withdrawals by the appropriate market interest rates. Market interest rates are deemed to be the same rates to be credited to new issues of the same contract with like guarantees issued as of the date of the fair value determination. The market interest rates used have interest guarantee periods that match the guarantee periods remaining as of the valuation date for the contract. Interest rate guarantees of the deposit account are backed by assets of the custodian. Credited rates are set based on yields earned on new purchases of fixed income securities for the general account. Credited rates are guaranteed for the duration of the guaranteed period elected by the plan sponsor and do not vary with the subsequent performances of assets on the general account that back these guarantees. Due to the nature of these contracts, specific underlying assets are not assigned and there is no market (quoted prices or observable inputs) and as such the valuation includes significant inputs based on assumptions about market participant assumptions.

NOTE F - Ability to Terminate

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE G - Tax Status

The Internal Revenue Service issued a favorable letter of determination dated March 31, 2008 on the prototype plan upon which the Plan is based. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's trustees believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE H - Party-in-Interest Transactions

Certain Plan investments are investment contracts with Ameritas, the custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions.

NOTE I - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
