Report on the Audit of the 2025 Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the financial statements of The 403(b) PEP (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits – modified cash basis as of December 31, 2025, and the related statement of changes in net assets available for benefits – modified cash basis for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of The 403(b) PEP's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section:

- the amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

- the information in the accompanying 2025 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United State of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with modified cash basis of accounting as described in Note 2; this includes determining that modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) – modified cash basis and schedule of delinquent participant contributions- modified cash basis as of and for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled 2024 Financial Statements

Management is responsible for the statement of net assets available for benefits – modified cash basis of The 403(b) PEP as of December 31, 2024, and the related notes to the financial statement in accordance with the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the 2024 financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2024 financial statements.

NOTE 1 DESCRIPTION OF PLAN

The following description of The 403(b) PEP (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a Pooled Employer Plan (PEP) established by PlanPILOT, the Pooled Plan Provider (PPP). The Plan was established under the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act) on January 1, 2024. The Plan is a defined contribution plan covering eligible employees of the Participating Employers, and is intended to qualify under Internal Revenue Code of 1986, as amended (IRC or Code).The Plan is intended to constitute as a multiple employer plan, as described under the Code. Each participating Employer elects their own provisions related to eligibility, contributions, notes receivable from participants, and payment of benefits. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Only those employees of any particular Participating Employer who are designated by the Participating Employer in its adoption agreement as eligible employees shall be eligible to participate in the Plan. Participating Employers may define eligibility requirements based on factors such as age, service, or employee type. Eligible employees shall be eligible to make participant contributions and receive allocations of employer contributions if and to the extent specified in the applicable adoption agreement or otherwise provided by the Plan.

Contributions

Eligible participants may elect to have a percentage of their eligible compensation, as defined by the Plan and Participating Employer adoption agreement, contributed as a pretax or Roth contributions. Participating Employers may elect compensation definitions. Eligible employees may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Participating Employers in the Plan may elect automatic enrollment and escalation features. Accordingly, the Participating Employer will automatically withhold a defined percentage of an eligible participant’s compensation based on the Participating Employer’s adoption agreement, unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their contributions invested in the designated default fund until changed by the participant.

Under the terms of the Participating Employer adoption agreements, the Participating Employers may elect to make matching contributions or nonelective contributions to the Plan. Participating Employers may also elect to make true-up matching contributions.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Participating Employer's contribution (if applicable) and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Participating Employer contribution portion of their accounts, plus actual earning thereon, is based on the election by each participating employer in their adoption agreement. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants

If elected by the Participating Empower, participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate determined by the PPP, which is prime rate plus 1%. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

Upon termination of service, death, disability, or retirement, a participant may elect to receive the value of the vested interest in their account in the form of a lump sum distribution or installments based on the Participating Employer's adoption agreement. The Plan allows for in-service distributions if a participant reaches age 59½, has a disability and hardship distributions subject to the Participating Employer's adoption agreement. If a participant terminates employment and the participant's account balance is between $0.01 and $5,000, the PPP may authorize that the benefit payment paid as a lump-sum or to be rolled into an individual retirement account in the participant's name. Effective June 3, 2024, as a result of the SECURE 2.0 Act, the mandatory cash out limit was increased from $5,000 to $7,000.

Forfeited Accounts

Forfeited nonvested accounts may be used to pay administrative expenses and to reduce future Participating Employer contributions. Forfeited nonvested accounts as of December 31, 2025 and 2024 totaled $44,708 and -$0-, respectively. During the year ended December 31, 2025, there were no forfeitures used to pay administrative expenses or to reduce employer contributions.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Under that basis, certain additions are recognized when received and certain deductions are recognized when paid. Cash is stated at cost. Investments are stated at fair value. The modified cash basis of accounting differs from accounting principles generally accepted in the United States of America primarily because the effects of outstanding contributions and outstanding expenses are not included in the financial statements.

Use of Estimates

The preparation of financial statements in accordance with modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s Governing Committee determines the Plan’s valuation policies utilizing information provided by the investment advisers, custodian, trustees and insurance companies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

Contributions

Contributions from participants and Participating Employer contributions are recorded in the year in which the contributions are received by the Plan.

Benefit Payments

Benefits are recorded when paid.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

Reasonable expenses of the Plan, including trustee, attorneys, advisors, fiduciaries, and service providers are paid by the Plan Sponsor, unless otherwise paid by the Plan or the Participating Employers. Expenses that are paid by the PPP or the Participating Employers are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Plan Transfers

Transfers are recognized as of the effective date of the transaction.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2026, the date the financial statements were available to be issued.

NOTE 3 TRANSFERS OF FUNDS

Upon termination or new entrance of a Participating Employer, funds may be transferred to or from other qualified plans. During the year ended December 31, 2025, the Plan recognized transfers in from other qualified plans totaling $40,342,679. During the year ended December 31, 2025, there were no transfers out to other qualified plans.

NOTE 4 CERTIFICATION OF INVESTMENT INFORMATION

Voya Institutional Trust Company, a qualified institution of the Plan, has supplied the Plan administrator with certifications as to the completeness and accuracy of all investment and notes receivable from participants information reflected on the accompanying statement of net assets available for benefits – modified cash basis as of December 31, 2025 and 2024, the statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2025, and the supplemental schedule of assets (held at end of year) –modified cash basis as of December 31, 2025..

TIAA and CREF, Mutual of America Life Insurance Company, Equitable Financial Life Insurance Company and Equitable Financial Life Insurance Company of America, qualified institutions of the Plan, have supplied the Plan administrator with certifications as to the completeness and accuracy of investment information reflected on the accompanying statement of net assets available for benefits – modified cash basis as of December 31, 2025, the statement of changes in net assets available for benefits – modified cash basis for the period July 1, 2025 thru December 31, 2025, and the supplemental schedule of assets (held at end of year) – modified cash basis as of December 31, 2025.

NOTE 5 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the valuation methodologies used at December 31, 2025 and 2024.

Pooled Separate Accounts: Investments in the pooled separate accounts are valued using the net asset value (NAV) of units, as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions. The NAV, as provided by the insurance company, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily.

NOTE 5 FAIR VALUE OF INVESTMENTS (CONTINUED)

Pooled Separate Account (TIAA Real Estate Account): The fair value of the Plan's interest in the TIAA Real Estate Account (a pooled separate account) is based on the fund's daily NAV, which is considered by Plan management to be the best approximation of fair value. The unit value of the fund is calculated daily and available to Plan administrators and client investors on TIAA's website. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. Although the underlying assets of the fund cannot be quickly sold and converted to liquid assets, the TIAA general account provides the fund with a liquidity guarantee whereby TIAA ensures that the fund has funds available to meet participant redemption, transfer, or cash withdrawal requests.

Subaccounts of Variable Annuities: Valued at NAV of shares, which are valued by TIAA and CREF at accumulation unit value based on the estimated value of the underlying investments, held by the Plan at year-end. The unit value of the fund is calculated daily and available to Plan administrators and client investors. In an effort to reduce market timing and excessive trading, shareholders will be locked out of a fund for 90 days if a purchase, sale, and repurchase with that fund is made within a 60-day period.

Nonbenefit-Responsive Fixed Account: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer. Valuation approaches are reviewed on an ongoing basis and revised as necessary based on changing market conditions to ensure values represent a reasonable exit price.

Self-Directed Brokerage Account: Self-Directed brokerage accounts consist of cash, common stock, preferred stock, mutual funds, Joint Ventures, and exchange traded funds (ETFs). Cash is valued based on cost, which approximates fair value in a noninflationary economy and is protected by the Federal Deposit Insurance Corporation. Common stock and preferred stock are valued at the closing price reported on the New York Stock Exchange. Joint Ventures are valued based on quoted market prices for identical ownership interests traded in active markets. ETFs are valued at the NAV of units held by the Plan at year-end, in active markets. Cash, mutual funds, common stock, preferred stock, Joint Ventures, and ETFs are considered to be Level 1 investments.

NOTE 5 FAIR VALUE OF INVESTMENTS (CONTINUED)

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

The following table sets forth a summary of certain changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2025:

Purchases	$ 805,443

There were no Level 3 issuances, transfer in, or transfers out for the year ended December 31, 2025.

NOTE 6 GUARANTEED INVESTMENT CONTRACT

Each participant maintains an individual annuity contract with TIAA. As part of the contracts, TIAA may maintain a portion of the contributions in a "guaranteed account," which is called the Traditional Fixed Account. This account is credited with earnings on the underlying investments and charged for withdrawals and administrative expenses charged by TIAA. The guaranteed minimum rate of interest is based on a formula established by TIAA and is between 1% and 3%. Any additional interest is not guaranteed. The Traditional Fixed Account does not permit TIAA to terminate the agreement prior the scheduled maturity date.

Certain Traditional Fixed Account individual annuity contracts are considered to be nonbenefit-responsive. These contracts are included in the financial statements at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer. These contracts are subject to a 10-year withdrawal period. Upon termination of the contracts, the amount of each transfer payout annuity payment will be determined as of the annuity starting date for the transfer payout annuity by the amount of the Traditional Fixed Account accumulation and the interest rates in the rate schedules under which any premiums, additional amounts, and internal transfers were applied to the account.

Certain Traditional Fixed Account individual annuity contracts meet the fully benefit-responsive criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Upon termination of the investment contract, the lump-sum liquidation value of the guaranteed account portion of the participant's accumulation value shall be equal to the product of (a) the participant's guaranteed account accumulation value on the liquidation date, reduced by the liquidation charge applicable on the liquidation date, and (b) a market value adjustment percentage. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Also, the Plan holds a nonbenefit-responsive guaranteed investment contract with VOYA. VOYA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. VOYA is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit VOYA to terminate the agreement prior to the scheduled maturity date. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE 6 GUARANTEED INVESTMENT CONTRACT (CONTINUED)

Also, the Plan holds a nonbenefit-responsive guaranteed investment contract with Equitable. Equitable maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Equitable is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit Equitable to terminate the agreement prior to the scheduled maturity date. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits – modified cash basis.

NOTE 8 PLAN TERMINATION

Although it has not expressed any intent to do so, the PPP has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their participating employer contributions.

NOTE 9 PLAN TAX STATUS

The PPP has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the Plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

The modified cash basis of accounting requires Plan management to evaluate if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the qualified institution of the Plan; therefore, the investment transactions qualify as party-in-interest transactions. The Plan issues notes to participants, which are secured by the balances in the participants accounts, which also qualify as party-in-interest transaction. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 11 NONEXEMPT PROHIBITED TRANSACTIONS

During the year ended December 31, 2025, there were instances where Participating Employers failed to timely remit employee 401(k) deferral contributions and loan repayments to the Plan for certain payroll periods within the time frame prescribed by the Department of Labor. These are deemed prohibited transactions in accordance with ERISA and the IRC. Certain late remittances were self-corrected in 2026 by paying in lost earnings. Management has requested that the participating employers correct the remaining prohibited transactions not corrected by depositing the lost earnings.

NOTE 12 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Additionally, the subaccount variable annuities, as classified in the financial statements included herein, are reported as mutual funds and pooled separate accounts on the Form 5500, Schedule H. The subaccount variable annuities did not file a Form 5500 for the direct filing entity; therefore, the underlying assets have been reported on the Form 5500, Schedule H.
