I have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that I did not audit, I am unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The following description of the Super Care, Inc. ("Company") 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 50% of pretax compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the plan. The Company contributes 25% of the first 4% of base compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at 7% to 8%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous services. Upon a participant's termination from employment for reasons other than death, disability, or retirement the participant is entitled to a portion of his or her account balance in accordance with the following vesting schedule:

Years of Service	Vested Percent
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Note 2 - Summary of Significant Accounting Policies

Date of Management's Review

Subsequent events were evaluated through August 16, 2010, which is the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results my differ from those estimates.

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contriubtion plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value held by the Plan at year-end. Participant loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments are recorded when paid.

Operating Expenses

All expenses of maintaining the Plan are paid by the Company.

Note 3 - Tax Status

The Plan is designed to constitute a qualified plan under Section 401(a) of the Internal Revenue Code and is, therefore, considered exempt from Federal income taxes under provisions of Section 501(a). A determination letter has been received from the Internal Revenue Service that the restated Plan as amended is a qualified plan under applicable sections of the Internal Revenue Code.

Note 4 - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

	Fair Value	Fair Value Measurements Using: Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
December 31, 2009			
Mutual funds	$ 985,759	$ 985,759	$ 0
Participant loans	155,336	0	155,336
Total	$ 1,141,095	$ 985,759	$ 155,336
December 31, 2008			
Mutual funds	$ 862,963	$ 862,963	$ 0
Participant loans	30,026	0	30,026
Total	$ 892,989	$ 862,963	$ 30,026

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of the mutual funds are based on the closing price reported on the active market where the individual securities are traded.

Level 3 Fair Value Measurements

The participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of the participant loans approximates the amortized cost of the loans because the loans are secured by each respective participant's account balances. The following table provides further details of the Level 3 fair value measurements.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

	Participant Loans	Total
December 31, 2009		
Beginning balance	$ 30,026	$ 30,026
Issuances and settlements, net	125,310	125,310
Ending balance	$ 155,336	$ 155,336
December 31, 2008		
Beginning balance	$ 10,142	$ 10,142
Issuances and settlements, net	19,884	19,884
Ending balance	$ 30,026	$ 30,026

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2009 are reported in net appreciation in fair value of investments.

Note 5 - Plan Termination

Upon termination of the Plan, all amounts credited to the participants' accounts become 100% vested and are not thereafter subject to forfeiture. At such time, all unallocated amounts are to be allocated to the accounts of the participants in accordance with the Plan terms. The employer may direct either the complete distribution of the assets in the Trust Fund to the participants, or continuation of the Trust in such manner as though the Plan had not been terminated.

Note 6 - Investments

The following presents investments that represent 5% or more of the Plan's net assets at December 31, 2009 and 2008:

	2009	2008
Pooled Equity Funds:		
Allianz OCC Renaissance Fund	$ 66,528	$ 50,734

Mutual funds	$ 230,212
	$ 230,212

Unaudited Information Certified by the Plan Trustee

The December 31, 2009 and 2008 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2009, and the accompanying notes to the financial statements were prepared entirely from information certified by the Trustee, The Hartford Life Insurance Company, in accordance with 29 CFR 2530.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 - Employer/Employee Contributions

Employer basic contributions	$ 49,005
