INDEPENDENT AUDITORS' REPORT

Plan Administrator
Graphics Atlanta, Inc. 401(k) Profit Sharing Plan
Stone Mountain, Georgia

We were engaged to audit the financial statements and supplemental schedule of Graphics Atlanta, Inc. 401(k) Profit Sharing Plan as of December 31, 2009 and 2008, and for the year ended December 31, 2009, as listed in the table of contents. The financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by TD AmeriTrade Trust Company (formerly Fiserv Trust Corporation), the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the investment information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of the Plan:

The following description of the Graphics Atlanta, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a pre-tax savings plan established under section 401(k) of the Internal Revenue Code (IRC). The Plan is available to substantially all eligible employees of Graphics Atlanta, Inc. (the Company or Plan administrator) who have met certain age and length of service requirements.

The Plan was established effective May 1, 1995 with an asset transfer from a previous defined contribution plan from which the Company's Board of Directors approved a "split-off." Its operation is overseen by the plan administrator and the administrative committee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

All employees who have completed six months of service and attained the age of 18 are eligible to participate in the Plan.

Employee contributions to the Plan are limited to the maximum allowable under law, which was $16,500 for the year ended December 31, 2009. Participants age 50 or older during the year can also make catch-up contributions subject to Internal Revenue Service (IRS) maximums.

At the discretion of the Board of Directors of the Company, the Company may also make additional contributions for a plan year. An employee's share of this contribution is based on a uniform percentage of included compensation. No such additional contributions were made to the Plan during 2009.

Rollover provision

The Plan allows participants to "rollover" assets from other qualified savings plans into the Plan. During 2009, rollovers into the Plan totaled $7,826.

Note 1 - Description of the Plan - continued:

Participant accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are 100% vested in their voluntary contributions, rollover contributions and the related investment income on those funds. Participants become vested in additional Company profit sharing contributions in accordance with Plan provisions based upon years of service and become fully vested after six years of continuous service.

Forfeited accounts

Forfeitures of discretionary Company contributions are allocated to all participants eligible to share in the allocations in the same proportion that each participant's compensation for the year bears to the compensation of all participants for such year.

Forfeited accounts were $51 at December 31, 2009 and 2008. During 2009, no forfeitures were allocated to participants' accounts.

Loans to participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, repayable generally within five years, bearing a reasonable fixed interest rate between 4.25% and 9.25%. The loans are secured by the balance in the participant's account. At December 31, 2009 and 2008, participant loan balances were $177,515 and $169,224, respectively. At December 31, 2009 and 2008, no participant loans were in default.

Note 1 - Description of the Plan - continued:

Payment of benefits

The participant's vested portion of their account balance is available for distribution in the event of retirement, death, or termination of employment. Payments for amounts contributed by the employee are 100% vested. For payments that represent vested benefits greater than $5,000, the participant must consent to the distribution before it may be made. If the participant does not elect a payment option for balances that represent vested benefits between $5,000 and $1,000, the Plan will distribute the benefits to an individual retirement account at the Plan's discretion. Payments that represent vested benefits less than $1,000 can be paid in a lump sum at the Plan's discretion. Hardship withdrawals are permitted if Plan participants meet certain criteria.

Administrative expenses

The Company is responsible for the Plan's administrative expenses to the extent that they are not paid by the Plan. Any expenses not paid by the Company will be deducted from plan assets.

Note 2 - Summary of significant accounting policies:

Basis of presentation

The Plan has adopted Financial Accounting Standards Board (FASB) Statement of Financial Accounting Standards No. 168, *The FASB Accounting Standards Codification* (Codification) *and the Hierarchy of Generally Accepted Accounting Principles* (GAAP) (SFAS No. 168). SFAS No. 168 required that the Codification become the source of authoritative U.S. GAAP recognized by the FASB to be applied by nongovernmental entities. All of the Codification's content carries the same level of authority. The adoption of SFAS No. 168 did not have a material impact on the Plan's financial statements or disclosures.

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Note 2 - Summary of significant accounting policies - continued:

Investment valuation and income recognition

The Plan's investments are valued at fair value based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2009 and 2008.

- Money market funds are stated at cost, which approximates fair value, due to the short-term nature of these instruments.

Note 2 - Summary of significant accounting policies - continued:

Investment valuation and income recognition - continued

- Mutual funds (or shares of registered investment companies) are valued at the net asset value of shares held by the Plan at year-end by obtaining quoted prices on nationally recognized securities exchanges.
- Loans to participants are valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value by major categorization for debt and equity securities on the basis of nature and risk of the investments as of December 31, 2009 and 2008:

	Assets at Fair Value as of December 31, 2009

Balance, beginning of year	$ 169,224
New loans issued during the year	91,866
Loan principal repayments during the year	(83,575)
Balance, end of year	$ 177,515

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date.

Note 2 - Summary of significant accounting policies - continued:

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make certain estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

New accounting pronouncements

In April 2009, the FASB issued an accounting standard update related to fair value disclosures. This guidance expanded fair value disclosures and required that major categories for debt and equity securities in the fair value hierarchy be determined on the basis of the nature and risks of the investments. This guidance is effective for periods ending after June 15, 2009. The adoption of this guidance did not have a material impact on the Plan's financial statements.

Note 2 - Summary of significant accounting policies - continued:

New accounting pronouncements - continued

In September 2009, the FASB issued an accounting standard update which provides a practical expedient for measuring the fair values of Plan investments in investment companies that calculate a net asset value per share (such as hedge funds, private equity funds, funds of funds, and certain collective trusts, common trusts and pooled separate accounts). The practical expedient permits an entity holding investments in certain entities that calculate net asset value per share or its equivalent for which the fair value is not readily determinable, to measure the fair value of such investments on the basis of that net asset value per share or its equivalent without adjustment. This guidance also provides enhanced disclosure requirements about the nature and risks of investments within its scope. Such disclosures include the nature of any restrictions on an investor's ability to redeem its investments at the measurement date, any unfunded commitments, and the investment strategies of the investee. This guidance is effective for periods ending after December 15, 2009. The adoption of this guidance did not have a material impact on the Plan's financial statements.

In January 2010, the FASB issued an accounting standard update which adds new disclosure requirements for Levels 1 and 2, separate disclosures of purchases, sales, issuances, and settlements relating to Level 3 measurements and clarification of existing fair value disclosures. This accounting standard is effective for periods beginning after December 15, 2009, except for the requirement to provide Level 3 activity of purchases, sales, issuances, and settlements on a gross basis, which will be effective for fiscal years beginning after December 15, 2010. The Plan is currently evaluating the impact this accounting standard will have on the financial statements.

Subsequent events

The Plan has evaluated subsequent events through October 7, 2010, which is the date these financial statements were available to be issued. All subsequent events, if any, requiring recognition as of December 31, 2009, have been incorporated into these financial statements.

Note 3 - Information certified by the custodian:

TD AmeriTrade Trust Company (AmeriTrade) (formerly Fiserv Trust Corporation) was the custodian of the Plan in 2009 and 2008. The custodian holds the Plan's investment assets and executes transactions. Financial information relating to those assets and investment transactions is included in the financial statements and schedule based on information that has been certified as complete and accurate by the custodian in accordance with Department of Labor regulations. That information, which has not been audited by independent auditors, includes a schedule of assets (held at end of year).

The following is a summary of investments, at fair value, that represent 5% or more of the Plan's net assets at December 31, 2009 and 2008:

Description of Funds	2009	2008

Note 4 - Related-party transactions:

AmeriTrade performs services for the Plan, sells products to the Plan, and manages and maintains investments of the Plan for which fees are charged to the Plan. These types of transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

Note 5 - Plan termination:

The Company has the right under the Plan, although it has not expressed any intent to do so, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 6 - Tax status:

The underlying prototype plan has received an opinion letter from the IRS dated November 27, 2001 stating that the form of the Plan is qualified under Section 401(a) of the IRC, and therefore, the related trust is tax-exempt. The Plan administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.
