Part I Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITORS' REPORT

To the Retirement Committee of
Restaurant Holding Company 401(K) Plan:

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Restaurant Holding Company 401(K) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2025, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025, and the changes in net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

RESTAURANT HOLDING COMPANY 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2025

1. DESCRIPTION OF THE PLAN

The following description of the Restaurant Holding Company 401(K) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's information.

General – The Plan is a defined contribution profit-sharing plan with a cash or deferred arrangement, sponsored and administered by Restaurant Holding Company, LLC (the Plan Sponsor). The Plan was adopted in December 2024, effective January 1, 2025, and operates on a calendar-year basis. These statements present its initial year of operations. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Participating employers - In addition to the Plan Sponsor, the executed joinder agreements authorize participation by Caribbean Restaurants, LLC; Latin American Subs, LLC; Latin American Chicken, LLC; RHC Investco LLC; RHC Development Fund LLC; PBF Development LLC; PBF Development East LLC; and PBF Development West LLC.

E**ligibility** - Eligible employees generally enter the Plan immediately upon attaining age 21 and completing one year of eligibility service under the elapsed-time method. The Adoption Agreement excludes specified union employees, leased employees, non-resident aliens, and employees of related entities whose participation has not been approved. Eligibility remains subject to applicable statutory requirements and plan amendments.

Employee contributions - The Plan permits pre-tax elective deferrals, catch-up contributions, voluntary after-tax contributions, and rollover contributions subject to applicable limits and the Plan terms. Roth elective deferrals are not permitted under the supplied Adoption Agreement.

Automatic enrollment - The Plan provides an eligible automatic contribution arrangement (EACA). Participants without an affirmative election are enrolled at 3% of compensation, subject to an election to change or stop deferrals. The Adoption Agreement provides automatic escalation of 1 percentage point to a maximum of 10%, with the first increase on the first day of the second Plan Year following the year in which automatic enrollment became effective and subsequent increases each Plan Year. Permissible withdrawals may be requested within 90 days after the first automatic deferral.

Employer contributions - The matching formula is 100% of matched employee contributions up to 3% of Plan Compensation, plus 50% of matched contributions above 3% and up to 5% of Plan Compensation. This produces a maximum formula match of 4% of compensation. The Adoption Agreement includes catch-up and voluntary contributions in matched contributions. Non-elective contributions are also permitted.

Participant Accounts - Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF THE PLAN (continued)

Investments - The Plan is participant-directed, participants direct the investment of the assets held in their respective plan accounts.

Vesting –Participants are immediately 100% vested in employee contributions and employer matching contributions. Employer non-elective contributions, if made, are subject to the one-to-five-year graded schedule below, with other accelerated vesting events governed by the Plan.

Years of vesting service	Vested percentage for non-elective contributions
Less than one year	0%
One to less than two years	20%
Two to less than three years	40%
Three to less than four years	60%
Four to less than five years	80%
Five years or more	100%

Payment of Benefits - Normal retirement age is 65. Distributions are available under the Plan upon specified events, including termination of employment, retirement and death. The Plan also provides qualifying hardship and other permitted in-service withdrawals.

Forfeited Accounts - When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. The plan document permits the use of forfeitures, when available, to be allocated to remaining participants. As of December 31, 2025, the Plan recognized forfeitures totaling $5,316 due to the termination of participation by certain employees who were not fully vested. Forfeitures recognized during the respective periods were allocated to remaining participants.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan utilizes various investment instruments, including common stock, registered investment companies, U.S. Government and agencies securities, and corporate bonds. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances, and the amounts reported in the financial statements.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Interest-Bearing Cash - Interest-bearing cash consists of investments in money market funds.

Administrative Expenses - Administrative expenses of the Plan are paid by the Plan and the Plan Sponsors, as provided in the plan document. Fees paid to the Custodian for investment management services are reflected as administrative expenses in the accompanying statements of changes in net assets available for benefits. Management fees and operating expenses charged to the Plan for investments in registered investment companies are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits - Benefit payments to participants are recorded upon distribution. As of December 31, 2025, there were no participants who had elected to withdraw from the Plan but had not yet received payment.

Subsequent Events - Subsequent events were evaluated through October 8, 2026 the date the financial statements were available to be issued.

2. FAIR VALUE MEASUREMENTS

ASC 820, Fair Value Measurements and Disclosures provides a framework for measuring fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Approaches-Valuation approaches maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025.

Common Stocks-Valued at the closing price reported on the active market on which the individual securities are traded. Common stocks are categorized as Level 1. Interest-Bearing Cash-Held primarily in short-term money market funds, which are valued at net asset value.

Registered Investment Companies-Valued at the daily closing price as reported by the corresponding fund. Funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price and are deemed to be actively traded. Investments in registered investment companies are categorized as Level 1.

U.S. Government Securities and Mortgage-Backed Securities - Valued using pricing models maximizing the use of observable inputs for similar securities. Examples of inputs that are commonly relevant for valuing particular classes of fixed-income securities, include prepayment speeds, actual pool, and collateral information for mortgage-backed securities and standard inputs and treasury curves and spreads for U.S. government securities. These investments are classified as Level 2.

Corporate Bonds - Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks or a broker quote, if available. These investments are classified as Level 2.

3. FAIR VALUE MEASUREMENTS (continued)

Transfers Between Levels - The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The significance of transfers between levels is evaluated based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended, December 31, 2025, there were no transfers between levels.

4. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments consist of funds deposited in money market accounts managed by the Custodian. Therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid to the Custodian for investment management services during the years ended December 31, 2025, were approximately $136,000.

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Plan Sponsor reserves the right to terminate the Plan in accordance with the Plan provisions. On termination or partial termination, the account balances of affected participants become nonforfeitable. Plan termination will be subject to the provisions set forth in ERISA.

6. INCOME TAX STATUS

The Plan is qualified under Sections 401(a) and 401(k) of the United States Internal Revenue Code, as amended, and Sections 1081.01(a) and (d) of the Puerto Rico Internal Revenue Code of 2011, as amended. The related trust is exempt from federal income taxes under Section 501(a) of the United States Internal Revenue Code and from Puerto Rico income taxes under Section 1081.01(a) of the Puerto Rico Internal Revenue Code, subject to applicable statutory exceptions.

The Puerto Rico Department of the Treasury issued a favorable qualification letter dated June 18, 2026, confirming the Plan's qualified status and the related trust's exemption from Puerto Rico income taxes with respect to the Plan established effective January 1, 2025.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Puerto Rico Department of the Treasury. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
