INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Steamfitters' Local Union No. 420
Supplemental Retirement Plan

Opinion on the 2025 Financial Statements

We have audited the financial statements of the Steamfitters' Local Union No. 420 Supplemental Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2025, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Prior Period Financial Statements

The financial statements of the Plan as of December 31, 2024, were audited by other auditors whose report dated October 14, 2025, expressed an unmodified opinion on those statements.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on 2025 Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental 2025 Schedule of Administrative Expenses and Schedule of Assets Held at End of Year, together referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the financial statements. The supplemental Schedule of Assets Held at End of Year represents supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Supplemental information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

STEAMFITTERS' LOCAL UNION NO. 420
SUPPLEMENTAL RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE 1. DESCRIPTION OF PLAN

The following brief description of the Steamfitters' Local Union No. 420 Supplemental Retirement Plan (the Plan) is provided for general information purposes only.

The Plan was established January 1, 1976, as an annuity feature of the Steamfitters' Local Union No. 420 Pension Plan (the Pension Plan) which included the contribution of negotiated hourly rate to an Additional Benefit Accumulation Account for each participant. Effective January 1, 1988, assets equal to the total of all such accounts were transferred to the Plan. Effective January 1, 1988, the Plan was established pursuant to an Agreement and Declaration of Trust, as a result of collective bargaining agreements between the Steamfitters Local Union No. 420 of the United Association of Journeymen and Apprentices of the Plumbing and Pipe Fitting Industry of the United States and Canada (the Union), and the Mechanical & Services Contractors Association of Eastern Pennsylvania, Inc., (the Association), and various independent construction contractors. The Plan is a multiemployer defined contribution pension plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Employer contributions to the Plan are invested with Empower Retirement, LLC (Empower). Empower has various investment options to which participants may direct their contributions. These funds are increased by contributions and earnings on the underlying investments and decreased by Plan withdrawals and administrative fees.

Contributions to the Plan are invested as directed by the participants in various funds. Participants must evaluate their own investment goals and objectives and choose the funds best suited to achieve those goals and objectives. Poor investment performance by the funds selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

Under current provisions of the Plan, a participant is eligible for a normal retirement benefit on the date in which the participant attains age 65. Eligibility is effective upon the first day a participant completes a contribution hour. Participants are 100% vested at all times.

Participants are eligible to receive termination benefits when a participant ceases participation in the Plan. Participation will cease on the date immediately following the end of any six (6) consecutive month period in which a participant fails to complete a contribution hour.

NOTE 1. DESCRIPTION OF PLAN (continued)

The Plan allows for in-service distributions to participants once each calendar year. A participant who participated in the Plan for five (5) or more years may withdraw all of the contributions and investment returns on the contributions made to their Profit Sharing Account. A participant who has participated in the Plan for less than five (5) years may withdrawal the contributions and investment returns on the contributions made to their Profit Sharing Account, less the amount of contributions and investment returns on those contributions that were made within the immediately preceding 24 months. The minimum amount of an in-service withdrawal shall be $2,500.

Participants should refer to the summary plan description for more complete information.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The financial statements are prepared using the accrual basis of accounting.

Investments and Income Recognition - The mutual funds are carried at fair value which generally represents quoted market price or net asset value of the fund as provided by the investment custodian as of the last business day of the year. The pooled separate account and the common collective trusts are carried at net asset value (NAV) which represents estimated fair value as provided by the insurance company or the trust. The guaranteed investment contract is carried at contract value, as by the insurance company. Certificates of deposit are carried at cost plus accrued interest which approximates fair value. Short-term investments are carried at cost which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Funding Policy and Revenue Recognition - The Plan is funded by contributions from participating employers under the terms of collective bargaining agreements (CBA). Employer contributions are accounted for as exchange transactions. The contributions are due on a monthly basis. It is the policy of the Trustees to pursue monies due.

Employer Contributions Receivable - Contributions due but not paid prior to the year-end are recorded as contributions receivable. The Plan believes that the receivables are fully collectible; therefore, no allowance for credit losses is recorded.

Payment of Benefits - Benefit payments to participants are recorded when paid.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Reclassifications - Certain reclassifications have been made to prior year amounts to conform with the current year presentation.

NOTE 3. FUNDING POLICY

The participating employers contribute such amounts as are specified in the collective bargaining agreements. The contributions rates for the years ended December 31, 2025 and 2024 ranged from $11.95 to $14.25 and $10.70 to $13.25 per hour, respectively.

NOTE 4. TAX STATUS

The Plan obtained its latest determination letter on April 13, 2013, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements under Sections 401(a) of the Internal Revenue Code. The Plan's related Trust was, therefore, exempt from Federal income taxes under the provisions of Section 501(a). The Plan has been amended since receiving the determination letter. The Plan's administrator and the Plan's counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the U.S. Federal, state, or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Typically, plan tax years will remain open for three years; however, this may differ depending upon the circumstances of the Plan.

NOTE 5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Basis of Fair Value Measurement:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 5. FAIR VALUE MEASUREMENTS (continued)

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 5. FAIR VALUE MEASUREMENTS (continued)

(*) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the period.

During the years ended December 31, 2025 and 2024, there were no transfers in or out of levels 1, 2 or 3.

The unfunded commitments and redemption information at December 31, 2025 and 2024 are as follows:

	2025 Fair Value	2024 Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice

(a) The Plan's investments are participant directed. Participants can initiate transactions in and out of the investment at any time without prior notice.

NOTE 6. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds an investment contract that meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. There are no events Empower Annuity Insurance Company has identified that would limit the Plan's ability to transact at contract value. The following represents the contract value of the investment contract held by the Plan.

NOTE 6. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (continued)

	2025	2024
Mass Mutual Life Insurance Company Core Bond Separate Account Guaranteed Interest Contract II	$ 101,521,042	$ 111,228,426

The Plan's investments in the guaranteed income fund are backed by the assets of Massachusetts Mutual Life Insurance Company. Payment obligations and the fulfillment of any guarantees specified in the group annuity contract are insurance claims supported by the full faith and credit of Massachusetts Mutual Life Insurance Company.

NOTE 7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Shared rent and administrative expenses are shared among the related Benefit Funds, and the Steamfitters Local Union No. 420 (the Local). The parties are related by common officers/Trustees. The shared expenses are allocated based on a cost allocation study as follows, the Steamfitters' Local Union No. 420 Pension Plan (the Pension Fund) is allocated 34%, the Plan is allocated 26%, and the Steamfitters' Local Union No. 420 Welfare Plan (the Health & Welfare Plan) is allocated 40%, respectively, of the shared expenses. As of December 31, 2025 and 2024, the Plan owed $503 and $556, respectively, to the Local for shared expenses. During the years ended December 31, 2025 and 2024, the Plan reimbursed the Local $27,793 and $27,929, respectively, for shared rent and administrative expenses.

As of December 31, 2025, the Plan was owed $16,874 from the Health and Welfare Plan. As of December 31, 2025 and 2024, the Plan was owed $19,200 and $16,874, respectively, from various affiliated entities for their share of the collection fees.

Certain Plan investments are shares of mutual funds, common collective trusts, and pooled separate accounts managed by the Empower Annuity Insurance Company (Empower). Empower is the custodian, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. These transactions have been denoted as such on the supplemental schedule of assets held at end of year.

The transactions above qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules of ERISA.

NOTE 8. PRIORITIES UPON TERMINATION

In the unlikely event of termination of the Plan, participants will have a non-forfeitable right to the Plan assets after provision for expenses of the Plan, including benefits approved prior to the termination of the Plan. Should the liquidation value of the assets on the date of termination be less than the total of the participants' accumulated shares plus expenses, each participant will receive that part of the total remaining assets in the same ratio as their accumulated share bears to the aggregate amount of the accumulated shares of all participants. No part of the assets may be returned to any employer or the Local Union.

NOTE 9. RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks, such as economic, interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 10. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 7, 2026, the date the financial statements were available to be issued, and they have been evaluated in accordance with relevant accounting standards.
