ADVISORY TAX AUDIT

Independent Auditor's Report

To the Participants and Trustees of
Oregon Laborers - Employers Defined Contribution and 401(k) Plan:

Opinion

We have audited the accompanying financial statements of Oregon Laborers - Employers Defined Contribution and 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits as of December 31, 2025 and 2024 and the changes in net assets available for benefits for the years then ended, of Oregon Laborers - Employers Defined Contribution and 401(k) Plan in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Oregon Laborers - Employers Defined Contribution and 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Oregon Laborers - Employers Defined Contribution and 401(k) Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Audotor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Oregon Laborers - Employers Defined Contribution and 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Oregon Laborers - Employers Defined Contribution and 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

1. Description of Plan

The following description of the Oregon Laborers - Employers Defined Contribution and 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for more complete information.

General
The Plan was established in January 1986 and is a defined contribution plan covering employees whose employers have a collective bargaining agreement or special agreement that provides coverage under the Plan. Effective November 1, 1997, a 401(k) option was added to the Plan, which permits eligible employees to make pretax contributions through payroll deductions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Board of Trustees
The Plan is administered by a Board of Trustees composed of three union trustees and three employer trustees.

Contributions
Employers shall contribute monthly to the Plan for the account of each of its Participants. The amount is determined according to the collective bargaining agreement or special agreement. Participants may make pre-tax contributions based on flat-dollar amounts per hour (also referred to as deferrals), and direct roll over contributions. Participant contribution rates apply for all hours covered under the collective bargaining agreement or special agreement. Participant contributions are subject to the maximum contribution limits established by the Internal Revenue Code.

Participant Accounts
Each participant’s account is credited with employer contributions (if any), voluntary employee contributions and investment earnings thereon, net of operating expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting
Participants are immediately vested in employer contributions and their voluntary contributions plus earnings thereon.

Benefits
Benefits are paid in the form of a single lump-sum payment. The sole exception is a minimum required distribution for those participants who have attained age 70-1/2. Effective January 1, 2020, the Plan was amended to increase the required minimum distribution age to age 72.

Under limited circumstances, a participant may elect to receive a distribution while still working. These are referred to as in-service distributions. The portion of a participant’s account attributable to employer contributions can be distributed if the participant has obtained age 55 or commenced participation in the Plan more than 60 months prior to the distribution.

Participants may take normal retirement at age 65, may retire early upon reaching age 53, or may retire at age 50 if the sum of their age and years of credited service equals 80 or more. Hardship withdrawals are permitted from a participant’s pre-tax contributions, if they have a financial hardship and meet other requirements.

Investment Options
The contributions to the Plan are invested as directed by the participants in various investment options, which include mutual funds and common/collective investment funds. Participants must evaluate their own investment goals and objectives and choose the investment option best suited to achieve those goals and objectives. Poor investment performance by the investment options selected by the participants may cause their vested balances to be lower than the amount contributed to the Plan on their behalf.

2. Summary of Accounting Policies

Basis of Accounting
The accompanying financial statements of Oregon Laborers - Employers Defined Contribution and 401(k) Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, managers and custodians, as applicable. See Note 5 for discussion of fair value measurements.

Management has evaluated whether any significant events or changes in market conditions occurred between the respective valuation dates and the Plan's year-end that would materially affect the fair value of these investments and has concluded that no such events occurred.

Transactions and Income Recognition
Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Contributions Receivables
Participant and employer contributions due but not paid at year-end are recorded as contributions receivable. Allowances for uncollectible accounts are considered unnecessary and are not provided. Contributions due as a result of payroll audits have been recorded net of an allowance equal to the amount due because collectability is uncertain. Therefore, delinquent contributions are recorded when received.

Estimates
The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties
The Plan invests in mutual funds, common/collective trusts and money market mutual funds. Such investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty with respect to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Subsequent Events
In preparing these financial statements, management of the Plan has evaluated events and transactions that occurred after December 31, 2025, for potential recognition or disclosure in the financial statements. These events and transactions were evaluated through October 9, 2026, the date that the financial statements were available to be issued, and no items have come to the attention of management that require recognition or disclosure.

3. Plan Termination

It is the intent of the Trustees to continue the Plan in full force and effect; however, to safeguard against any unforeseen contingencies, the right to discontinue the Plan is reserved to the Trustees.

In the event of termination, the rights of all affected participants to all account balances shall be nonforfeitable. After payment of expenses properly chargeable against the Plan, the Trustees shall determine the time of commencement of payment of benefits and the method of distribution.

4. Tax Status

The Plan obtained its latest determination letter, dated March 18, 2013, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan's administrator and the Plan's counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, or that any instances of noncompliance would be eligible for correction, including self-correction, under an applicable Internal Revenue Service corrective procedure. They believe that the Plan was qualified, and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require management to evaluate the tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. Management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Mutual Funds: The fair value of mutual funds is generally based on quoted prices in active markets (Level 1).

Common/Collective Trusts: The Plan's common/collective trusts consist of The Bank of New York Mellon Capital Stock Index Fund, The Bank of New York Mellon SL Stock Index Fund and the Galliard Retirement Income Fund. The fair value of the investments in this category have been estimated using the net asset value per share of the investments. The net asset value is being used as a practical expedient to estimate fair value. The common/collective trusts are direct filing entities with the Department of Labor; therefore, information regarding the investment strategy is not disclosed. There are no unfunded commitments to either of these common/collective trusts.

The Bank of New York Mellon Capital Stock Index Fund has daily liquidity, and no advanced written notice is required for redemption and was liquidated in 2025. The Bank of New York Mellon SL Stock Index Fund has daily liquidity, and no advanced written notice is required for redemption The Galliard Retirement Income Fund allows participant redemptions on a daily basis. The fund requires a 12-month notice period for the Plan to liquidate this investment.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its evaluation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

		Fair Value Measurements at Reporting Date Using		
	December 31, 2025	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Assets in the fair value hierarchy				
Mutual funds	$ 22,839,696	$ 22,839,696	$ -	$ -
Money market mutual funds	3,293	-	3,293	-
Total assets in the fair value hierarchy	22,842,989	22,839,696	3,293	-
Investments measured at net asset value*				
Common/collective trusts	3,052,864	-	-	-
Total investments at fair value	$ 25,895,853	$ 22,839,696	$ 3,293	$ -

		Fair Value Measurements at Reporting Date Using		
	December 31, 2024	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Assets in the fair value hierarchy				
Mutual funds	$ 17,688,459	$ 17,688,459	$ -	$ -
Money market mutual funds	3,167	-	3,167	-
Total assets in the fair value hierarchy	17,691,626	17,688,459	3,167	-
Investments measured at net asset value*				
Common/collective trusts	3,038,588	-	-	-
Total investments at fair value	$ 20,730,214	$ 17,688,459	$ 3,167	$ -

* In accordance with FASB ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

6. Prohibited Transactions

During the years ended December 31, 2025 and 2024, the contributing employers to the Plan made contributions to the Plan that were considered late under U.S. Department of Labor regulations. As of December 31, 2025 and 2024, contributions not yet corrected under prescribed correction procedures totaled $307,076 and $283,970, respectively.

7. Concentration of Investments

The Plan's investments are subject to various risks, including market and interest rate risks. Concentrations of risk exist when the Plan holds significant investments in individual funds or investment types. Concentrations increase the potential for loss in the event of adverse market conditions affecting those investments.

As of December 31, 2025 and 2024, the Plan held investments that individually represented 10% or more of net assets available for benefits as follows:

	2025	
Investments	**Fair Value**	**Percentage of Net Assets Available for Benefits**
Dodge & Cox Balanced Fund	20,640,159	78

	2024	
Investments	**Fair Value**	**Percentage of Net Assets Available for Benefits**
Dodge & Cox Balanced Fund	15,903,201	76
Galliard Retirement Income Fund	2,292,528	11

ADVISORY TAX AUDIT

Report on Supplementary Information

Independent Auditor's Report

To the Participants and Trustees of
Oregon Laborers - Employers Defined Contribution and 401(k) Plan:

We have audited the financial statements of Oregon Laborers - Employers Defined Contribution and 401(k) Plan as of and for the year ended December 31, 2025, and have issued our report thereon dated October 9, 2026, which contained an unmodified opinion on those financial statements. Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplementary information, which appears on Schedule H, Part IV Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, and Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) at December 31, 2025, are supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"). Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
