1. Description of Plan

The following brief description of the Alliance Precision Plastics Corp. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a salary reduction plan pursuant to Section 401(k) of the Internal Revenue Code, established on May 1, 1992. It covers substantially all employees of Alliance Precision Plastics Corp. (the Company) who meet certain age and length of service requirements. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation

Eligible employees may become participants commencing on the first day of the next calendar quarter following the attainment of both the age of 21 and completion of three months of service with the Company.

Contributions

The Company shall make deferral contributions (elective deferrals) on behalf of each participant who has an executed salary reduction agreement in effect with the Company. The maximum contribution each participant may make each year is subject to federal limits.

Effective April 1, 2007, the Plan adopted an automatic enrollment policy. Under this policy employees hired after April 1, 2007 who meet eligibility requirements are automatically enrolled to defer 4% into the plan unless they have an executed opt-out agreement with the Company. Employees hired before April 1, 2007 that met the eligibility requirements after the effective date were automatically enrolled to defer 2% into the plan unless they had an executed opt out agreement with the Company.

Each year, the Company may make discretionary matching contributions on behalf of each participant based on participant deferrals. The participant must be employed on the last day of the plan year and be credited with more than one thousand hours of service during the plan year to qualify for the discretionary matching contribution. Matching contributions amounted to $67,427 and $71,834 for the years ended December 31, 2009 and 2008, respectively.

The Company may also decide each plan year to make a discretionary profit sharing contribution on behalf of the eligible participants. Such contributions shall be allocated to eligible participants in the ratio that each participant's compensation bears to the total compensation paid to all eligible participants for the plan year. In order for a participant to qualify to receive a discretionary profit sharing contribution, the participant must be credited with more than one thousand hours of service during the plan year and be employed on the last day of the plan year. In 2009 and 2008, the Company made no discretionary profit sharing contributions.

1. **Description of Plan** (Continued)

Contributions (Continued)

In addition, participants may transfer funds from other qualified plans, with the consent of the plan administrators.

Participant accounts

Each participant shall have an account which will be credited with the participant's contributions, Company contributions and Plan earnings. Allocations are based on participant compensation or account balances.

Vesting

Participants are immediately 100% vested in their elective deferrals and rollover contributions plus actual earnings thereon. Vesting in matching contributions and employer discretionary contributions is based on years of continuous service.

A vested percentage for discretionary matching contributions is determined in accordance with the following vesting schedule:

Years of Service For Vesting	Vesting Percentage
1	25%
2	50%
3	75%
4	100%

A vested percentage for discretionary profit sharing contributions is determined in accordance with the following vesting schedule:

Years of Service For Vesting	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%

Forfeitures available for use, end of the year	$ 1,510	$ 646

Payment of benefits

Upon retirement, death or disability, the entire account balance, if less than $5,000, will be distributed in the form of a lump-sum payment. In addition, lump-sum distributions may be made, with participant consent, under the following conditions: the account balance is greater than $5,000, separation from service and upon the hardship of a participant as provided for in the Plan and in government regulations.

Loans

The Plan allows participants to borrow funds from their accounts. Loans may not exceed the lesser of 50% of the employee's vested account balance or $50,000. No loan in an amount less than $1,000 will be permitted. Repayments of principal and interest are made through payroll withholding. At any time, no more than one loan may be outstanding from the Plan to the participant.

Administrative expenses

Record keeping, tax filing and audit fees are paid by the Plan sponsor, Alliance Precision Plastics Corporation. All other expenses are paid out of the Plan assets. For the years ended December 31, 2009 and 2008, administrative expenses consisted of the following:

	2009	2008
Total administrative expenses	$ 30,087	$ 34,612
Less: Expenses paid by the plan sponsor	(3,237)	(5,246)
Total plan administrative expenses	26,850	29,366
Less: Forfeitures used to reduce administrative expenses	(150)	(150)
Net plan administrative expenses	$ 26,700	$ 29,216

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis and present the net assets available for pension benefits and changes in those net assets.

Revenue recognition

Purchases and sales of securities are recorded on the trade date basis. Interest and dividends are recorded on the accrual basis.

Use of estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Fair value measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quotes prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

2. **Summary of Significant Accounting Policies** (Continued)

Fair value measurements (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at the end of the year.

Participant loans: Valued at amortized cost, which approximates fair value.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Reclassifications

Certain prior year amounts have been reclassified to conform with the current year presentation.

Subsequent events

The plan administrator evaluated events occurring between the end of the most recent fiscal year and July 20, 2010, the date the financial statements were available to be issued.

3. **Information Certified by the Trustees**

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act of 1974 (ERISA). Accordingly, MG Trust Company, LLC and Nationwide Financial, the trustees of the Plan, have certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits, the schedule of assets held for investment purposes and the related investment activity reflected in the statements of changes in net assets available for benefits.

6. Tax Status

The Plan obtained its latest determination letter in August, 2001 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and is tax-exempt as of the financial statement date.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
