INDEPENDENT AUDITORS' REPORT

TO THE BOARD OF TRUSTEES OF
Blue Sea Dental, LLC 401(k) Plan
Fort Myers, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Blue Sea Dental, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Blue Sea Dental, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Blue Sea Dental, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter — Restatement of Previously Issued Financial Statements

As discussed in Note K to the financial statements, the Plan has restated its previously issued 2024 financial statements to correct an error related to the recognition of corrective employer contributions receivable and related other employer contributions arising from an operational failure involving eligible compensation. The comparative 2023 financial statements, as described in the Other Matter paragraph below, have also been restated to correct this error. Our previously issued report on the 2024 financial statements, dated March 12, 2026, is superseded by this report. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Blue Sea Dental, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal

control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Blue Sea Dental, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Blue Sea Dental, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on Compiled 2023 Financial Statement

We performed a compilation engagement with respect to the 2023 financial statements, which is comprised of the statement of net assets available for benefits as of December 31, 2023 and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements. We did not audit or review the 2023 financial statements and, accordingly, express no opinion or other form of assurance on them. As discussed in Note K, the 2023 financial statements have been restated to correct the error described therein.

NOTE A - DESCRIPTION OF PLAN

The following brief description of the Blue Sea Dental, LLC 401(k) Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2017. The Plan is a defined contribution plan under section 401(k) of the Internal Revenue Code (IRC) covering all employees of Blue Sea Dental, LLC ("the Company"), excluding union employees and non-resident aliens, who have met the age requirement of 18 and the service requirement of 3 months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may make voluntary pre-tax and after-tax (Roth) contributions as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company will make a fully vested matching contribution to each participant's account in the Plan of 100% of each dollar of 401(k) contributions up to 4% of covered compensation. This contribution is intended to satisfy a safe harbor contribution formula permitted by the Internal Revenue Service (IRS). By making the safe harbor matching contribution, the Plan will automatically satisfy the nondiscrimination requirements that otherwise would apply to 401(k) contributions made to the Plan. The Plan also allows for a discretionary matching contribution and a discretionary profit-sharing contribution on an annual basis. There were no discretionary matching or profit-sharing contributions for 2024 or 2023. Participants direct the investment of their employer contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary non-elective contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, the Company's matching contributions and any discretionary non-elective contributions plus actual earnings thereon.

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participant loans are not permitted by the Plan.

Benefit Payments

Participants, or their beneficiaries, may receive the vested interest of their Plan account through a distribution of benefits upon retirement, death, termination of employment, or a qualifying withdrawal. Hardship withdrawals are allowed by the Plan. In-service distributions may be made to a participant who has not separated from service provided they are 59 ½ or older. Benefit payments may be made in the form of a lump sum distribution or partial withdrawals.

Forfeitures

When a participant's involvement in the Plan ends, any nonvested portion of the participant's account, as defined by the Plan, would generally be treated as a forfeiture. Because all contributions under the Plan are fully vested, forfeitures are not expected to occur. Accordingly, there were no forfeitures as of, or for the years ended, December 31, 2024 and 2023.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees for recordkeeping services, trustee services, third-party administration services, and investment advisory services are included in administrative expenses and are allocated to participant accounts based on a pro-rata formula. Fees related to the administration of benefit payments are charged directly to the participant's account and are included in administrative expenses.

NOTE C – CERTIFIED INFORMATION

The following information in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Inspira Financial Trust, LLC.

	December 31, 2024	December 31, 2023
Investments, at fair value	$ 2,623,883	$ 1,854,669
For the years ended December 31, 2024 and 2023		
Net appreciation in fair value of investments	$ 216,093	$ 195,650
Dividend income	$ 58,950	$ 40,468

NOTE D - FAIR VALUE MEASUREMENTS

The *Fair Value Measurements* topic of the Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC)* establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Exchange-traded funds: Valued at the closing price reported on the active market on which the individual funds are traded.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value at December 31, 2024 and 2023:

December 31, 2024	Level 1	Total
Exchange-traded funds	$ 2,623,883	$ 2,623,883

December 31, 2023	Level 1	Total
Exchange-traded funds	$ 1,854,669	$ 1,854,669

NOTE E - TAX STATUS

The Plan has adopted a nonstandardized pre-approved plan document. The Internal Revenue Service (IRS) issued an opinion letter dated June 30, 2020, stating that the form of the pre-approved plan is acceptable under Section 401 of the Internal Revenue Code (IRC). Although the Plan has not obtained its own determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. As described in Note K, the Plan experienced an operational failure, which the Plan administrator has corrected under the Self-Correction Program (SCP) of the IRS's Employee Plans Compliance Resolution System (EPCRS). The Plan administrator believes the correction preserves the Plan's qualified status. Therefore, the Plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan as of December 31, 2024 and 2023 and is not aware of any uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market rate, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under the Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others.

Betterment for Business, LLC provides third-party administration and recordkeeping services to the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid to Betterment for Business, LLC are included in administrative expenses.

Inspira Financial Trust, LLC holds the Plan assets and provides trustee services to the Plan, and therefore, these transactions qualify as party-in-interest transactions.

NOTE I - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Certain amounts included on the Schedule H Part I and II on the Annual Return/Report of Employee Benefit Plans (Form 5500) have been grouped differently for purposes of presentation in the financial statements.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2024 and 2023:

	2024
Net assets available for benefits per the financial statements	$ 3,003,560
Less: Employer contributions receivable as of December 31, 2024	(212,289)
Less: Other employer contributions receivable as of December 31, 2024	(167,388)
Net assets per Form 5500	$ 2,623,883

	2023
Net assets available for benefits per the financial statements	$ 2,189,283
Less: Participant contributions receivable as of December 31, 2023	(10,558)
Less: Employer contributions receivable as of December 31, 2023	(218,565)
Less: Other employer contributions receivable as of December 31, 2023	(105,491)
Net assets per Form 5500	$ 1,854,669

The following is a reconciliation of net increase per the financial statements to net income per the Form 5500 for the year ended December 31, 2024:

	2024
Net increase per the financial statements	$ 814,277
Add: Participant contributions receivable as of December 31, 2023	10,558
Add: Employer contributions receivable as of December 31, 2023	218,565
Less: Employer contributions receivable as of December 31, 2024	(212,289)
Less: Other employer contributions for the year ended December 31, 2024	(61,897)
Net income per the Form 5500	$ 769,214

NOTE J – LATE FILING OF FORM 5500

The Plan Administrator did not file the Plan's Form 5500 Annual Return/Report for the year December 31, 2024 by the original or extended due date, as required by the Department of Labor (DOL) and the IRS. The Plan will participate in the Delinquent Filer Voluntary Compliance Program (DFVCP) offered by the DOL to correct the late filing and reduce potential penalties. Management is taking steps to ensure timely filings in future years, including enhancing internal oversight and coordination with service providers.

NOTE K – CORRECTION OF AN ERROR AND RESTATEMENT

During the 2024 audit, it was identified that certain eligible compensation, including commission compensation, had been improperly excluded from Plan calculations in 2024 and prior years. The Plan document did not explicitly exclude such compensation from eligible compensation for purposes of employee deferrals and related matching contributions. The Plan Sponsor initially recorded an estimated corrective contribution receivable of $58,972 as of December 31, 2024 based on information available at the time the 2024 financial statements were originally issued.

Subsequent to the issuance of the 2024 financial statements, management, with assistance from ERISA counsel, determined that the original correction calculation understated the required corrective contribution because it omitted certain missed matching contributions and did not include all affected periods. Management concluded that the understatement represented a material error in the previously issued 2024 financial statements. Accordingly, the Plan has restated the previously issued 2024 financial statements to correct the error.

The revised corrective contribution identified through December 31, 2024 is $149,080 before applicable lost earnings, consisting of $46,845 of pretax deferral corrections, $10,498 of Roth deferral corrections, and $91,737 of missed matching contribution corrections. The revised correction exceeds the amount previously recorded by $90,108 before applicable lost earnings. Applicable lost earnings total $18,308, consisting of $143 for 2021, $1,565 for 2022, $5,721 for 2023, and $10,879 for 2024.

Corrective amounts are employer-funded corrective contributions arising from an operational error and have been recorded as other employer contributions in the statement of changes in net assets available for benefits. Amounts not yet funded as of December 31, 2024 have been recorded as other employer contributions receivable in the statement of net assets available for benefits.

The restatement increased net assets available for benefits as of January 1, 2023 by $24,440, consisting of $22,732 of principal corrective contributions and $1,708 of lost earnings. The restatement increased other employer contributions for the year ended December 31, 2023 by $37,282, consisting of $31,561 of principal corrective contributions and $5,721 of lost earnings. The restatement increased other employer contributions for the year ended December 31, 2024 by $46,694, consisting of $35,815 of principal corrective contributions and $10,879 of lost earnings. The total impact of the restatement on net assets available for benefits as of December 31, 2024 was an increase of $108,416, consisting of $90,108 of principal corrective contributions and $18,308 of lost earnings.

NOTE K – CORRECTION OF AN ERROR AND RESTATEMENT (CONTINUED)

The following tables summarize the effects of the restatement on the affected line items of the financial statements as of and for the years ended December 31, 2024 and 2023:

The Plan administrator has corrected the operational error under the Self-Correction Program (SCP) of the Internal Revenue Service's Employee Plans Compliance Resolution System (EPCRS). On October 5, 2026, the Company deposited corrective contributions and related lost earnings totaling $195,905 to the Plan. The deposit includes $28,517 of additional amounts, consisting of $6,971 of corrective contributions for the 2025 plan year and $21,546 of lost earnings for the period from January 1, 2025 through the date of deposit.

NOTE K – CORRECTION OF AN ERROR AND RESTATEMENT (CONTINUED)

These additional amounts are not reflected in the accompanying financial statements. In 2025, the Company revised its payroll procedures so that all eligible compensation, including commission compensation, is included for purposes of employee deferrals and matching contributions under the Plan.

NOTE L - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through March 12, 2026, the date the originally issued financial statements were available to be issued. In connection with the restatement described in Note K, the Plan evaluated subsequent events related to the restatement through October 13, 2026, the date the reissued financial statements were available to be issued. Except for the restatement and the corrective contribution deposit described in Note K, no subsequent events requiring recognition or disclosure in the financial statements were identified.
