United Family Care, Inc.
401 (K) Savings Plan

I was engaged to audit the financial statements of United Family Care, Inc. 401 (k) Savings Plan as of December 31, 2009 and 2008 for the year ended December 31, 2009 and the supplementary information as listed in the accompanying table of contents. These financial statements and supplementary information are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by City National Bank, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. I have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of and for the year ended December 31, 2009 that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that I did not audit, I am unable to, and do not, express an opinion on the accompanying financial statements and supplementary information taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustees, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

401 (k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - Description of the Plan

The following description of the plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan providing benefits to all employees of the Company who have completed one year of service and are age twenty-one or older. The Plan excludes non-resident aliens, leased employees and independent contractors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All administrative costs are paid by forfeited accounts and Employer.

The Plan was established effective October 1, 1999, the date the Company acquired three medical clinics. All employees of the Company, on October 1, 1999, immediately became eligible to participate in the plan. Participants in the profit sharing plan of the clinics' former owner, who continued in the employ of the Company following the acquisition of the clinics, received service credit for vesting based on the service they provided to the former owner. In addition, pursuant to the terms of the Plan, the former owner permitted involuntary plan-to-plan transfers, whereby participant balances in the former owner's profit-sharing plan could be transferred directly to the Plan. Distributions of \$111,118, consisting of \$5,523 in cash and \$105,595 in loans, were transferred from the former owner's plan to the Plan during 2000. The Plan is considered a spin-off of the former owner's profit sharing plan. As a spin-off, pursuant to IRC Section 411(d)(6), the Plan includes all optional forms of benefits that were available in the former owner's plan.

Contributions

Under the provisions of the Plan, each active participant may contribute a maximum dollar amount as determined by the Federal Government. For 2009, the maximum dollar amount was \$16,500. Eligible participants who have attained age 50 prior to the close of a Plan year are also eligible to make a catch-up contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company elected to make a safe harbor matching contribution equal to 100% of the first 3% of compensation deferred plus an additional 50% of the next 2% of compensation deferred. Each year, the Company may also contribute an amount to be determined solely at the discretion of the Company's Board of Directors. Total annual contribution are subject to certain limitations.

Participant Accounts

An account is maintained for each participant. The participant's account is credited with the participant's contribution, employer contributions and allocations of Plan earnings or losses. Any allocation of regular contributions are based on participant's eligible plan compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

UNITED FAMILY CARE, INC.
401 (k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - Description of the Plan (Continued)

Vesting

Participants are immediately vested in their contributions and special discretionary contributions made to the plan by the Company plus earnings thereon. Vesting in the remainder of the account is based on years of service. A year of service is given for each Plan year in which a participant performs 1,000 or more hours of service. After two years of service, a participant becomes 25 percent vested. Each service year thereafter will increase the participant's vesting by 25 percent, with 100 percent vesting after five years.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. Currently, the Plan offers a number of mutual funds and individually directed brokerage accounts as investment options for participants.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account. Loan terms range from one to five years, or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Interest rates range from 4.25 to 9.25 percent. Generally, principal and interest is paid ratably through direct, after-tax payroll deductions.

Payment of Benefits

If a participant's employment ceases as a result of normal retirement at age 65, death or disability, the participant or the participant's beneficiaries, are entitled to receive the entire contents of the account (100% vested). If a participant terminates for any other reason, the participant is entitled to receive only the vested percentage of their account. Participants will receive benefits in a single lump sum distribution.

Forfeited Accounts

At December 31, 2009 and 2008, forfeited nonvested accounts totaled \$2,989 and \$6,467 respectively. These accounts will be used to pay administrative expenses or reduce future Employer Contributions to the Plan.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

The preparation of these financial statements requires management to make estimates and assumptions. Those estimates and assumptions affect the reported amounts of net assets available for benefits, as well as disclosures of contingent assets and liabilities. Actual results could differ from those estimates. Management also determines the accounting principles to be used in the preparation of financial statements.

A description of the significant accounting policies employed in the preparation of these financial statements follows:

Basis of Accounting

The financial statements of the Plan are prepared under the cash basis of accounting.

Investment Valuation and Income Recognition

Investments consist of mutual funds and common stock. Investments are stated at fair value as determined by the trustee based on quoted market prices.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date.

Valuation of Investments

The trustee of the plan for United Family Care 401k is in compliance with FAS 157/ASC820 and is not reporting any difference in fair value for the period ending December 31, 2009.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - FAIR MARKET MEASUREMENTS

In September 2006, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards (SFAS) No. 157, *Fair Value Measurements (SFAS 157)*, which defines fair value under U.S. generally accepted accounting principles, establishes a framework for measuring fair value and enhances disclosures about fair value measurements. Effective January 1, 2008, the Plan adopted SFAS 157 which defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value. Adoption of SFAS 157 did not have a material impact on the Plan's financial statements. Effective December 31, 2009 the SFAS changed the recording requirement to a new compliance reporting system which changed SFAS 157 to ASC 820.

The following provides a description of the three levels of inputs that may be used to measure fair value under ASC 820, the types of Plan investments that fall under each category, and the valuation methodologies used to measure these investments at fair value.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Common Stocks

Common stocks are valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds:

Mutual funds are valued based on net asset values reported in the active market and shares held by the Plan at year-end.

Level 2 - Inputs to the valuation methodology include quoted market prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

UNITED FAMILY CARE, INC.
401 (k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 3 - Fair Market Measurements (Continued)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement

Participant Loans

Participant Loans are valued at amortized cost, which approximates fair value.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following summarizes the Plan's December 31, 2009 investments by classification and method of valuation in accordance with the requirements of SFAS 157/ASC 820:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Common Stocks	\$ 367,893	\$ 20	\$ -	\$ 367,913

Mutual funds and self directed	<u>\$364,450</u>
	<u><u>\$364,450</u></u>

NOTE 5 - PLAN AMENDMENT

Effective November 1, 2008, the Plan was amended with regard to the definition of eligibility. Under the amendment, employees became eligible to participate in the Plan after 1 year of service and attaining the age of twenty-one.

NOTE 6 - TAX STATUS

The Plan is qualified under the provisions of the Internal Revenue Code (IRC) and is not subject to Federal and state income taxes. Participating employees are not subject to Federal and state income taxes on employee and employer contributions, or on income accruing to their accounts, until they receive distributions from the Plan.

In 2003 the Company adopted a Prototype Non-Standardized 401(k) Profit Sharing Plan which received a favorable opinion letter from the Internal Revenue Service. The opinion letter stated that the Plan and related trust were designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Effective January 1, 2010 the plan was restated to comply with EGTRRA.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 8 - CERTIFICATION BY CITY NATIONAL BANK

At December 31, 2009, all investments (including cash and cash equivalents) were held in trust by City National Bank.
