To the Board of Trustees

Duro Bag Mfg. Co. New Jersey Bargaining Unit Retirement Savings Plan

We were engaged to audit the financial statements of Duro Bag Mfg. Co. New Jersey Bargaining Unit Retirement Savings Plan as of December 31, 2009 and 2008, and for the years then ended, and the supplemental schedule as of December 31, 2009, as listed in the accompanying table of contents. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by MG Trust Company, LLC, the Trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certification from the Trustee as of and for the years ended December 31, 2009 and 2008, that the information provided to the Plan administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2009 AND 2008

1. DESCRIPTION OF THE PLAN

The following description of Duro Bag Mfg. Co. New Jersey Bargaining Unit Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a cash or deferred arrangement covering substantially all hourly employees at the New Jersey manufacturing plant of Duro Bag Manufacturing Company (the Employer) governed by a collective bargaining agreement. Employees are eligible to participate in the Plan with respect to making salary reduction contributions having attained the age of twenty-one (21). However, employees are eligible with respect to receiving Employer matching and qualified non-elective contributions having completed one (1) year of service and attained the age of twenty-one (21). The Plan was adopted on April 1, 2007, and is subject to the provisions of the Employee Retirement Income Security Act of 1974.

Contributions

The Plan provides for contributions by participating employees of an amount not to exceed the maximum amount deductible under the applicable provisions of the Internal Revenue Code of 1986, as amended (the Code). The Employer is to make matching contributions equal to fifty percent (50%) of the participants' voluntary contributions. However, in applying this matching contribution percentage, only salary deferrals up to six percent (6%) of qualifying compensation will be considered. Also, additional contributions made by participants age fifty (50) or older are not considered for Employer matching contributions. The Employer may also make qualified non-elective contributions equal to a percentage (determined annually by the Employer) of the participant's qualifying compensation. Participating employees must be actively employed on the last date of the Plan year to receive any qualified non-elective contributions. There were no qualified non-elective contributions during 2009 and 2008.

Participant Accounts

Each participant's account is credited with (a) participant's contribution, (b) Employer contributions, (c) an allocation of Plan earnings and losses and (d) Plan expenses. The participants direct the investment of their account balances among certain investment options offered by the Plan. The Employer contributions are invested in accordance with the participants' investment selection.

1. DESCRIPTION OF THE PLAN (Continued)

Vesting

All participant contributions are immediately vested at the time such contributions are made. Years of service with S&G Packaging will be recognized during those years S&G Packaging maintained a qualified plan. Participants become vested in Employer matching contributions as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	25%
2	50%
3	75%
4	100%

Forfeitures

Forfeitures are created when participants terminate employment before becoming fully vested in the Employer matching contributions. These amounts may be used to reduce future Employer contributions, pay Plan expenses, or may be allocated to remaining participants based on relative qualifying compensation. At December 31, 2009 and 2008 the Plan did not have any forfeited nonvested accounts.

Hardship Withdrawals

The Plan allows for hardship withdrawals in the event of immediate and heavy financial need of up to 100% of the employee contribution account balance.

Plan Investment Options

Currently upon enrollment in the Plan, participants may direct contributions in eleven (11) investment options. Participants may change their investment options daily. Except for the MetLife Managed GIC Fund, there is no guarantee of principal or earnings when participating in these funds.

Payment of Expenses

All expenses of administration may be paid out of the Plan unless paid by the Employer. Such expenses shall include any expenses incident to the functioning of the Administrator, including, but not limited to, fees of accountants, counsel, and other specialists and their agents, and other costs of administering the Plan. Until paid, the expenses shall constitute a liability of the Plan. However, the Employer may reimburse the Plan for any administration expense incurred. Any administration expense paid to the Plan as a reimbursement shall not be considered an Employer contribution. During 2009 and 2008, the Employer elected to pay some of the administrative expenses of the Plan.

DECEMBER 31, 2009 AND 2008

1. DESCRIPTION OF THE PLAN (Continued)

Rollovers

The Plan permits participants to transfer distributions from other qualified plans into the Plan.

Payment of Benefits

The benefit to which a Plan participant is entitled is the benefit that can be provided by the contributions made and income earned on investments. Upon service or disability retirement, death, or termination, a participant or beneficiary will receive a payment consisting of a lump-sum amount or annual installments over the participant's life expectancy.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

As described in FASB ASC 946 (formerly Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans*), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common/collective trust. Contract value for this common/collective trust is based on the net asset value of the fund as reported by the investment advisor. As required by FASB ASC 946, the Statements of Net Assets Available for Benefits presents the fair value of the investment in the common/collective trust as well as the adjustment of the investment in the common/collective trust from fair value to contract value relating to the investment contracts. The Statements of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires the Plan administrator and Plan management to make estimates and assumptions that affect the reported amount of net assets available for plan benefits. Such estimates and assumptions are subject to inherent uncertainties, which may result in actual amounts differing from reported amounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 6).

The Plan presents in the Statements of Changes in Net Assets Available for Benefits, the net investment gain from common/collective trust, which consists of interest, dividends, realized gains or losses and unrealized appreciation (depreciation) on that investment. The Plan presents in the Statements of Changes in Net Assets Available for Benefits, the net investment gain (loss) from registered investment companies, which consists of realized gains or losses and unrealized appreciation (depreciation) on those investments. Purchases and sales of securities are reflected on a trade-date basis. Interest and dividend income is recorded when earned.

Financial instruments, which subject the Plan to significant concentrations of credit risk, consist primarily of investments (see Note 5 for a summary of the Plan's investments).

Reclassification

For comparability, certain amounts from the prior year have been reclassified to conform with the current year's presentation.

Recent Accounting Pronouncements

In June 2009, the Financial Accounting Standards Board (FASB) issued the Accounting Standards Codification (Codification). Effective July 1, 2009, the Codification is the single source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP). The Codification is intended to reorganize, rather than change, existing GAAP. Accordingly, all references to currently existing GAAP have been removed and have been replaced with plain English explanations of the Plan's accounting policies. The adoption of the Codification had no impact on the Plan's financial position or results of operations.

3. PLAN TERMINATION

While the Employer has not expressed any intent to terminate the Plan, it is free to do so at any time. Upon termination of the Plan by the Employer, the accounts of the affected participants shall become fully vested, and assets remaining in the Plan shall be distributed to participants in proportion to their respective account balances.

4. TAX STATUS

The Employer adopted the Corbel Volume Submitter Profit Sharing 401(k) Plan and need not apply for a separate determination letter, but instead may rely on the opinion letter issued by the Internal Revenue Service (dated September 4, 2001) stating that employers who adopt the plan will be considered to have a plan qualified under Code section 401(a). Accordingly, the Plan's net investment income is exempt from tax.

5. INVESTMENT INFORMATION AND FINANCIAL SCHEDULES

The following is a summary of the unaudited investment information regarding the Plan, included in the Plan's financial statements, that was prepared by MG Trust Company, LLC, the Trustee of the Plan, and furnished to the Plan administrator (the Plan administrator has obtained certification from the Trustee that such information is complete and accurate). Investments that represent five percent (5%) or more of the Plan's net assets as of December 31, 2009 are separately identified.

6. FAIR VALUE MEASUREMENTS

Except as described in the following paragraph, the Plan adopted FASB ASC 820 (formerly FAS 157), *Fair Value Measurements*, which defines fair value as the price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. This accounting standard is intended to establish a common definition of fair value more consistent and comparable.

In February 2008, the FASB deferred the effective date of this accounting standard for one year for nonfinancial assets and nonfinancial liabilities that are recognized or disclosed at fair value in the financial statements on a nonrecurring basis. The Plan has no nonfinancial assets or liabilities.

A three-level fair value hierarchy has been established that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and lowest priority to unobservable inputs. The three levels of inputs used to measure fair value under this accounting standard are described as follows:

- Level 1 - Quoted prices in active markets that are accessible at the measurement date for identical assets or liabilities.
- Level 2 - Observable inputs other than quoted prices included within Level 1. Inputs that are principally derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

DURO BAG MFG. CO.
NEW JERSEY BARGAINING UNIT
RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2009 AND 2008

6. FAIR VALUE MEASUREMENTS (Continued)

- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value measurement of the assets or liabilities. These include certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies the Plan used for assets measured at fair value. Adoption of this accounting standard had no effect on the Plan's net assets available for benefits.

Registered investment companies (mutual funds): Valued at the net asset value (NAV) of shares held by the Plan at year end.

Common/collective trust (stable value fund): Valued at market values of the underlying investments based on information reported by the investment advisor using the audited financial statements of the common/collective trust at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value.

	DECEMBER 31, 2009			
	Level 1	Level 2	Level 3	Total

8. SUBSEQUENT EVENTS

The Plan's management evaluated the activity of the Plan through October 7, 2010 (the date the financial statements were available to be issued) and, except as described below, concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

The Plan was amended and restated in its entirety effective January 1, 2010. The amendment and restatement is intended to incorporate all necessary changes in law to meet the requirements of the Internal Revenue Code of 1986, as amended and ERISA. As a result, certain provisions may be retroactively effective.
