FUNCTIONAL PATHWAYS 401(K) PLAN

Notes to the Financial Statements

December 31, 2009 and 2008

(1) Description of plan

The following description of the Functional Pathways 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was adopted to provide retirement benefits for employees of Functional Pathways of Tennessee, LLC (the "Plan Sponsor"). The Plan covers substantially all full-time employees who are age twenty-one or older and have completed 249 hours within the first three months of employment or one year of service ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

(b) Contributions

Participants may voluntarily contribute elective salary deferrals to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. In order to participate, employees must make a minimum contribution of 1% of compensation. Participant contributions are permitted up to 70% of compensation.

The Plan Sponsor may make a discretionary match of elective salary deferrals. In addition to the discretionary match, the Sponsor may also make qualified non-elective contributions or qualified matching contributions as needed to help the Plan pass certain tests required by law. Unless indicated otherwise, a participant must be employed on the last day of the Plan year in order to receive discretionary matching contributions, qualified non-elective contributions or qualified matching contributions. During 2009, the Plan Sponsor matched an amount equal to 100% of each participant's contribution up to one half of 1% of compensation.

Total Plan Sponsor and elective deferral contributions for each participant, as determined above, may not exceed a maximum amount set annually by the IRC.

(c) Participant accounts

Each participant's account is credited (charged) with the participant's contributions, allocations of Plan Sponsor contributions, Plan earnings (losses), and administrative expenses. Allocations are based on participant's compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to the Financial Statements

December 31, 2009 and 2008

(d) Vesting

Participants are immediately vested in their contributions and any qualified non-elective contributions or qualified matching contributions by the Plan Sponsor, plus actual earnings (losses) thereon. Vesting in the Sponsor's discretionary matching contribution is based on years of continuous service. Participants vest ratably over five years after the first year of credited service.

(e) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant may elect to receive either a lump-sum payment or annual installments over a specified period equal to his or her entire account. For termination of service due to other reasons, a participant will be entitled to receive only the vested interest in his or her account as a lump-sum distribution.

(f) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. Such forfeitures reduce the Plan Sponsor's contributions to the Plan and offset Plan expenses. At December 31, 2009 and 2008, forfeited nonvested accounts totaled \$0 and \$4,580 respectively. Forfeitures in the amount of \$5,773 were used to reduce the employer match for 2009.

(g) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance.

(h) Administrative expenses

Certain plan administrative expenses are paid by the Plan Sponsor.

(i) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(j) Amendments

During 2009, the Plan was amended to comply with the Pension Protection Act of 2006, The Hero's Earnings Assistance and Relief Tax Act of 2008, provisions of the Emergency Economic Stabilization Act of 2008 known as the Heartland Disaster Relief Act of 2008, and the Worker, Retiree and Employer Recovery Act of 2008.

Notes to the Financial Statements

December 31, 2009 and 2008

(2) Summary of significant accounting policies

(a) Accounting Codification

On June 29, 2009, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Codification ("Codification" or "ASC") 105, *Generally Accepted Accounting Principles* ("ASC 105"). ASC 105 establishes the Codification as the sole source of authoritative accounting principles recognized by the FASB to be applied by non-governmental entities in the preparation of financial statements in accordance with generally accepted accounting principles in the United States ("GAAP"). Existing GAAP was not intended to be changed as a result of the Codification, and accordingly the change did not impact the financial statements. The ASC does change the way guidance is organized and presented.

(b) Basis of accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

(c) Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis.

(d) Payment of benefits

Benefits are recorded when paid.

(e) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

The Plan adopted ASC 855, *Subsequent Events*, which establishes general standards for disclosure of events that occur after the balance sheet date but before the financial statements are issued or available to be issued. The Plan has evaluated events and transactions that occurred between December 31, 2009 and October 11, 2010 which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

FUNCTIONAL PATHWAYS 401(K) PLAN

Notes to the Financial Statements

December 31, 2009 and 2008

(g) Reclassifications

Certain items in the 2008 financial statements have been reclassified to conform to the presentation of the 2009 financial statements. These reclassifications had no effect on net assets available for benefits as previously reported.

(3) Summary of information certified by custodian

The following information was certified as complete and accurate by Hartford Life Insurance Company ("Hartford"), custodian, as of December 31, 2009 and 2008 and for the year ended December 31, 2009.

	<u>2009</u>	<u>2008</u>
Investments, at fair value	\$ 2,060,020	\$ 1,080,412
Net change resulting from investment activity	480,560	

(4) Fair value measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

FUNCTIONAL PATHWAYS 401(K) PLAN

Notes to the Financial Statements

December 31, 2009 and 2008

- (i) *Pooled separate accounts:* Valued at net asset value, which is based on the market value of the underlying investments held by the pooled separate account at year end. The net asset value is not a publicly-quoted price in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

Fair Value Measurements as of December 31, 2009 using the following inputs

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

Notes to the Financial Statements

December 31, 2009 and 2008

(5) Investments

The following investments represent 5% or more of the Plan's net assets as of December 31, 2009 and 2008:

	<u>2009</u>	<u>2008</u>
American Century Small Cap Value	\$ 173,176	\$ 89,493
Oppenheimer Developing Markets	337,681	163,873
Franklin Utilities	**	75,141
Thornburg International Value	112,637	63,321
LifePath 2030 Fund	126,555	60,478
LifePath 2020 Fund	**	64,500
Federated Kaufmann	**	59,548

** Investment does not represent 5% or more of the Plan's net assets for the respective year.

(6) Excess contributions

Contributions received from participants and the Plan Sponsor for 2009 are net of payments of \$2,994 made to certain active participants to return to them excess deferral and matching contributions, as required to satisfy the relevant nondiscrimination provisions of the Plan.

(7) Income tax status

The Plan Sponsor adopted a prototype non-standardized profit sharing plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2008, which stated that the prototype plan was designed in accordance with the applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC. The Plan has been amended since the prototype plan received its determination letter. However, the Plan administrator believes that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC and is therefore, qualified and exempt from taxation.

(8) Untimely remittance of participant contributions

The Plan Sponsor is required by Department of Labor regulation to remit participant contributions as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. For contributions withheld, certain deposits totaling approximately \$2,337 have been considered untimely remittances.

(9) Related party transactions

Certain Plan investments are managed by Hartford Life Insurance Company, the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan paid administrative expenses to Hartford of \$1,725 during 2009.

Change in excess contributions refundable	<u>(5,532)</u>
Change in net assets available for benefits per the Form 5500	<u>\$ 979,608</u>

(11) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.
