Note 1 - Description of the Plan

The following description of the Southwest Texas Equipment Distributors, Inc. Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document or summary Plan description for more complete information

General

The Plan is a defined-contribution profit sharing plan covering substantially all the full-time employees of Southwest Texas Equipment Distributors, Inc. dba Mission Restaurant Supply (the Company or Employer). The Plan is designed to comply with the Employee Retirement Income Security Act of 1974, as amended (ERISA), and the Internal Revenue Code (IRC). In addition, the financial statements have been prepared in compliance with ERISA. The Plan is exposed to credit risk in the event of default by the financial institutions or issuer of the investments to the extent of the amounts recorded on the statements of net assets available for benefits. The Plan is administered by the Company and the recordkeeper, the Standard Insurance Company, and the assets of the Plan are held by the Trustee, Reliance Trust Company (the Trustee).

Eligibility

All employees of the Employer who are 21 years of age and have completed one year of service (more than 1,000 hours during a twelve month period) are eligible to participate in the Plan.

Employee contributions

Participating employees may elect to contribute from their compensation up to the maximum amount allowable not to exceed the limits of Code Sections 401(k), 404, and 415. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also make a rollover contribution from certain tax-qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer contributions

The Employer will make matching contributions to the account of each "eligible participant" in an amount equal to the sum of 100% of the amount of the participant's elective deferrals that do not exceed 3% of the participant's compensation, plus 50% of the amount of the participant's elective deferrals that exceed 3% of the participant's compensation but do not exceed 5% of the participant's compensation. The Employer may also make a discretionary profit sharing contribution to the Plan.

Note 1 - Description of the Plan - (Continued)

Vesting

Participants are immediately vested in their voluntary contributions and any actual earnings or losses thereon. Participants vesting in the Company's matching and discretionary portion of their accounts plus actual earnings or losses thereon, is based on continuous years of service as follows:

Years of Service	Percent Vested
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Upon death or disability, the member (or his/her beneficiary in case of his/her death) becomes 100% vested in the Plan. Upon reaching normal retirement age or after six years in the Plan, the member becomes 100% vested in the Plan.

Participant accounts

Each participant's account is credited with the participant's contributions and an allocation of the Employer's contributions and Plan earnings, and charged with an allocation of administrative expenses. Allocations of Plan earnings are based on a participant's account balance as a percentage of the total of participants' account balances and the allocation of forfeitures is based on the participant's compensation as a percent of the total participants' compensation.

Forfeitures

Forfeitures of terminated participants' nonvested account balances are used to reduce Employer contributions in the Plan year in which such forfeitures are determined to occur. Forfeited accounts available for the Employer to reduce future matching contributions totaled $5,289 and $16,260 as of December 31, 2009 and 2008, respectively. No forfeitures were applied in the reduction of matching contributions for the year ended December 31, 2009.

Note 1 - Description of the Plan - (Continued)

Payment of benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Upon death, disability, or retirement, a participant may elect to receive a lump-sum amount, a direct rollover to an eligible retirement plan, installments over a specified period of time, or a combination of a lump-sum cash payment and a direct rollover to an eligible retirement plan. Vested accounts less than $5,000 will be distributed in the form of a direct rollover to an individual retirement account unless the participant elects a lump sum payment or a direct rollover. Vested account balances less than $1,000 will be distributed in the form of a lump sum unless the participant elects a direct rollover.

Participant loans

Participant loans are not permitted under the Plan.

Administrative expenses

Administrative expenses are generally paid by the Employer. However, the Plan may pay transaction fees which are allocated to the specific participants initiating the transaction.

Investment options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers eleven fixed income or mutual fund accounts as investment options for participants.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of estimates

The preparation of the financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances.

Investments of the Plan are required to be reported at fair value as described in Note 4. Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Note 3 - Investments

The following presents investments that represented 5% or more of the Plan's net assets at December 31.

Note 4 - Fair Value Measurements

Fair value is defined as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. US GAAP also establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Note 4 - Fair Value Measurements - (Continued)

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

An asset or liability's classification within the fair value hierarchy is based on the lowest level of significant input to its valuation.

Fair value estimates are made at a specific point in time, based on available market information and judgments about the financial asset, including estimates of timing, amount of expected future cash flows and the credit standing of the issuer. In some cases, the fair value estimates cannot be substantiated by comparison to independent markets. The disclosed fair value may not be realized in the immediate settlement of the financial asset. In addition, the disclosed fair values do not reflect any premium or discount that could result from offering for sale at one time an entire holding of a particular financial asset. Potential taxes and other expenses that would be incurred in an actual sale or settlement are not reflected in amounts disclosed.

The following tables present the Plan's fair value hierarchy for those assets measured at fair value as of December 31.

		Fair Value Measurements 12/31/09 Using:		
Description	Total	(Level 1)	(Level 2)	(Level 3)
Short term investments	$ 181,197	$ 181,197	$ -	$ -
Mutual funds	3,058,586	3,058,586	-	-

Short term investments	$ 181,378	$ 181,378	$ -	$ -
Mutual funds	1,922,231	1,922,231	-	-
Total	$ 2,109,609	$ 2,109,609	$ -	$ -

Note 5 - Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 6 - Tax Status of the Plan

Effective March 31, 2008, the Employer amended the Plan and adopted the Volume Submitter Plan sponsored by Sungard Corbell LLC which had previously received a favorable determination letter from the Internal Revenue Service dated December 22, 2005, that states that the Volume Submitter Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7 - Information Certified by the Trustee (Unaudited)

The Plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Reliance Trust Company, the Trustee, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule. The Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate at December 31:

		2009		2008

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the Employer, and certain others. As such, transactions conducted by Reliance Trust Company and the Standard Insurance Company and their affiliates qualify as party-in-interest transactions.

Note 9 - Excess Contributions Payable

The excess contributions payable of $14,601 at December 31, 2008, relates to amounts payable to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan.
