Independent Auditors' Report

October 5, 2010

To The Plan Sponsor
PINDLER & PINDLER, INC. EMPLOYEES'
PROFIT SHARING PLAN
Moorpark, California

We have audited the financial statements and supplemental schedule of Pindler & Pindler, Inc. Employees' Profit Sharing Plan (the Plan) as of December 31, 2009 and 2008, and for the year ended December 31, 2009, as listed in the accompanying index. The financial statements and supplemental schedule are the responsibility of the Plan's management. Our responsibility is to express an opinion on the financial statements and supplemental schedule based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2009 and 2008, and the changes in net assets available for benefits for the year ended December 31, 2009, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule, as listed in the accompanying table of contents, referred to as "supplemental information", is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

PINDLER & PINDLER, INC.
EMPLOYEES' PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of Pindler & Pindler, Inc. Employees' Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and covers all employees not covered by other benefit plans under collective bargaining agreements. It was established by Pindler & Pindler, Inc. (the Employer), effective January 1, 1961. Employees become eligible to participate in the Plan after attaining 6 months of service during the Plan year. Employees are enrolled in the Plan on the first day of the Plan year in which such requirements are satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Employer may make discretionary contributions to the Plan in an amount determined by the Employer. The profit sharing contribution is allocated among the participants in proportion to each participant's compensation to total compensation of all participants.

Participants may contribute amounts representing distributions or rollovers from other qualified defined benefit or defined contribution plans to the Plan.

Participant Accounts

Each participant's account is credited with an allocation of (a) the Employer's contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of $50,000, reduced by the highest outstanding loan balance in the participant's account during the prior twelve-month period or 50 percent of their vested account balance. Loan terms range from 1 to 5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Withdrawals

The government places certain restrictions on withdrawals in order to retain the special tax-saving benefits associated with the Plan. The Plan allows withdrawals at retirement, disability, separation of service or upon death. Other withdrawals are available only in cases of immediate and heavy financial hardship, subject to Internal Revenue Service regulations.

Vesting

Benefits available to participants upon termination are composed of the participants' vested interest in the Employer's contributions, if any, and the related accumulated earnings. The Employer's contributions become vested and nonforfeitable at the rate of 16.66 percent for each year of service completed. Full vesting of the Employer's contributions occurs upon the completion of 6 years of service, death, permanent disability, or upon attainment of age 65 while an employee.

Benefit Payments

On termination of service due to retirement, death or permanent disability, a participant may elect to receive cash in one lump-sum payment or in installments equal to the value of the participant's vested interest in their account. In the event of a participant's death, payment of the vested value of the participant's account is made to his or her beneficiary in cash, in one lump-sum payment or in installments.

Forfeited Amounts

All forfeited Employer contributions are allocated to active Plan participants in the same manner as the Employer profit sharing contributions. As of December 31, 2009 and 2008, forfeited nonvested accounts approximated $16,000 and $37,000, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Investments and Valuation Techniques

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 5 for discussion of fair value measurements.

Shares of common and preferred stocks and government obligations are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Cash and cash equivalents and participant loans are recorded at cost, which approximates market value. The Plan's investments with mutual funds are comprised of readily marketable securities and non-marketable securities. Investments with readily marketable securities are valued at quoted market prices. Investments with non-marketable securities have been valued utilizing the net asset valuations provided by the underlying investment companies and/or their administrators.

Net appreciation in fair value of investments includes realized and unrealized gains and losses on investments sold or held during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Expenses

Substantially all of the expenses for the administration of the Plan are paid for by the Plan.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3 - INVESTMENTS

As of December 31, 2009 and 2008, the Federal Home Loan Bank Note, with a market value of $1,200,000 and $1,000,000, respectively, represented 5 percent or more of the plan's net assets.

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

Common and preferred stocks	$ 874,207
Government obligations	(35,829)
Mutual funds	151,245
	$ 989,623

NOTE 4 - TAX STATUS

The Plan obtained its latest determination letter on August 7, 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Employer believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2009. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 5 - FAIR VALUE MEASUREMENTS

Fair Value Measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in inactive markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

NOTE 5 - FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value as of December 31, 2009:

	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	$ 597,560	$ -	$ -	$ 597,560
Common and preferred stocks	4,090,395	-	-	4,090,395

Total investment assets at fair value	$ 7,622,032	$ -	$ 930,338	$ 8,552,370

Level 3 Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's level 3 investment assets for the year ended December 31, 2009:

	Mutual Funds	Participant Loans	Total
Balance, beginning of year	$ 751,288	$ 13,371	$ 764,659
Realized gains (losses)	-	-	-
Unrealized gains (losses) relating to instruments still held at the reporting date	151,245	-	151,245
Purchases, issuance and settlements – net	-	14,434	14,434
Balance, end of year	$ 902,533	$ 27,805	$ 930,338

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 - SUBSEQUENT EVENT

The date to which events occurring after December 31, 2009 have been evaluated for possible adjustment to the financial statements or disclosure is October 5, 2010, which is the date on which the financial statements were issued.
