ALCAN GLOBAL PHARMACEUTICAL PACKAGING
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2009 and 2008

1. Description of the plan

The following description of the Alcan Global Pharmaceutical Packaging Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established April 6, 1992, and amended and restated June 1, 2009, covering substantially all eligible non-collectively bargained employees of Alcan Global Pharmaceutical Packaging Inc. (the "Company"). Prior to June 1, 2009, two months of service was required for eligibility and, effective June 1, 2009, employees are eligible to participate immediately upon employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective May 14, 2009, Vanguard Fiduciary Trust Company was appointed trustee for the Plan. Prior to May 14, 2009, T. Rowe Price Trust Company was the appointed trustee for the Plan. This Plan is administered by the Board of Directors of the Company.

Contributions

Prior to June 1, 2009, participants could contribute up to 25% of eligible compensation, as defined, on a pretax basis to the Plan. Effective June 1, 2009, participants may contribute up to 50% of eligible compensation, as defined, to the Plan on a pretax basis and may elect to make after-tax contributions of up to 20% of eligible compensation. Participants that are fifty years of age or older may make catch-up contributions to the Plan. For each employee who becomes eligible to participate in the Plan on or after June 1, 2009, the Plan includes an automatic enrollment provision under which 3% of eligible earnings are deferred, unless otherwise elected by the participant. Deferrals for each participant hired on or after June 1, 2009 will automatically be increased by 1% annually to a maximum of 20%, unless otherwise elected by the participant. Participants hired prior to June 1, 2009 may elect to automatically increase their deferral amount by 1% annually up to a maximum of 20%. The Company makes a matching contribution in an amount ranging from 25% or 50%, as defined in the Plan, of each participant's contributions, including after-tax contributions. For purposes of matching, the Company will match participant contributions up to a maximum of 6% of eligible compensation. Effective November 1, 2009, catch up contributions are subject to matching. The Company will also make a Capital Accumulation Contribution ("CAC") for each participant in the amount of 3% of eligible compensation plus 3% of eligible compensation in excess of the Social Security taxable wage base. Contributions are subject to certain limitations.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant and Company contributions are invested as directed by each participant.

Participant accounts

Each participant's account is credited with the participant's elective and rollover contributions and an allocation of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings and account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants may change their self-directed investment options at any time.

Vesting

The participant is at all times fully vested in his or her pretax, after-tax and rollover accounts. The participant is fully vested in his or her employer matching account, using graduated vesting, after completing four years of service and is fully vested in his or her CAC account, using graduated vesting, after three years of service. Participants become 100% vested if separated from service due to retirement, death or disability.

Notwithstanding the above, each participant employed by the Company on June 1, 2009 became 100% vested in all accounts effective June 1, 2009.

Participant loans

A participant may borrow the lesser of \$50,000 or 50 percent of his or her vested account balance with a minimum loan amount of \$750. Loans are repayable through payroll deductions over a period decided by the participant, not to exceed 60 months, except for the purchase of a principal residence, in which the repayment period may not exceed 180 months. Interest is charged at prime plus 1%.

Payment of benefits

Upon death of a participant, benefits are paid to the participant's beneficiary in the form of a lump-sum distribution. Upon termination of service due to retirement, termination or disability, benefits are generally paid to the participant in the lump sum form. A participant may also elect to withdraw a portion of his or her pretax contribution account in the event of hardship. Participants, upon attainment of age 59 ½, may elect to receive in-service distributions. Participants may withdraw the full amount of after-tax contributions and rollover contributions at any time.

Funding policy

The Company generally remits employee deferral and company matching contributions on a payroll basis.

1. Description of plan (Continued)

Forfeited accounts

At December 31, 2009 and 2008, forfeited nonvested accounts totaled \$5,290 and \$11,466, respectively. These accounts will be used to reduce future employer contributions. During the year ended December 31, 2009, employer contributions were reduced by \$26,238 by forfeited accounts.

2. Summary of significant accounting policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Investment contracts held by a defined-contribution plan, including investments in common collective trusts which hold investments in fully-benefit responsive investment contracts, are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment in common trust funds, as well as the adjustment of the fully benefit-responsive contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on the contract value basis.

Investment valuation and income recognition

Investments are stated at fair value which is determined as follows: investments in shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the plan at year end. Investments in common trust funds are valued at unit value at year-end as determined by the fund's sponsor based upon the underlying assets. Participant loans are valued at cost which approximates fair value. Purchases and sales of securities are reflected on the trade dates. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of benefits

Benefits are recorded when paid.

2. Summary of significant accounting policies (Continued)

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from these estimates.

Risks and uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments securities and the level of uncertainty related to changes in the value of investments, it is reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Tax status

The Internal Revenue Service has determined and informed the Company by a letter, dated November 19, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's legal counsel believe that the plan is designed and currently being operated in compliance with applicable requirements of the IRC. Accordingly, there is no provision for income taxes in the accompanying financial statements.

The Plan adopted Financial Accounting Standards Board Accounting Standards Codification (ASC) Topic 740 *Accounting for Uncertainty in Income Taxes* effective January 1, 2009. This guidance clarifies the accounting for uncertainty in income taxes recognized in an entity's financial statements and prescribes a recognition threshold of more-likely-than-not to be sustained upon examination by the appropriate taxing authority. Measurement of the tax uncertainty occurs if the recognition threshold has been met. The guidance also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, and disclosure. Management has determined that the adoption of this guidance did not have a material impact on the financial statements. The Plan's policy is to recognize interest related to unrecognized tax benefits in interest expense and penalties in income tax expense.

Administrative expenses

The Company pays substantially all the administrative expenses of the Plan.

Subsequent events

The Plan has evaluated subsequent events through October 13, 2010, which is the date the financial statements were available to be issued.

3. Fair value of financial instruments

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring, reporting and disclosing fair value under generally accepted accounting principles. ASC 820 applies to all assets and liabilities that are measured, reported and/or disclosed on a fair value basis.

As defined in ASC 820, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Assets and liabilities measured, reported and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Quoted market prices in active markets for identical assets or liabilities. Level 1 includes mutual funds.

Level 2 - Observable market based inputs or unobservable inputs that are corroborated by market data. Level 2 includes common/collective funds.

Level 3 - Unobservable inputs that are not corroborated by market data. Level 3 includes participant loans.

3. Fair value of financial instruments (Continued)

The plan sponsor is responsible for the determination of fair value. Accordingly, they perform periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan sponsor has not historically adjusted the prices obtained from the pricing services. The table below presents the balances of assets measured at fair value on a recurring basis by level within the hierarchy as of December 31, 2009 and 2008.

Assets at fair value at December 31, 2009 were as follows:

4. Certified information

The following information certified by the trustees to be complete and accurate as of December 31, 2009 and 2008 and for the year ended December 31, 2009 was relied upon in the preparation of the financial statements and schedules:

- a. Investment asset amounts included in the Statements of Net Assets Available for Benefits as of December 31, 2009 and 2008 and Schedule of Assets (Held at End of Year) (Form 5500, Schedule H, 4i).
- b. Interest and dividend income and net appreciation in fair value of investments included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2009.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, no auditing procedures were performed with respect to the information certified as complete and accurate by the Trustees, except for comparing such information to information included in the financial statements.

5. Plan termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

6. Related party transactions

During 2009 and 2008, certain Plan assets were invested in shares of mutual funds managed by affiliates of Vanguard Fiduciary Trust Company and T. Rowe Price Trust Company. Vanguard Fiduciary Trust Company and T. Rowe Price Trust Company were trustees, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

7. Form 5500 and corrective contributions

During the year ended December 31, 2009, the Company corrected certain operational issues that resulted in errors related to employee deferrals and employer contributions to participant accounts in 2007, 2006 and 2004 under the Internal Revenue Service's Employee Plans Compliance Resolution System. As the Company was unable to accurately quantify these differences until 2008, Form 5500 for 2007 was filed after its extended due date and Forms 5500 for 2006, 2005 and 2004 were filed in 2008. The Company received a compliance statement dated April 23, 2010 from the Internal Revenue Service ("IRS") stating that the IRS will not pursue the sanction of revoking the Plan's tax-favored status on account of the failures described in its submission under the IRS's Compliance Resolution System.
