BCI Engineers & Scientists, Inc. Savings Plan
Notes to Financial Statements

NOTE A – Description of Plan

The following description of the BCI Engineers & Scientists, Inc. ("Company") Savings Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all full-time employees of the Company who have two months of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may defer up to 100% of their compensation not to exceed \$15,500 in a calendar year, as defined in the Plan. An additional \$5,000 may be made as "catch-up" contributions if the participant is age 50 by December 31, 2009. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers eight mutual funds, a bond, an index fund, a money market account, and a deposit account as investment options for participants. The Company contributes 100% of the first 4% of compensation contributed to the Plan by the participant. The matching Company contribution is invested at the discretion of the Plan participant according to the investment options offered above. Additional profit sharing amounts may be contributed at the option of the Company's board of directors.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after four years of credited service.

Participant Loans. Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of 50% of their vested account balance. The loans are BCI Engineers & Scientists, Inc. Savings Plan

BCI Engineers & Scientists, Inc. Savings Plan
Notes to Financial Statements

secured by the balance in the participant's account and bear interest at the rate of prime plus 1%, which are commensurate with local prevailing rates as determined at the time of the loan by the Plan administrator. A maximum loan period is 60 months and a participant can have a maximum of no more than 2 loans at one time. Principal and interest is paid ratably through monthly payroll deductions. Loans are due and payable in full upon termination of employment.

Payment of Benefits. On termination of service of a participant, payment of vested benefits for amounts exceeding \$5,000 will occur as soon as administratively feasible. Payments for vested benefits of more than \$1,000 but not to exceed \$5,000 must be rolled over to an IRA set up on the participant's behalf, unless otherwise requested. The plan administrator can force a distribution to a terminated participant when the vested benefit is \$5,000 or less whenever administratively feasible.

Forfeited Accounts. At December 31, 2009, there were no forfeited nonvested accounts. These accounts will be used first to pay ordinary and necessary plan administration expenses, and then to reduce future employer contributions.

NOTE B – Summary of Significant Accounting Policies

Estimates. The preparation of financial statements in conformity with generally accepted accounting principals requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting. As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the FSP, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

BCI Engineers & Scientists, Inc. Savings Plan
Notes to Financial Statements

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Participants loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

NOTE C – Investments

The following presents investments at December 31, 2009 and 2008 that represent 5% or more of the Plan's net assets.

	<u>2009</u>	<u>2008</u>
John Hancock LS-Balance	\$ 755,913	\$ 577,719
John Hancock LS-Growth	916,995	650,664
John Hancock Money Fund	63,105	375,343
John Hancock VS Nat Res	207,452	81,542

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$ 944,337 for the mutual funds held by the Plan.

Notes to Financial Statements

NOTE D – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE E – Reconciliation of Financial Statements to Schedule H of Form 5500

BCI Engineers & Scientists, Inc. Savings Plan
Notes to Financial Statements

NOTE F – Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

Net increase in fair value of investments	944,337	
Interest	4,384	
Contributions	746,635	
Deductions	443,624	

NOTE G – Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated August 12, 1986, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE H – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets available for benefits.
