1. DESCRIPTION OF PLAN

The following description of Plas-Pak Industries, Inc. 401(K) Profit Sharing Plan and Trust provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering all employees of the Company who have one year of service and whose age is 18 or older, and have reached either July 1st or January 1st following the date of hire. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions

Each year, participants may contribute the maximum amount of pretax income allowable by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributed 50 percent of the first 6 percent base compensation that a participant contributes to the Plan through February 7, 2009 and stopped all employer contributions subsequent to that date. The matching Company contribution is invested as directed by the participant.

An additional discretionary profit sharing contribution may be contributed by the Company and will be allocated among participants eligible to share in the contribution based on compensation received. The discretionary contribution was not made in 2009.

C. Participants Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and Plan earnings. Allocations are based on the participant's compensation or account balance as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited services.

1. DESCRIPTION OF PLAN (cont.)

E. Payment of Benefits

On termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a period of not more than assumed life expectancy.

F. Forfeitures

At December 31, 2009 and 2008, forfeited nonvested accounts totaled $ 9,878 and $ 8,957, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures, accordingly. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date.

Payments of Benefits

Benefits are recorded when paid.

3. INVESTMENTS

The Plan's investments are held in mutual funds administered by insurance companies. Investments that represent 5 percent or more of the Plan's net assets are separately identified.

The information certified includes total investments of $ 1,932,464 and $ 1,428,766 at December 31, 2009 and December 31, 2008, respectively, and related gains of $ 382,437 for the year ended December 31, 2009.
