401(k) PLAN**

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Mavis Tire Supply Corp. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan documents, the summary plan description and other publications previously distributed to them for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and covers all employees of Mavis Tire Supply Corp., including its wholly owned subsidiary Mavis Tire NY, Inc. (the "Sponsor"), who are age twenty-one or older and who have completed at least 1,000 hours of service during the first twelve months of employment or within any one calendar year.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan became effective January 1, 1995.

Contributions

Participant Contributions:

If participants elect, they can contribute into their account on a pretax basis no less than 1% nor more than 15% of their annual compensation subject to Internal Revenue Code ("IRC") limitations.

Employer Contributions:

Each year, the Sponsor contributes to the Plan an amount equal to 25% of the first 4% of each participant's pretax contributions. Additional amounts may be contributed at the discretion of the Sponsor.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in each participant's employer matching account plus investment income earned thereon is based on years of service. A participant vests 20% upon completion of 2 years of service with annual increments of 20% thereafter totaling 100% after six years. A participant that reaches the early retirement date, as defined, becomes fully vested. If a participant becomes permanently disabled, or in the event of death, the participant becomes fully vested.

**MAVIS TIRE SUPPLY CORP.
401(k) PLAN**

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Sponsor's matching contribution, and (b) the participant's share of realized and unrealized earnings (loss) on both Sponsor and employee contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, participants direct their contribution as well as employer contributions in investment accounts with common/collective trust funds, maintained by State Street Bank & Trust Company, and registered investment companies as identified in Note 3 to the financial statements.

Participants may change their investment options at any time.

Participant Loans

Pursuant to the Plan document, the Plan makes loans to participants of amounts no less than \$500 that do not exceed the lesser of \$50,000 or 50% of the participant's vested individual account balance. Loan repayment terms range from one to five years, although a longer repayment period is allowed if loan proceeds are used for the purchase of a primary residence. Principal and interest are paid back to the Plan through weekly payroll deductions. At December 31, 2009 interest rates range from 5.25% to 10.25%.

Payment of Benefits

Participants must receive their benefit in the form of a lump sum payment unless elected with their spouses' consent to receive installments over a certain period of time, not extending beyond the life expectancy of the participant or the joint life expectancy of the participant and the named beneficiary.

Active participants who have attained age 59-1/2 may withdraw any portion of their vested account from the Plan. Participants who have not attained age 59-1/2 may only withdraw a portion of their employee contributions in the case of financial hardship as defined under the Plan.

**MAVIS TIRE SUPPLY CORP.
401(k) PLAN**

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits (Continued)

In general, the payment of Plan benefits will be made as soon as practicable after the last day of the Plan year coinciding with the later of the date on which an employee attains retirement age or actually retires. Participants may however request the payment of benefits at any time after their termination of employment in which case payment will be made as soon as administratively feasible, provided the applicable consents are obtained.

Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment Valuation

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. The statement of net assets available for benefits presents the fair value of the investment in collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis. The Plan's investments are stated at fair value (Note 4). Participant loans are valued at their amortized balances, which approximate fair value.

**MAVIS TIRE SUPPLY CORP.
401(k) PLAN**

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Management of Trust Fund

State Street Bank & Trust Company has agreed to maintain custody of the Plan assets in various investment accounts.

Payment of Benefits

Benefits are recorded when paid.

Forfeitures

Forfeitures of non-vested accounts are used to reduce employer contributions. For the year ended December 31, 2009, employer contributions were reduced by \$3,214 from forfeited non-vested accounts. There were no forfeited non-vested accounts at December 31, 2009.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Sponsor without charge to the Plan.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Income Taxes

No provision for income taxes has been made as the Plan is qualified as a nontaxable entity under applicable sections of the IRC, pursuant to a determination letter from the Internal Revenue Service.

The Plan has determined that there are no uncertain tax positions which would require adjustments to or disclosure in the financial statements. The previously filed tax years that remain subject to Treasury Department examination are 2006, 2007, and 2008.

401(k) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3 - INVESTMENTS (UNAUDITED)

State Street Bank and Trust Company, the trustee / custodian of the Plan, holds the Plan's investment assets and executes transactions thereon. Financial information relating to those assets (exclusive of adjustments to contract value relating to fully benefit responsive investment contracts) is included in the accompanying financial statements and supplemental schedule based on information provided by the trustee / custodian. That information, which is unaudited, consists of substantially all of the Plan's assets as of December 31, 2009 and 2008 and investment income for the year ended December 31, 2009. The Plan Administrator has obtained certifications from the trustee that such information is complete and accurate.

Investments that represent 5% or more of the Plan's net assets available for benefits are as follows:

	Balance at December 31,	
	<u>2009</u>	<u>2008</u>
	<u>(Unaudited)</u>	<u>(Unaudited)</u>
SSGA Government Money Market Fund	\$ 561,933	\$ 458,570
SSGA Active US Large Cap Blend Fund	667,642	517,283
SSGA S&P 500 Equity Index Fund	691,096	472,853
SSGA Stable Value Fund	1,026,539 *	915,620 *
Participant Loans Receivable	337,439	374,147

* This represents contract value for this investment.

NOTE 4 - FAIR VALUE MEASUREMENTS (UNAUDITED)

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

**MAVIS TIRE SUPPLY CORP.
401(k) PLAN**

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008:

Mutual funds and money market funds: Valued at the net asset value of shares held by the Plan at year end.

Common/collective trust: Valued based on the net asset value of the collective trust's underlying investments as based on information reported by the trustee. One of the common collective trust investments, which is a stable value fund, has an investment objective to maintain a constant net asset value. Generally, there are no restrictions on a participant's ability to redeem their investment in a common collective trust. However, withdrawal prompted by certain events (e.g., exposure to additional credit risk, insolvency, bankruptcy, or other reorganization) may restrict a participant's ability to redeem the investment.

**MAVIS TIRE SUPPLY CORP.
401(k) PLAN**

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

Participant loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5 - TAX STATUS

The Internal Revenue Service has determined and informed the prototype sponsor by a letter dated November 6, 2001 that the form of the amended prototype Plan adopted by the Sponsor is acceptable under the applicable sections of the IRC. The Sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 6 - PARTY IN INTEREST TRANSACTIONS

Certain plan investments are shares of common/collective trusts managed by State Street Bank & Trust Company, the trustee of the Plan. Accordingly, these transactions qualify as party in interest transactions.

NOTE 7 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.
