We were engaged to audit the financial statements and supplemental schedules of the Hunt Real Estate Corporation 401(K) Plan ("Plan") as of December 31, 2009 and 2008, and for the years then ended, as listed in the accompanying contents. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Principal Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2009 and 2008, and for the years then ended, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Hunt Real Estate Corporation
401(K) Plan

Notes to Financial Statements

1. Description of the Plan

The following plan description of the Hunt Real Estate Corporation ("Hunt") 401(K) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(K) profit sharing plan available to qualifying employees of Hunt, Hunt's subsidiary: Hunt Mortgage Corporation, and certain affiliated companies: Fisher Homes, LLC, Network Title Agency of New York, Hunt Florida Real Estate, LLC, and Hunt-Commercial Real Estate Corporation of Buffalo (each an "Employer", together the "Company"). Hunt is the plan sponsor and plan administrator of the Plan. To be eligible to participate in the Plan, an employee must have attained the age of 21 and have completed at least one year of entry service of 1,000 hours or more. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, up to the maximum allowable under the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 25 pooled separate accounts and one guaranteed interest account as investment options for participants. During 2008, the employer contributed 30% of the first 6% of base compensation that a participant contributed to the Plan. The matching employer contribution was invested into various investment options as directed by the individual participant. Effective January 1, 2009, the Plan was amended to remove the non-discretionary match provision and to institute a discretionary match. The Employers did not elect to contribute in 2009.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Employer's contribution, if any, and Plan earnings thereon and charged with an allocation of certain administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their total account.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.25%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, due to death, disability, retirement or separation, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or monthly installment payments under various options. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

Investment contracts held by a defined-contribution plan are required to be reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investments in the guaranteed interest account are not fully-benefit responsive and are stated at fair value. The Plan's investments in the pooled separate accounts are stated at fair value. Participant loans are valued at their outstanding balances, which approximates fair value. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. In accordance with the policy of stating investments at fair value, net appreciation or depreciation for the year (including both realized and unrealized gains and losses) is reflected in the statements of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2010, the date on which the financial statements were available to be issued.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses are paid by either the Plan or the Employers depending upon the nature of the expense. Direct participant transaction specific expenses are charged to the specific participant account. General administrative and recordkeeping fees paid by the Plan are allocated to each participant account based on the ratio of participant balance to the entire Plan balance at the time that the fee is incurred.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Investments

The fair market value of individual investments that represent 5% or more of the Plan's net assets are as follows (such information has also been certified by the custodian of the Plan):

December 31,	**2009**	2008
Large Cap S&P 500 Index Account	**$ 581,809**	$ 536,561

4. Information Certified by the Plan's Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

December 31,	**2009**	2008
Guaranteed interest account	**$ 337,841**	$ 345,765
Pooled separate accounts	**5,660,955**	4,542,323

Years Ended December 31,	**2009**	2008
Net appreciation (depreciation) in fair market value of pooled separate accounts	**$ 1,054,241**	$ (2,391,822)
Net (depreciation) appreciation in fair market value of guaranteed interest account	**(2,165)**	903
Interest from guaranteed interest account	**11,829**	8,913

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

5. Related Party Transactions

Certain Plan investments are units of pooled separate accounts and a guaranteed interest account managed by Principal Life Insurance Company. Principal Life Insurance Company is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan to the custodian amounted to $2,965 and $2,028 for the years ended December 31, 2009 and 2008, respectively.

6. Plan Termination

Although it has not expressed any intent to do so, Hunt has the right under the Plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their account balances.

7. Tax Status

The Plan was based on the Prototype Profit Sharing Plan with CODA of Principal Life Insurance Company, the custodian of the Plan, which received a determination letter from the Internal Revenue Service (IRS) dated July 22, 2003 stating that the Prototype Plan was designed in accordance with the provisions of the Internal Revenue Code (IRC) including provisions to comply with recent legislation (GUST). Effective July 1, 2009, the Plan was amended and restated as an individually designed plan in accordance with changes required by the Economic Growth and Tax Relief Reconciliation Act (EGTRRA), the Pension Protection Act (PPA) and other subsequent laws, regulations and IRS guidance. The Plan has not yet received a determination letter from the IRS. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

8. Fair Value Measurements

Financial Accounting Standards Board ("FASB") *Accounting Standards Codification* ("ASC") 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2009 and 2008. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Pooled separate accounts - valued based on the underlying investments in the pooled separate account. Almost all of the pooled separate accounts invest in securities. The majority of the underlying securities have observable level 1 or 2 pricing inputs, including quoted prices for similar assets in active or non-active markets.

The U.S. property account is a pooled separate account that invests mainly in commercial real estate and includes mortgage loans which are backed by the associated properties. These underlying real estate investments have unobservable level 3 pricing inputs. The custodian has put a withdrawal limitation into place on the U.S. property pooled separate account.

Participant loans - valued at unpaid balances which approximates fair value. There is no existing external exit market for these loans as all transactions are restricted to participants and the plan sponsor. These loans can not be assumed or sold to outside parties. There is no credit risk involved with these loans as any participant defaults are then deemed taxable distributions to the participant.

Guaranteed interest account - valued at fair value which is the amount plan participants or plan sponsors would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity.

Cash surrender value of life insurance - valued at the net cash value of the underlying life insurance policies.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2009 and 2008:

	Fair Value Measurements at Reporting Date Using:			
December 31, 2009	*Fair Value*	*Level 1*	*Level 2*	*Level 3*

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. Nonexempt Transactions

During the Plan year ended December 31, 2009, employee withholdings in the amount of $3,356 were not remitted within the appropriate time period by the Company. These transactions constitute prohibited transactions as defined by ERISA. The Company is aware of the occurrence and has taken the appropriate steps to correct the situation. In 2009, the Company computed the lost earnings on these late deposits and subsequently remitted the deposits and made a contribution of the lost earnings to the Plan.

During the Plan year ended December 31, 2008, employee withholdings in the amount of $3,415 were not remitted within the appropriate time period by the Company. These transactions constitute prohibited transactions as defined by ERISA. The Company is aware of the occurrence and has taken the appropriate steps to correct the situation. In 2008, the Company computed the lost earnings on these late deposits and subsequently remitted the deposits and made a contribution of the lost earnings to the Plan.
