NOTE 1—DESCRIPTION OF THE PLAN

The following description of the Fluoro-Seal International 401(k) Savings Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan was established on January 1, 1990 as a defined contribution plan under Section 401(k) of the Internal Revenue Code of 1986, as amended ("the IRC"). Since 2006, the assets of the Plan have been held by American United Life Insurance Company (AUL or "the Custodian") and are invested by them. The Plan is a defined contribution plan covering substantially all salaried employees at Fluoro-Seal International ("the Company") who have completed at least one year and 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Company is the sponsor of the Plan and an employee serves as the Plan administrator.

Contributions

Eligible employees may elect to make salary deferral contributions to the Plan on the effective date of participation and on the first day of any payroll period. Salary deferral elections may be modified on the first day of any payroll period. Prior to the amendment adopted May 1, 2008, participants were limited to an entry or change date of the first day of every quarter. Participants may elect salary deferrals up to the maximum allowed by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make a discretionary matching contribution to each eligible participant based on his or her compensation and elective deferrals, not to exceed 4% of the participant's compensation. The Company may also make discretionary profit sharing contributions. If the Company elects to make a discretionary profit sharing contribution, employees must have worked at least 1,000 hours during the year and be employed on the last day of the plan year. Effective January 1, 2004, the Company elected to include Safe Harbor provisions in the Plan. Under such provisions, the Company makes a non-elective contribution equal to 3% of each eligible participant's compensation, whether or not the employee made elective contributions into the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) investment income or loss, and charged with an allocation of administrative expenses. Investment income or loss allocations are based on individual participant account balances as of the end of the day in which the income or loss was earned.

Vesting

Participants are immediately 100% vested in their contributions and earnings thereon. Vesting in the participant's portion of the Company's discretionary matching contributions plus actual earnings thereon is based on years of continuous service. For Company discretionary matching contributions made after January 1, 2002, a participant is vested in the following percentages based upon years of credited service: 20% after two years, 40% after three years, 60% after four years, 80% after five years, and 100% after six years. For Company discretionary matching contributions made before January 1, 2002, a participant is vested in the following percentages based upon years of credited service: 20% after three years, 40% after four years, 60% after five years, 80% after six years, and 100% after seven years. For Company Safe Harbor contributions, a participant is vested 100%; however, withdrawals will only be permitted in the event of death, disability, retirement, termination of employment, or attainment of age 59½.

Forfeitures

Forfeited balances of terminated participants' nonvested accounts are used to reduce administrative expenses of the Plan and future Company contributions.

Payment of Benefits

The Plan is intended for long-term savings but provides for early withdrawals and loan arrangements under certain conditions. Upon termination of service, a participant may elect to receive any of the optional forms of benefits available under the Plan equal to the amount of benefits in his or her account.

Participant Loans

Loans may be granted to Plan participants upon approval by the administrator. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from

8.5% to 9.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions. Interest on loans is allocated to the borrower's participant account.

Automatic Enrollment

The Plan was amended in October 2008 to allow for automatic participant enrollment. Unless an employee chooses to opt out of the Plan, they will automatically be enrolled upon achieving eligibility in the Plan with a contribution rate of 3% of their compensation. The contributions are invested in a money market account until the participant changes his investment election.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Management has evaluated subsequent events through October 13, 2010, the date which the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan are allocated to participants' accounts. Loan setup fees, loan carrying fees and termination handling fees are paid by the participant from the Plan assets.

NOTE 3—FEDERAL INCOME TAX STATUS

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 4—INVESTMENTS

The following investments held at year end of 2009 and 2008 each represent 5 percent or more of the Plan's net assets:

	2009		2008

One America Money Market Fund	1,245,159		961,907	

* Value less than 5% but included for comparison purposes

NOTE 5—FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) *820, Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on

available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end. The fair value of self-directed brokerage accounts is based on the quoted values of the underlying assets as of year end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements

Investments in the insurance company general account are valued at contract value (principal invested plus interest earned). The trustee believes the contract value is an appropriate determination of fair value.

Level 3 Fair Value Measurements

The fair value of participant loans approximates the amortized cost of the loans because the loans are secured by each respective participant's account balance.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

Assets at Fair Value as of December 31, 2009

	Level 1	Level 2	Level 3
Mutual Funds	$ 3,884,248	$ -	$ -
Insurance Company General Account	-	1,102,748	-
Self-Directed Accounts	103,284	-	-
Participant Loans	-	-	303,151
Total Investments	$ 3,987,532	$ 1,102,748	$ 303,151

Assets at Fair Value as of December 31, 2008

	Level 1	Level 2	Level 3
Mutual Funds	$ 3,488,146	$ -	$ -
Insurance Company General Account	-	905,849	-
Self-Directed Accounts	52,435	-	-
Participant Loans	-	-	219,922
Total Investments	$ 3,540,581	$ 905,849	$ 219,922

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2009:

Level 3 Assets	
Balance as of December 31, 2008	$ 219,922
New loans issued	185,175
Payments on loan balances	(101,946)
Balance as of December 31, 2009	$ 303,151

NOTE 6—PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7—RISKS AND UNCERTAINTIES

The Plan provides for various investments in equity funds and other funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term.

NOTE 8—FORFEITURES

At December 31, 2009, forfeited non-vested accounts totaled $3,269. These accounts will be used to reduce future administrative expenses of the Plan and Company contributions. During 2009, $3,972 of forfeited funds were used for Plan expenses.

NOTE 9—ADMINISTRATIVE EXPENSES

The Company paid $6,310 for Plan expenses during 2009.

NOTE 10—INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

a. Investments, as shown in the statements of net assets available for plan benefits as of December 31, 2009 and 2008.
b. Investment income, as shown in the statement of changes in net assets available for plan benefits for the year ended December 31, 2009.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

The custodian has reversed the amount from the beginning balances on the 2009 Form 5500, and plans to file an amended Form 5500 for 2008 which excludes those contributions.

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
