We were engaged to audit the financial statements of Hoak Media 401(k) Plan (the "Plan") as of December 31, 2009 and for the year ended December 31, 2009, and the supplemental schedule as of December 31, 2009, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2008 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to information certified by State Street Bank and Trust Company, the trustee of the Plan. Their report, dated October 15, 2009, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by State Street Bank and Trust Company and JP Morgan Chase Bank, the trustees of the Plan, except for comparing such information with the related information included in the 2009 financial statements and supplemental schedule. We have been informed by the plan administrator that State Street Bank and Trust Company held the Plan's investment assets as of December 31, 2008 and January 5, 2009 and executed investment transactions from January 1, 2009 to January 5, 2009, and JP Morgan Chase Bank held the Plan's investment assets and executed investment transactions from January 6, 2009 to December 31, 2009. The plan administrator has obtained certifications from the trustees as of December 31, 2008, for the period from January 1, 2009 to January 5, 2009 and for the period ended December 31, 2009, that the information provided to the plan administrator by the trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2009 financial statements and supplemental schedule taken as a whole. The form and content of the information included in the 2009 financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America established by the American Institute of Certified Public Accountants and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Hoak Media 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2009

NOTE A - DESCRIPTION OF THE PLAN

The following description of Hoak Media 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Hoak Media, LLC and subsidiaries (the "Company" or "Employer") who have six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute from 1% to 90% of pretax annual wages, as defined by the Plan. Contributions are subject to Internal Revenue Service ("IRS") limitations, (\$16,500 and \$15,500 for 2009 and 2008, respectively). Participants may also contribute amounts representing distributions from other qualified plans, and participants age 50 or older can make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. Employee contributions are recorded during the period in which the Company makes payroll deductions from the participant's earnings.

Prior to March 1, 2009, the Company contributed 50% of a participant's contributions, provided that such amount was on the first 6% of a participant's base compensation.

Effective March 1, 2009, the Plan was amended to cease the Company matching contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's matching contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Plan earnings and losses are credited to each participant's account on a daily basis.

NOTE A - DESCRIPTION OF THE PLAN - Continued

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching contributions, and actual earnings thereon, is based on years of service in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Payment of Benefits

Distribution of a participant's vested account balance is available upon the participant's retirement, death, disability, termination of employment, or attainment of age 59½, or for a financial hardship meeting the requirements of the Internal Revenue Code ("IRC"). Distributions are made in a lump-sum amount, regular periodic payments, a direct rollover, or a combination thereof. As of December 31, 2009 and 2008, there were no amounts due to participants who had elected to withdraw from the Plan and requested payment of benefits but had not yet been paid.

Forfeitures

At December 31, 2009, forfeited non-vested accounts totaled \$4,154. Forfeitures are used to pay administrative expenses and to reduce future Employer contributions. During the year ended December 31, 2009, \$2,016 of forfeitures were used to reduce the Employer's contributions.

Participant Loans

The Plan provides for loans to participants from their fund accounts in amounts limited to a minimum of \$500 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. The loans are secured by the balance in the participant's account and bear interest rates that range from 5.25% to 10.25%. The interest rate for a loan is the prime rate in effect in the month the loan is effective, plus two percentage points. Repayment periods for participant loans are generally not to exceed five years unless the loan is for the purchase of the participant's principal residence, in which case must be repaid in thirty years. Principal and interest are repaid through monthly payroll deductions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from the trustees of the Plan that the investment information and related activity included in the accompanying financial statements and supplemental schedule is complete and accurate. Information included in the accompanying financial statements and supplemental schedule as to investments in the trust fund administered by the Company and investment income is presented in reliance solely upon these certifications.

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds: Valued at the closing price reported in the active market in which the individual funds are traded or the net asset value ("NAV") of shares held by the Plan at year end.

Common collective trusts: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Government money market fund: Equates to cash equivalents, which approximates fair value.

Participant loans: Valued at amortized cost, which approximates fair value.

NOTE D - FAIR VALUE MEASUREMENTS - Continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2009 and 2008:

<u>Investments at Fair Value as of December 31, 2009</u>

NOTE E - RELATED-PARTY TRANSACTIONS

The Plan invests in loans to participants, which qualify as parties-in-interest to the Plan and are exempt from prohibited transaction rules. The Company provides certain administrative services at no cost to the Plan.

NOTE F - PLAN TERMINATION

While there is no intention to do so, the Company reserves the right to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, the participants will become fully vested in their Employer contribution balances, and the net assets of the Plan will be distributed to the participants of the Plan in accordance with the provisions of ERISA.

NOTE G - TAX STATUS

The Plan operates under a standardized adoption agreement in connection with a prototype 401(k) and profit sharing plan sponsored by ADP Retirement Services. This prototype plan document has been filed with the appropriate agency and has obtained an opinion letter dated March 31, 2008 from the IRS stating that the prototype constitutes a qualified plan under section 401 of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Less: Excess contributions payable at December 31, 2008	<u>(23,026)</u>
Net increase per Form 5500	<u>\$1,366,191</u>

NOTE J - EXCESS CONTRIBUTIONS

The IRC attempts to ensure that participants at all levels of income share the tax advantages of the Plan proportionally. The amounts accrued as excess contributions payable at December 31, 2009 and 2008 represent contributions exceeding the allowed limits, which were refunded to participants subsequent to the Plan year end.

NOTE K - SUBSEQUENT EVENTS

Effective February 1, 2010, the Company reinstated its matching contributions to the Plan.

The Plan has evaluated subsequent events through October 4, 2010, the date the financial statements were available to be issued, and has identified no other items for disclosure or adjustment to the financial statements.
