As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company in Boston, Massachusetts, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee, as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedule taken as a whole. The form and content of the information included in the financial statements and the supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

## **NOTES TO FINANCIAL STATEMENTS**

December 31, 2009 and 2008

---

### ***Note 1 – Plan Description***

The following description of the Atlas Plus 401(k) Profit Sharing and Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

#### **General**

The Plan is a defined contribution plan sponsored by Atlas Machine & Supply, Inc. (Company), which covers all employees of the Company who have attained three months of service, except employees covered by a collective bargaining agreement, leased employees, and nonresident aliens. The Plan is subject to the provisions of ERISA.

#### **Contributions**

Through automatic enrollment, the participant will contribute three percent of his or her eligible earnings (as defined by the Plan) on a before-tax basis. Once enrolled, participants may elect to increase, decrease, or stop their contributions at any time with the change effective as soon as administratively possible.

Each year, participants may contribute up to 60 percent of their eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual fund accounts for participants. Participants may change their investment options daily. The Company may contribute a matching amount which is discretionary and is decided by the Board of Directors. Contributions are subject to certain limitations.

#### **Participant Accounts**

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### **Vesting**

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100 percent vested after five years of service.

### ***Note 1 – Plan Description (Continued)***

#### **Payment of Benefits**

On termination of service due to death, disability, termination, or retirement, a participant receives a lump-sum amount or installment payments equal to the value of the participant's vested interest in his or her account. Participants may request a hardship withdrawal of a portion of their account attributable to participant deferrals. Any hardship withdrawal is limited to the amount needed to meet the financial need.

#### **Forfeited Accounts**

At December 31, 2009 and 2008, forfeited non-vested accounts totaled \$4,654 and \$7,295, respectively. These accounts will be used to reduce future employer contributions or to pay operating expenses of the Plan.

### ***Note 2 – Summary of Accounting Policies***

#### **Basis of Accounting**

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

#### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### ***Note 2 – Summary of Accounting Policies (Continued)***

##### **Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investments in common or collective investment trusts are valued at the purchase or redemption price of the shares of participation as determined by Fidelity Trust Management Company and are based on the quoted market value of the underlying investments in the trust. The value is determined by using the information reported by the investment advisor using audited financial statements of the collective trust at year-end.

##### **Payment of Benefits**

Benefits are recorded when paid.

##### **Administrative Expenses**

All expenses of maintaining the Plan are paid by the Plan.

##### **Subsequent Events**

The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, the date the financial statements were available to be issued.

##### **Recently Issued Accounting Standards**

###### **Uncertain Tax Positions**

The Financial Accounting Standards Board (FASB) issued new guidance on accounting for uncertainty in income taxes. The Plan adopted this new guidance for the year ended December 31, 2009. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

##### Improving Disclosures about Fair Value Measurements

In April 2009, FASB issued an amendment “Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly”. This amendment clarifies how fair value should be determined when volume and level of activity have significantly declined. It also requires disclosure of inputs and valuation techniques used to measure fair value and discussion of changes in valuation techniques and related inputs, if any, and includes guidance on determining major security type for debt and equity securities required to be disclosed on the basis of “nature and risks” of the investments. This amendment was effective for periods ended after June 16, 2009.

In January 2010, FASB issued an amendment “Fair Value Measurements and Disclosures – Improving Disclosures about Fair Value Measurements”, which requires new disclosures and reasons for transfers of financial assets and liabilities between Levels 1 and 2. This amendment also clarifies that fair value measurement disclosures are required for each class of financial assets and liabilities, and those disclosures should include a discussion of inputs and valuation techniques. It further clarifies that the reconciliation of Level 3 measurements should separately present purchases, sales, issuances, and settlements instead of netting these changes.

With respect to matters other than Level 3 measurements, the amendment was effective and not yet adopted for periods beginning on or after December 15, 2009. The guidance related to Level 3 measurements is effective for periods beginning on or after December 31, 2010 and has not yet been adopted. We are currently evaluating the impact of the guidance related to Level 3 measurements on our disclosures.

### ***Note 3 – Summary of Financial Data Certified by the Trustee (Continued)***

The trustee maintains the Plan's financial data on the modified accrual basis of accounting. Differences between the data summarized above and that included in the accompanying financial statements have resulted from contributions receivable not being recorded by the trustee until received.

### ***Note 4 – Investments***

The following presents investments that represent five percent or more of the Plan's net assets.

	<u>2009</u>	<u>2008</u>
Fidelity Fund	804,446	*
Fidelity Magellan Fund	1,260,876	1,068,785
Fidelity Contrafund	2,134,058	1,717,106
Fidelity Growth Company Fund	1,902,351	1,609,387
Fidelity Diversified International Fund	482,068	*

\* The investment does not represent five percent or more of the Plan's net assets.

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Mutual Funds	<u>2,353,696</u>
--------------	------------------

### ***Note 5 – Fair Value Measurements***

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

## **NOTES TO FINANCIAL STATEMENTS**

December 31, 2009 and 2008

---

### ***Note 5 – Fair Value Measurements (Continued)***

#### **Level 2**

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

#### **Level 3**

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

*Mutual funds:* Valued at the net asset value (NAV) of shares held by the Plan at year-end.

*Common collective trust:* Valued at the purchase or redemption price of the shares of participation and based on quoted market value of the underlying investments in the trust.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

#### ***Note 6 – Related Party Transactions***

Certain Plan investments consist of shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan. These transactions have been disclosed as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$19,771 and \$19,035 for the years ended December 31, 2009 and 2008, respectively.

The Company provides certain administrative services at no cost to the Plan.

#### ***Note 7 – Plan Termination***

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

#### ***Note 8 – Tax Status***

The Internal Revenue Service has determined and informed the Company by letter dated August 11, 1997, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although, the Plan has been amended since receiving the determination letter, the Plan's administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

#### ***Note 9 – Risks and Uncertainties***

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
