401 (k) Plan for Union Employees

We have audited the accompanying statements of Net Assets Available for Benefits of the Nathel and Nathel, Inc. 401(k) Plan for Union Employees as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2009 and 2008, and the changes in its net assets available for benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

NOTE 1. Description of Plan

The following description of the Nathel & Nathel, Inc. 401(k) Plan for Union Employees (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan created under a Trust Agreement that covers all regular union employees of Nathel & Nathel, Inc. (the "Company"). Employees above 21 years old are eligible to participate the Plan beginning on the first day of the month following one (1) year of employment.

The Plan is commonly known as a Code Section 401(k) profit sharing plan. The Plan is subject to the provisions of Title 1 of the Employee Retirement Income Security Act of 1974 ("ERISA"), regulations issued by the Department of Labor and the provisions of the Internal Revenue Code (the "Code").

Contributions – Each year, participants may contribute up to 70% of pretax compensation each year, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers approximately twenty (20) mutual funds and a trust fund as investment options for participants. The Company may make a discretionary matching contribution equal to a uniform percentage of the amount of the salary reduction elected to defer as well as a discretionary profit sharing contribution.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Participants are vested in the Company's contribution portion of their accounts at the date of participation based upon their years of service. An employee is 100% vested in the employer contribution after six (6) years of service.

Participant accounts – Each participant's account is credited with participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled the benefit that can be provided from the participant's vested account.

In-service Distributions – A participant may withdraw money from their account prior to normal distribution in the event that certain financial hardship conditions are satisfied.

Payment of benefits – On termination of service, a participant with an account valued at less than or equal to $5,000.00 shall receive a lump sum distribution. If the balance is greater than $5,000.00 it is automatically rolled over unless the participant directs otherwise. For accounts exceeding $5,000.00 the participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or purchase another type of annuity. Participants may also choose to leave his or her vested interest in the Plan. For termination of service due to death, the Plan is required to pay out the entire balance of a participant's account by the end of the year following the of death if beneficiary is other than spouse, unless benefits had already commenced prior to his or her death or if benefits are commenced to his or her beneficiary within one year of his or her death.

NOTE 2. Summary of significant accounting policies

Basis of accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Payment of benefits – Benefits are recorded when paid.

Administrative expenses – Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits.

Investment valuation and income recognition – The Plan's investments are state at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value shares held by the Plan at year-end. Units of the Retirement Savings Trust are valued at net asset value at year-end. Participant loan receivables are valued at cost which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income.
