INDEPENDENT AUDITORS' REPORT

To the Trustees and Participants
Hartzell Propeller, Inc.
Defined Benefit Pension Plan.

We were engaged to audit the financial statements and supplemental schedules of the Hartzell Propeller, Inc. Defined Benefit Pension Plan (the "Plan"), as of December 31, 2009, and for the year then ended, as listed in the accompanying index. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Exeter Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of and for the year ended December 31, 2009, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The financial statements of the Plan as of December 31, 2008 were audited by other auditors, and in their report dated October 8, 2009, they expressed their opinion that such financial statements presented fairly, in all material respects, the financial status of the Plan as of December 31, 2008, in conformity with accounting principles generally accepted in the United States of America.

(the "Company") who have attained the age of 21 and completed one full year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions and Funding Policy

The Company's funding policy is to, at a minimum, contribute an amount as determined by the Plan's actuary that will be sufficient to maintain the minimum funding standard in accordance with ERISA. The sponsor may make discretionary contributions above this amount. Contributions amounting to \$1,027,531 and \$604,903 were made for the years ended December 31, 2009 and 2008, respectively.

Pension Benefits

Participants with five full years of service, as defined by the Plan, are entitled to monthly payments for life beginning at normal retirement age of 65. Participants may elect to receive their normal pension benefits in the form of a qualified joint and survivor benefit of 50%, five-to-life, ten-to-life, and twenty-to-life pension. After age 55 and five years of service, a participant may elect early retirement.

Benefits under the Plan are based on 0.5% of the employees' average monthly compensation times total years of benefit service, plus 0.25% of average monthly compensation above the social security base multiplied by the years of benefit service up to a maximum of 35.

Effective December 1, 2009, any Participant who is employed by the Company, completes an agreement to participate in the program, is at least 61 years of age on or before December 31, 2010 and actually terminates employment with the Company on or before December 31, 2010 shall receive an additional six months of service, be aged an additional six months and become 100% vested when determining the pension benefits.

Death and Disability Benefits

Joint and 50% survivor coverage is automatic for the spouse of any vested participant regardless of age. Benefits are payable after the later of the participant's death or the date the participant would have reached the earliest permissible retirement age.

Participants who become permanently disabled will receive benefits commencing on the normal retirement date.

Vesting

Participants become 100% vested in accrued benefits after five years of credited service.

Administrative Expenses

Trustee fees are paid by the Plan. Other administrative expenses, such as legal and professional fees and Pension Benefit Guarantee Corporation ("PBGC") premiums, are paid by the Company.

Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth by ERISA. In the event the Plan terminates, the pension fund would be applied to purchase participants' accrued benefits as set forth by the plan document.

If the Plan terminates, certain benefits are insured by the PBGC. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

Information about the Plan, including present and future benefits, vesting and PBGC benefit guarantee provisions is contained in a summary document available from the Plan Sponsor.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may vary from those estimates.

HARTZELL PROPELLER, INC.
DEFINED BENEFIT PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2009 and 2008

Fair Value of Financial Instruments

Fair value estimates are made at a specific point in time based on relevant market information about the financial instrument. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

As required by the Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC"), the Plan adopted the new standard related to financial assets and liabilities effective January 1, 2008. Effective January 1, 2009, the Plan also adopted the required standards related to non-financial assets and liabilities. The adoption of this standard had no impact on the financial statements.

Investment Valuation

All assets of the Plan are held by and invested by Exeter Trust Company ("Exeter"), the Trustee. The investments are presented by Exeter at fair market value as of year-end as determined by quoted market prices on major stock exchanges. If no such value can be obtained, the asset value is based upon the underlying investments of the security or valued at prices for similar securities.

Income Recognition

Investment income consists of interest and dividend income. The net appreciation (depreciation) of the fair value of investments consists of realized gains or losses and the unrealized appreciation (depreciation) on those investments. Purchases and sales are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. Realized gains and losses from security transactions are reported based on historic cost.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are future periodic payments that are attributable under the Plan's provisions to the services employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits was determined by the plan actuary, and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

HARTZELL PROPELLER, INC.
DEFINED BENEFIT PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2009 and 2008

The significant actuarial assumptions used in the valuations were:

- (a) Life expectancy of participants
- (b) Discount rate
 - 2009 – Full yield curve as of October 2008
 - 2008 – Segment rates of 5.29%, 5.86% and 6.40%
- (c) Investment return at an average rate of 8.5%

Additional assumptions used in the actuarial computations as of January 1, 2009 and 2008 include salary increases of three percent per year, social security wage base increase of four percent per year, marital and retirement rate assumptions, as well as, withdrawal rates. These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

During 2009, an expense assumption was added to the actuarial calculation to comply with the Worker, Retiree and Employer Recovery Act. During 2008, the discount rate and mortality assumptions were changed in order to comply with the requirements of the Pension Protection Act of 2006.

Payment of Benefits

Benefit payments are recorded upon distribution

Income Taxes

As required by the Income Taxes Topic of the FASB ASC, the Plan adopted the new standards related to Accounting for Uncertainty in Income Taxes, on January 1, 2009. The implementation of this new standard did not have a material impact on the Plan's financial statements.

Subsequent Events

Effective for fiscal years and interim periods ending after June 15, 2009, the Plan is required to prospectively adopt the Subsequent Events Topic of the FASB ASC. This standard sets forth the period after the date of the financial statements during which management of a plan should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements, the circumstances under which a plan should recognize events or transactions occurring after the date of its financial statements, and the disclosures that a plan should make about events or transactions that occurred after the date of the financial statements.

The Plan adopted this standard during the year ended December 31, 2009. In accordance with this standard, the Plan has evaluated subsequent events through October 12, 2010, the date the financial statements were available to be issued

New Accounting Standards and Interpretations

In 2010, the FASB amended the Fair Value Measurements and Disclosures Topic of the FASB ASC to require additional disclosures about: 1) transfers of Level 1 and Level 2 fair value measurements, including the reason for the transfers; 2) purchases, sales, issuances and settlements in the roll forward of activity in Level 3 fair value measurements; 3) additional disaggregation to include fair value measurement disclosures for each class of assets and liabilities; and 4) disclosure of inputs and valuation techniques used to measure fair value of both recurring and nonrecurring fair value measurements. The amendment is effective for fiscal year beginning after December 15, 2009, except for the disclosures about the purchases sales, issuances and settlements in the roll forward of activity in Level 3 fair value measurements, which is effective for fiscal years beginning after December 15, 2010

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements, which was prepared by Exeter, as of and for the year ended December 31, 2009 and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the Exeter as of and for the year ended December 31, 2009, that such information is complete and accurate.

Interest and dividends receivable	\$	14,752
Interest and dividends income	\$	97,252
Net appreciation in the fair value of investments	\$	1,961,392

NOTE 4 – INVESTMENTS

The Plan's investments are held by Exeter. The following schedule presents investments that represent five percent or more of the Plan's net assets as of December 31:

	<u>2009</u>	<u>2008</u>
US Treasury Note at 2.63% due June 30, 2014	\$ 1,261,102	n/a

HARTZELL PROPELLER, INC.
DEFINED BENEFIT PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2009 and 2008

The Plan's investments, including investments bought, sold, as well as held during the year, appreciated (depreciated) in value at December 31, 2009 and 2008, as follows:

	<u>2009</u>	<u>2008</u>
Fixed-income securities	\$ (15,461)	\$ (2,742,361)
Corporate debt securities	(862)	-
Equity securities	1,534,385	18,533
Equity mutual funds	<u>443,330</u>	<u>(776,959)</u>
	<u>\$ 1,961,392</u>	<u>\$ (3,500,787)</u>

Fair value is a market-based measurement that is determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, the Plan uses a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows.

- Level 1 – Observable inputs such as quoted prices in active markets;
- Level 2 – Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3 – Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions

The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. Valuation methodologies used for assets and liabilities measured at fair value are as follows.

- Money market mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.
- Fixed income securities: Valued at prices for similar securities. Securities are traded on an active market, but are not traded on a daily basis.
- Corporate debt securities: Valued at prices for similar securities. Securities are traded on an active market, but are not traded on a daily basis.
- Equity securities: Valued at the closing price reported on the active market on which the individual securities are traded.
- Equity mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies

HARTZELL PROPELLER, INC.
DEFINED BENEFIT PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2009 and 2008

or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In 2009, the Plan adopted amended FASB accounting guidance applicable to the Fair Value Measurements and Disclosures Topic of the FASB ASC. The guidance is to determine whether there has been a significant decrease in the volume and level of activity for an asset or liability when compared to normal market activity for such asset or liability (or similar assets and liabilities) and to identify circumstances that indicate a transaction with regards to such an asset or liability is not orderly. The guidance also expands the disclosures and requires that the major categories for debt and equity securities in the fair value table be determined on the basis of the nature and risks of the investments. There was no impact of the adoption to the statements of net assets available for benefits and the changes in net assets available for benefits.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of:

NOTE 5 – FEDERAL INCOME TAX STATUS

The Plan has obtained a favorable determination letter from the Internal Revenue Service to the effect that the Plan is exempt from Federal income taxes dated January 2, 2008. While the Plan has been amended since the determination letter, a new determination letter has not been received. The Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore, the Plan was qualified and considered tax-exempt as of the financial statement date.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Exeter. Exeter is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$72,926 and \$79,963 for the years ended December 31, 2009 and 2008, respectively. There are also indirect fees deducted directly from investment earnings of the Plan.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V - Statement of Actuarial Assumptions / Methods

A. Consistency of Methods and Assumptions

Unless stated to the contrary, the following methods and assumptions are consistent with those used in the previous valuation performed as of January 1, 2008. The methods and assumptions were updated effective January 1, 2008 to comply with the new requirements of the Pension Protection Act of 2006.

B. Actuarial Cost Method

As mandated by law, the actuarial cost method used to calculate the costs of the Plan for retirement, termination and surviving spouse's benefits is known as the Traditional Unit Credit Actuarial Cost Method. Under this method, each active participant's accrued benefit at the valuation date is calculated based on the terms of the plan and the actuarial assumptions. Vested benefits are determined as required under the law and regulations.

The Actuarial Accrued Liability is determined from the benefit based upon service accrued to the valuation date and compensation at the valuation date. The Normal Cost is determined from the difference between the Actuarial Accrued Liability using service and salary estimated to be earned at the end of the valuation year and the Actuarial Accrued Liability using service and salary earned at the beginning of the valuation year. Unfunded liabilities are amortized over 7 years as required under the law and regulations.

C. Benefit Limitations under IRC Section 415(b)

The benefit limitation imposed by section 415(b) of the Internal Revenue Code, relating to the maximum benefit under a defined benefit plan, has been taken into account. On this basis, the maximum annual projected benefit utilized in this valuation is \$195,000 for purposes of calculating funding costs.

D. Asset Valuation Method

Assets are held by Exeter (Trustee) and are valued at market value.

E. Participants Included in the Calculations

Based on employee data received from the Employer, all employees who are eligible for participation in the plan as of the valuation date are included in the calculations. Former employees, or their beneficiaries or contingent annuitants, where applicable, are also included if the employee data indicates that they are entitled to an immediate or deferred benefit under the provisions of the plan.

No liability is held for nonvested, inactive employees who have a break-in-service, or for employees who have quit or been terminated even if a break-in-service had not occurred as of the valuation date.

F. Actuarial Assumptions

1. *Mortality*

Target Liability

In calculating the target liability and at-risk liability, the separate annuitant and non-annuitant RP2000 Mortality Tables, projected 9 years for annuitants and 17 years for non-annuitants for Males & Females were used as prescribed by law.

FAS 35 Accounting

PBGC Variable Rate Premium

Same as for Target Liability

Disabled lives

None.

2. *Withdrawal from service*

Termination

The T-3 Continuance Table per Actuary's Pension Handbook by Crocker, Sarason and Straight is used.

3. *Interest rates*

Target Liability

Full yield curve as of October 2008 (6.19% as of the valuation date). In the prior year, segment rates as of October were used.

Effective Rate

8.01% used for adjusting amounts to the valuation date.

FAS 35 Accounting

8.50% used for calculating FAS 35 accounting liabilities.

PBGC Variable Rate Premium

6.72% for the first 5 years then 7.12% for the next 15 years then 6.36% after 20 years as prescribed by law.

F. Actuarial Assumptions (continued)

4. *Compensation*

Salaries were assumed to increase each year at the rate of 3.00% of the prior year salary. A participant's Plan compensation is limited to a maximum of \$245,000 for the current year and future Plan years for benefit accrual purposes.

5. *Wage Base*

The Social Security Wage Base is assumed to increase at the rate of 4.00% per year.

6. *Retirement age*

The retirement age is 65 or the age on the valuation date if greater is assumed.

7. *Allowance for other expenses*

Administrative expenses are based on the prior year's actual administrative expenses rounded to the near \$1,000. The discount rates above are assumed to be net of investment expenses. In the prior year's valuation, no expenses were assumed to be paid from the trust.

8. *Percentage married and age of spouse*

For purposes of the pre-retirement spouse's benefit, it is assumed that 80% of plan participants designated as hourly and 100% for all other participants will have an eligible surviving spouse. For hourly plan participants, males are assumed 3 years older than females. For all other participants, males and females are the same age.

9. *Form of payment*

Participants currently receiving benefit payments are assumed to continue receiving benefits in the optional form they elected upon retirement. All other participants are assumed to elect to receive a life annuity upon retirement.

Schedule SB, Part V - Summary of Plan Provisions

A. Effective Date

The initial effective date of the Salaried Plan was December 8, 1977. The initial effective data of the Hourly Plan was January 1, 1980. Effective December 31, 2001, the Hourly Plan was merged into the Salaried Plan. The Plan was renamed the Hartzell Propeller Inc. Defined Benefit Pension Plan.

The plan was most recently restated as of January 1, 2006, adopted on January 24, 2007. The Plan was most recently amended in December 2008 for the Early Retirement Incentive Program.

B. Eligibility for Participation

Each eligible employee shall become a participation upon attainment of age 21 and completion of one Year of Service.

An eligible employee shall become a Participant as of the January 1 or July 1 immediately following the completion of the eligibility requirements.

C. Employee Contributions

None permitted.

D. Year of Vesting Service

One full year of service for each plan year with at least 1,000 hours of service. For the purpose of determining the vested status of a Participant, no partial credit is given.

E. Year of Benefit Service

Elapsed time beginning at date of hire rounded to the nearest 1/12th year.

F. Plan Year

Plan Year means the 12 consecutive month period commencing January 1 and ending December 31.

G. Average Monthly Compensation

A Participant's average compensation is the average of his earnings during the 5 consecutive plan years in the 10 plan years preceding termination which produces the highest average.

H. Normal and Deferred Retirement Benefit

1. *Eligibility requirements* - Attainment of age 65.
2. *Monthly pension* - The formula is as follows:
 - A. For former Salaried Plan Participants and employees participating after December 31, 2001:
 - i. 0.5% of Average Monthly Compensation times years of benefit service, plus 0.25% of Average Monthly Compensation above the current Covered Compensation times years of benefit service up to 35 years.
 - ii. For former Salaried Plan Participants only, if greater, the monthly amount, if any, determined under the Frozen Pre-1989 Formula and converted to the actuarially equivalent Normal Form as of the Freeze Date.
 - B. For former Hourly Plan Participants, the formula is i. plus ii. as follows:
 - i. 0.5% of Average Monthly Compensation times years of benefit service after 12/31/88, plus 0.25% of Average Monthly Compensation above the current Covered Compensation times years of benefit after 12/31/88 service up to 35 years (measured from date of hire).
 - ii. \$7 times years of benefit service prior to 1/1/89 less the actuarial equivalent of the participants 12/31/88 profit sharing account balance.
3. *Payment* - Commences on the first day of the month coinciding with or next following the date of retirement and is payable each month thereafter for the lifetime of the Participant.

I. Early Retirement Benefit

1. *Eligibility requirements* - A Participant must have attained age 55 and completed at least 5 Years of Vesting Service.
2. *Monthly pension* - The amount is calculated as in H. above based on service and compensation at termination and accrued under the fractional rule.
3. *Payment* - full retirement benefit commences at Normal Retirement Date. A reduced benefit may commence on the first day of any month coincident with or following the early retirement date. Payment continues during the lifetime of the retired Participant. The benefit payable prior to Normal Retirement Date is the accrued benefit payable at Normal Retirement Date, reduced by 1/180th for each of the first 60 months, and 1/360th for each of the next 60 months, that the benefit commencement date precedes Normal Retirement Date.

J. Vested Retirement Benefit

1. *Eligibility requirements* - Participants are 100% vested in their accrued benefits after completion of five Years of Vesting Service.
2. *Monthly pension* - The amount is calculated as in H. above based on service and compensation at termination and accrued under the fractional rule.
3. *Payment* - Full vested benefit commences on the first day of the month coinciding with or next following attainment of normal retirement age. A reduced benefit may commence as of the first day of any month coincident with or next following Early Retirement Date. The benefit is reduced for each month that payment begins prior to Normal Retirement Date in accordance with the Early Retirement Benefit above. Payments continue monthly for the remainder of the Participant's lifetime.

K. Death Benefits

1. *Postretirement* - none, except through an option elected at retirement.
2. *Preretirement* - Each married active Participant with 5 or more years of vesting service and terminated vested married Participants have an automatic spouse's death benefit. A monthly income payable to the eligible surviving spouse is equal to 50% of the reduced monthly retirement benefit had the Participant survived to earliest retirement date and elected a 50% Joint and Survivor Option.

L. Optional Forms of Pension Available on Normal or Early Retirement

The normal form of benefit is a life annuity. The optional payment methods described below are the actuarial equivalent of the normal form otherwise payable as of a Participant's retirement date.

1. *Contingent annuitant option* - Participant receives a reduced pension commencing at actual retirement. Survivor receives 50% or 75% of the Participant's reduced pension for life commencing at the Participant's death.
2. *Period certain and life option* - pension is reduced and paid for the longer of Participant's life or 120 or 240 months depending on the certain period elected.

F. Actuarial Assumptions (continued)

4. *Compensation*

Salaries were assumed to increase each year at the rate of 3.00% of the prior year salary. A participant's Plan compensation is limited to a maximum of \$245,000 for the current year and future Plan years for benefit accrual purposes.

5. *Wage Base*

The Social Security Wage Base is assumed to increase at the rate of 4.00% per year.

6. *Retirement age*

The retirement age is 65 or the age on the valuation date if greater is assumed.

7. *Allowance for other expenses*

Administrative expenses are based on the prior year's actual administrative expenses rounded to the near \$1,000. The discount rates above are assumed to be net of investment expenses. In the prior year's valuation, no expenses were assumed to be paid from the trust.

8. *Percentage married and age of spouse*

For purposes of the pre-retirement spouse's benefit, it is assumed that 80% of plan participants designated as hourly and 100% for all other participants will have an eligible surviving spouse. For hourly plan participants, males are assumed 3 years older than females. For all other participants, males and females are the same age.

9. *Form of payment*

Participants currently receiving benefit payments are assumed to continue receiving benefits in the optional form they elected upon retirement. All other participants are assumed to elect to receive a life annuity upon retirement.
