INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Administrator of
Direct Energy US 401(k) Plan

We were engaged to audit the financial statements of Direct Energy US 401(k) Plan as of December 31, 2009 and for the year then ended, and the supplemental schedule as of December 31, 2009 as listed in the accompanying index. These financial statements and schedule are the responsibility of the Plan's management. The financial statements of the plan as of December 31, 2008 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974*, the plan administrator instructed the other auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the Trustee. Their report, dated October 1, 2009, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974*, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's *Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974*.

Note 1. Plan Description

The following description of the Direct Energy US ("Company") 401(k) Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. Participants may change their investment election for future contributions or the percentage(s) invested in each of these options or transfer funds among these options on any business day. The Company contributes a 3% safe harbor nonelective contribution and a discretionary matching contribution limited to 4% of the participant's compensation for the Plan year. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are fully vested in the Company matching contributions upon completion of one year of continuous service.

Note 1. Plan Description (Continued)

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance, whichever is less. Loans are required to be repaid through payroll deductions within five years, except those loans used in the purchase of a primary residence. Residential loans must be repaid within a reasonable period of time, determined at the time the loan is executed. All loans originating between January 1, 2003 and June 30, 2003 bear interest at the PNC Bank unsecured personal loan rate at the time of the loan. Loans originating after July 1, 2003 bear interest at the prime lending rate plus 1% at the time of the loan. The loans are secured by the balance in the participant's account and bear interest rates that range from 4.25% to 9.5%, at December 31, 2009. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Benefits provided by the Plan are paid from assets available for benefits at retirement, disability, death or termination of employment. Payments may be in the form of a lump-sum payout of the participant's account balance, purchase of an annuity or periodic cash payments, or rolled over to another qualified plan. Hardship distributions may also be granted in accordance with the guidelines of ERISA.

Forfeitures

Forfeitures of terminated participants' nonvested accounts are used to reduce future Company contributions. Any remaining forfeitures shall be used to offset Plan administrative expenses. Forfeitures remaining amounted to approximately $18,000 and $4,000 at December 31, 2009 and 2008, respectively.

Administrative Expenses

All expenses incurred in administering the Plan are paid by the Plan sponsor.

Termination

Although it has not expressed any intent to do so, the Plan Sponsor may terminate the Plan at any time. Upon termination, the Plan Sponsor may elect to distribute to each participant, or his or her beneficiary, the proportionate share of the Plan's assets as determined by the individual account balances on the date of termination, or continue the existence of the trust for the purpose of paying benefits as they become due under the terms of the Plan.

Note 2. Summary of Significant Accounting Policies

This summary of significant accounting policies of the Plan is presented to assist in understanding the financial statements. The financial statements and notes are representations of the Plan's administrator, who is responsible for their integrity and objectivity. Accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Note 2. Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, such as fair value. Accordingly, actual results could differ from those estimates.

Investment Contract

As described in Financial Accounting Standards Board (FASB) FAS ASC 962-325-35-5 through 962-325-35-12 (formerly FASB Staff Position AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans*), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The requirement of the standard is for the statement of net assets available for benefits to present the fair value of the investment contracts as well as the adjustments of the fully benefit-responsive investment contracts from fair value to contract value. Due to the immaterial differences in the contract value and fair value of these investments, the fair value is reported in the statement of net assets and the statement of changes in net assets available for benefits for this Plan.

Investment Valuation and Income Recognition

The Plan's mutual funds and common collective trusts are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for a discussion of fair value measurements. The participant loans are valued at amortized cost. The money market funds are valued at cost.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 7, 2010, the date the financial statements were available to be issued.

Note 3. Investments

The Plan maintained the following investments representing 5% or more of net assets available for benefits at December 31, 2009:

Description		2009
Fidelity Advisor 2035 A	$	4,249,116
Fidelity Advisor 2040 A		4,006,396
Fidelity Advisor 2030 A		3,383,956
Fidelity Advisor 2025 A		3,349,315
Fidelity Advisor Stable Value		2,155,568
Fidelity Advisor Net Insights A		2,142,497
Fidelity Advisor 2020 A		2,032,004

The Plan maintained the following investments representing 5% or more of net assets available for benefits at December 31, 2008:

Description		2008
T. Rowe Price Growth Stock R	$	1,242,006
Fidelity Advisor Stable Value Portfolio II		1,009,707
Cavlert Income A		955,042
Fidelity Advisor Equity Income Fund Class A		592,408
Victory Diversified Stock A		505,751
Heartland Value		491,726

During 2009, the net appreciation in the fair value of mutual funds held by the Plan was $2,686,412. During 2009, the net appreciation in the fair value of the common collective trusts held by the Plan was $52,372.

Note 4. Income Tax Status

The Plan originally operated under a Prototype Standardized 401(k) Plan with a cash or deferral arrangement. The Plan was amended on January 1, 2009 at which time a nonstandarized 401(k) profit sharing plan was adopted. The Prototype received an opinion letter dated October 9, 2003 from the Internal Revenue Service ("IRS") that stated that the Plan and related Trust are designed in accordance with the applicable sections of the Internal Revenue Code ("Code"). The Plan administrator received a letter from the IRS, dated March 31, 2008, stating that the Volume Submitter Profit Sharing Plan adopted by the Plan is acceptable under section 401 of the Code. This letter is not a determination on whether the Plan qualifies under the Code. In the opinion of the Plan administrator, the Plan and the related Trust are currently being operated in accordance with the Plan agreement in conformity with the applicable provisions of the Code and therefore exempt from federal income taxes. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 5. Party-in-Interest

Certain plan investments are shares of mutual funds managed by Fidelity Management Trust Company, who acts as trustee as defined by the plan. These transactions qualify as party-in-interest transactions. However, they are exempt from the prohibited transaction rules.

Note 6. Trustee Certification

Under the Department of Labor's regulations, certain assets and related information held by a bank, trust company, or similar institution or an insurance company that is regulated and subject to periodic examination by a state or federal agency does not have to be audited, provided the plan administrator exercises this option and the institution holding the assets certifies the required information. Fidelity Management Trust Company has certified that certain information is complete and accurate. Such information includes the composition, cost and current value of the investments reported in the statement of net assets available for benefits as of December 31, 2009 and 2008 and the interest and dividend income and net appreciation in the fair value of investments reported in the statement of changes in net assets available for benefits for the year ended December 31, 2009. The accompanying supplemental schedule also includes information certified by Fidelity Management Trust Company as being complete and accurate.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan in whole or in part subject to the provisions of the ERISA. In the event of plan termination, participants will become 100% vested in their account balances.

Note 8. Fair Value Measurements

FASB *Accounting Standards Codification* (ASC), *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual Funds – Valued at the net asset value of shares held by the Plan at year-end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 8. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

Note 9. Transfers from Centrica U.S. Holdings, Inc. Retirement Plan and Trust

The Plan received transfers totaling $22,010,449 from the Centrica U.S. Holdings, Inc. Retirement Plan and Trust (Merging Plan) on September 2, 2009. These transfers included $419,876 in plan loans and the Wells Fargo Stable Value Fund in the amount of $1,193,269. The Merging Plan ceased to exist in September 2009.

Note 10. Subsequent Events

VLP Corporate Services, LLC (VLP) was the Merging Plan's record-keeper and SJP Advisors, LLC (SJP), an entity affiliated with VLP, provided investment advisory services to the Merging Plan. The assets of the Merging Plan were held by Charles Schwab Investment Trust Company (Schwab), who acted as custodian.

Pursuant to their contracts with the Company, VLP and SJP sought termination fees of $1,007,093 (the Termination Fee) from the Merging Plan when the Merging Plan terminated their services as record-keeper and financial advisor, respectively. The Company actually paid a Termination Fee of approximately $400,000 to VLP and $50,000 to SJP outside of the Merging Plan assets.

Notwithstanding the above and unbeknownst to the Company at the time, at the direction of VLP, Schwab liquidated the Termination Fee from Merging Plan participant accounts on or about July 1, 2009. However, the Termination Fee was not paid to VLP by Schwab; rather the Termination Fee remained in the Merging Plan and was placed into a non-interest bearing Schwab money market fund by Schwab. Ultimately (and again unbeknownst to the Company at the time), VLP directed Schwab to reinvest $980,503 of the Termination Fee back into Merging Plan participant accounts on July 29, 2009 (VLP retained approximately $26,000 of the Termination fee as an ongoing Merging Plan expense).

The Merging Plan's investments generally experienced appreciation during the time period between July 1, 2009 and July 29, 2009. As a result, Merging Plan participants owned fewer units in elected investment vehicles as a result of the liquidation/repurchase of those investments held in their Merging Plan accounts. The Company discovered the shortfall and reimbursed Merging Plan participants for the value lost from these transactions as an earned interest adjustment into the Plan in September 2010.
