Independent Auditors' Report

To the Trustees of the
First Texas Homes, Inc. 401(k) Plan

We were engaged to audit the accompanying statements of net assets available for plan benefits of the First Texas Homes, Inc. 401(k) Plan (the Plan) as of December 31, 2009 and 2008, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2009, and the supplemental Form 5500, Schedule H, line 4i, Schedule of Assets (Held at End of Year) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by ING Life Insurance and Annuity Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2009 and for the year then ended, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

FIRST TEXAS HOMES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the First Texas Homes, Inc. (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established on January 1, 1998, covering all employees of the Company. Employees are eligible to participate after reaching six months of service and having attained the age of 21. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as well as all provisions of the federal income tax laws.

Contributions

Participants may make tax-deferred contributions not to exceed the amount deductible for federal income tax purposes. Participants may also contribute or 'rollover' amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company has the option to make discretionary contributions from time to time as deemed advisable. The Company has not made any matching contributions to the Plan since its inception.

Participant Accounts

Each participant's account is credited with the participant's tax-deferred contributions, employer contributions, if any, and allocations of the Plan earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately fully vested in their deferred salary contributions, rollover contributions from other plans and actual earnings thereon. Vesting in the Company's matching contributions and profit sharing contributions (if any) of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested upon retirement, permanent disability, death or reaching age 65 while employed by the Company. If a participant separates from the employment of the Company for any other reason, a participant shall be vested based upon the following schedule:

Years of Vesting Service	Percentage Vested
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, by or on behalf of the participant, to any one or more of the investment funds provided by the custodian of the Plan's assets. A participant may at any time change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Participant Loans

Participants may borrow against their vested account balances a minimum of $1,000 up to a maximum amount equal to the lesser of 50% of their vested account balance or $50,000. The loans are secured by the balances in the participant's account, and bear interest at the prime lending rate plus 1%. Only three loans may be outstanding at any one time. Principal and interest on participant loans are repaid through payroll deductions.

Payment of Benefits

All distributions from the Plan will be made in one lump-sum payment in cash equal to the value of the participant's vested interest in his or her account balance. If a participant's vested benefit in the Plan exceeds $5,000, the participant must consent to the distribution before it may be made. If the participant's vested interest does not exceed $5,000, then the participant's benefit will be distributed in a lump-sum as soon as practicable following the event that led to the participant being entitled to a distribution.

Plan Expenses

It is the philosophy of the Company to absorb and pay most Plan administration expenses such as audit fees and other administrative functions so as not to decrease plan assets. Any fee or expense paid, directly or indirectly, by the Company is not considered a contribution to the Plan, provided the fee or the expense relates to the ordinary and necessary administration of the Plan. For the year ended December 31, 2009, these expenses totaled approximately $14,700 and were paid by the Plan Sponsor.

In addition, during the year ended December 31, 2009 the Plan incurred $1,170 of administrative expenses from its third party administrator. These charges are reflected in the accompanying statement of changes in net assets available for plan benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds and the insurance company general account are stated at fair value, which generally is the quoted market prices, representing the net assets of shares held by the Plan (Note 7). Participant loans are valued at their unpaid principal balance, which approximate their fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis with dividends being recorded on the ex-dividend date.

Forfeited Accounts

Forfeitures are used first to reduce the employer's matching contribution to the Plan and afterwards to pay Plan expenses. During the year ended December 31, 2009, there were no forfeitures or unallocated forfeitures available to reduce future employer contributions and Plan expenses. At December 31, 2009 and 2008, there were no unallocated forfeitures.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain reclassifications have been made to the 2008 financial statements to conform to the 2009 financial statement presentation.

Subsequent Events

In preparing the financial statements, the Plan has reviewed, as determined necessary by the Plan's management, events that have occurred after December 31, 2009, up until the issuance of the financial statements, which occurred on October 11, 2010.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of the plan termination, participants will become 100 percent vested in their account balances.

4. REPORTABLE TRANSACTIONS

There were no reportable transactions, loans in default or uncollectible, non-exempt transactions with parties-in-interest or any other prohibited transactions which would require supplemental presentation under Department of Labor rules and regulations.

5. INVESTMENTS HELD AND INCOME RECEIVED BY THE PLAN

All contributions and rollovers made to the Plan, and earnings thereon, are held in various mutual funds or the insurance company general account and the net asset value (NAV) is determined on the basis referred to at Note 2. Individual investments with market values greater than 5% of net assets available for plan benefits at December 31, 2009 and 2008 are as follows:

Investment	2009	2008
Franklin Small Cap. Val Sec Fd – 2-073	$ 220,276	$ 195,053
American Funds Nw Prspctv Fund – Class R3-339	172,541	204,182

Other investments individually not more than 5% of net assets available for plan benefits	476,737	369,008
	$ 1,802,949	$ 1,571,876

*Amounts are below 5%

During the year ended December 31, 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by approximately $278,000.

6. TAX STATUS

The Plan, as originally drafted, is a Prototype Non-Standardized Profit Sharing Plan. The Internal Revenue Service has determined and informed the Sponsor of the prototype plan by a letter dated March 31, 2008, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code. However a determination letter from the Internal Revenue Service has not yet been requested by the Plan Sponsor/Company to determine if the Plan as amended was designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and ERISA and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

7. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009.

Mutual funds: Valued at the NAV of shares held by the Plan at year end.

Insurance company general account: Value of ING Fixed Account which is reported at fair market value based upon the daily credited rate.

Participants loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value for the respective years:

Assets at Fair Value as of December 31, 2009

	Level 1	Level 2	Level 3	Total

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investments securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.
