LAMINATIONS, INC.
401(k) AND PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Laminations, Inc. 401(k) and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering substantially all full-time employees of Laminations, Inc. (the "Company") who have one year of service and attained age twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

CONTRIBUTIONS

Each year, participants in the Plan may elect to contribute a percentage of pretax compensation, up to the maximum allowed by law, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company contributes 25% of the first 6% of base compensation that a participant contributes to the Plan. Participants direct all contributions into various investment options offered by the Plan. Contributions are subject to certain limitations. A discretionary profit sharing contribution may be made by the Company. Contributions are determined annually by the Company's board of directors and are based upon profitability. No profit sharing contribution was made in 2009.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) the Plan's earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested amount.

VESTING

Participants are immediately vested in their contributions and actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of credited service. A participant is 100% vesting after six years of credited service based on a graduated vesting schedule.

PARTICIPANT LOANS

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate set by the Plan administrator. Interest rates ranged from 4.25% to 9.25% at December 31, 2009. Principal and interest is paid through payroll deductions.

PAYMENT OF BENEFITS

Upon termination of service due to retirement, disability, death or termination of employment, a participant is eligible to receive a distribution of their vested account balance. The normal form of benefit payment is a lump-sum distribution. Participants may elect to receive their benefit payment in one lump sum payment or a form of an annuity, if their vested balance is greater than \$5,000. The Plan allows automatic lump-sum distributions if the present value of the participant's vested account balance is less than \$1,000. The participant must consent to the distribution if the present value is more than \$1,000.

FORFEITED ACCOUNTS

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account is forfeited. Forfeitures are used to reduce the Company's future contributions and pay Plan expenses, and totaled \$479 and \$161 at December 31, 2009 and 2008, respectively. Forfeitures used to pay Plan expenses were \$497 in 2009.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements of the Plan are prepared on the accrual method of accounting.

Investment contracts are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan holds investment contracts through its investment in a common collective trust fund. The statement of net assets available for benefits presents the fair value of investment contracts as well as the adjustment of fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

RISKS AND UNCERTAINTIES

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

BENEFIT PAYMENTS

Benefit payments are recorded when paid.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events for recognition or disclosure through October 11, 2010, the date the financial statements were available to be issued.

NEW ACCOUNTING PRONOUNCEMENTS

The Plan adopted new accounting guidance related to the accounting for uncertainty in income taxes and evaluated its tax positions. The adoption of this guidance did not have any effect on the Plan's financial statements.

The Plan adopted guidance on subsequent events which established general standards of accounting for and disclosure of events that occur after the statement of net assets available for benefits date but before the financial statements are issued or are available to be issued. The adoption of this guidance did not have any effect on the Plan's financial statements.

The Plan adopted guidance on the use of a net asset value per share to measure the fair value of investments in certain entities. Such guidance is effective on a prospective basis. The adoption of this guidance did not have any effect on the Plan's financial statements, but expanded disclosure regarding such investments.

The Financial Accounting Standards Board established the Financial Accounting Standards Codification ("Codification") as the sole source of authoritative accounting principles generally accepted in the United States of America. As a result, all references to accounting literature will conform to the appropriate reference within the Codification. The adoption of the Codification, which became effective during September 2009, did not have any effect on the Plan's financial statements.

3. INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets available for benefits at December 31:

	<u>2009</u>	<u>2008</u>
Common/collective trust fund, Gartmore Morely Stable Value Fund	\$879,506	\$792,788
Mutual funds:		
AM Growth Fund	707,725	477,421
Blackrock Latin America Fund	290,260	
Fidelity Adv Freedom 2020	278,704	204,313
Fidelity Adv Freedom 2030	230,249	172,041
Janus Advisor International	196,148	

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated as follows:

Mutual funds	\$725,045
Common/collective trust fund	<u>17,861</u>
	<u>\$742,906</u>

4. RELATED PARTY TRANSACTIONS

The Plan's investments are managed by Reliance Trust Company ("Reliance"), the trustee, as defined by the Plan. The Plan also issues loans to participants, which are secured by the balances in the participant's accounts. These transactions qualify as party-in-interest transactions.

Administrative expenses are paid by the Plan. Certain administrative functions are performed by officers and employees of the Company. No such officer or employee receives compensation from the Plan.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in the Company's contributions.

6. TAX STATUS

The Company adopted a prototype non-standardized profit-sharing plan with a cash or deferral arrangement, which received an opinion letter dated June 3, 2004 from the Internal Revenue Service indicating this prototype plan was an acceptable plan under Section 401 of the Internal Revenue Code ("IRC") for use of employers for the benefit of their employees. An employer who adopts this plan will be considered to have a plan qualified under Code Section 401(a), provided all the terms of the Plan are followed and the eligibility requirements and contribution or benefit provisions are not more favorable to officers, owners or highly compensated employees than for other employees. Although the Plan has been amended the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

7. INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2009 and 2008. Accordingly, Reliance has certified to the completeness and accuracy of all investments reported in the accompanying statement of net assets available for benefits as of December 31, 2009 and 2008 and the supplemental schedule of assets (held at end of year) as of December 31, 2009, and the related investment activity reported in the statement of changes in net assets available for benefits for the year ended December 31, 2009.

8. FAIR VALUE DISCLOSURES

A three-level hierarchy exists for disclosure of the inputs to valuation used to measure fair value. The levels of the fair value hierarchy are as follows:

- Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date.
- Level 2 - Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; or inputs that are observable for the asset or liability, either directly or indirectly through market corroboration, for substantially the full term of the financial instrument.
- Level 3 - Prices or valuation techniques that are unobservable in the market and require significant management judgment or estimation to fair value.

NOTES TO FINANCIAL STATEMENTS

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The following table presents the Plan's financial instruments measured at fair value on a recurring basis by level within the fair value hierarchy:

December 31, 2009:	<u>LEVEL 1</u>	<u>LEVEL 2</u>	<u>LEVEL 3</u>	<u>TOTAL</u>

Total	<u>\$1,781,277</u>	<u>\$792,788</u>	<u>\$140,154</u>	<u>\$2,714,219</u>

The following table presents the changes in fair value for Level 3 instruments (participant loans) in 2009:

Balance, beginning of year	\$140,154
Issuances and repayments, net	<u>15,811</u>
Balance, end of year	<u>\$155,965</u>

The following is a description of the valuation methodologies used to determine fair value:

Mutual funds are valued at the net asset value of shares held by the Plan at the end of the year.

The common/collective trust fund is valued based upon the unit value of the common collective trust fund at year end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means. The objective of the common/collective trust fund is to provide a diversified group of investments offering competitive levels of yield consistent with stable fixed-income methodology and the careful and prudent assumption of investment risk providing for preservation of capital, stability and predictability of returns, liquidity to pay Plan benefits and high credit quality. The common/collective trust fund seeks to achieve this objective by investing in conventional, synthetic and separate account investment contracts issued by life insurance companies, banks and other financial institutions. The Plan's investment in the common/collective trust fund is not subject to any withdrawal restrictions, and the Plan has no unfunded commitments relating to the common/collective trust fund at December 31, 2009 and 2008.

Participant loans are reported at amortized cost which approximates fair value.

There have been no changes in methodologies used at December 31, 2009 and 2008.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
