BEDROSIAN'S 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Description of Plan

The following description of the Bedrosian's ("Company") 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have worked a minimum of one thousand hours during the plan year, have one year of service to the Company, and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA). The Plan originated and was effective as of January 1, 1998. The Plan's employer has absorbed all of the costs incurred in administering the Plan.

Contributions

Each year, participants may contribute up to a maximum annual contribution of $16,500 and the combined contribution of the employee and employer may not exceed the lesser of an annual contribution of $49,000 or 25% of pretax annual compensation, as defined in the Plan. Participants who have attained the age of 50 as of December 31, 2009 are eligible to make an additional catch-up contribution of $6,000. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers nine mutual funds as investment options for participants. Although the employer may make matching contributions and non-elective or discretionary contributions, the employer did not elect to make any of the above during 2009.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after 7 years of credited service.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of the vested interest of the participant in the Plan, whichever is less. All loans must be adequately secured and no more than 50% of the present value of the participant's vested interest in the Plan may be considered as security. Unless otherwise determined by the Trustee, the interest rate for the loans will be the prime rate of interest charged by the Financial Pages, Wall Street Journal, as of the process date of the loan plus 2%. The participant will be charged a loan origination fee of $75 and an annual loan processing fee of $25.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant will receive a lump-sum distribution of the total account balance. A Resolution was adopted on July 20, 2006 by the Company's Board of Directors to permit In-Service Distributions after a participant attains the age of 59-1/2, but prior to termination of employment. A participant must submit a written request with the Plan Administrator and is entitled to all or part of his or her account, provided that the amounts withdrawn have been allocated to the participant for two years, or the participant has been a participant in the Plan for at least five years, or the withdrawal is on account of hardship.

BEDROSIAN'S 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Summary of Significant Accounting Policies

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value, pursuant to SFAS 157, which became effective for fiscal years beginning after November 15, 2007. Under SFAS 157, fair market value of investments are determined by segregating investments into three groups:

Level 1 > Investments with quoted prices in active markets
Level 2 > Investments with observable prices for similar types of assets
Level 3 > Investments with unobservable prices. Valuation is determined using assumptions a market participant would use.

Payment of Benefits
Benefits are recorded when paid.

Information Prepared and Certified by the Custodian of the Plan

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by ING Life Insurance and Annuity Company (the custodian).

December 31,	2009	2008
Investments, at fair value:		
Mutual funds	$ 1,549,379	$ 1,387,852

Interest income	4,919	15,114
Benefits paid to participants	245,137	203,597

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated December 20, 1999, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.
