Aesculapian Management Company, LLC 401(k) Plan

We have audited the accompanying statements of net assets available for benefits of Aesculapian Management Company, LLC 401(k) Plan as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Aesculapian Management Company, LLC 401(k) Plan as of December 31, 2009 and 2008, and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental *Schedule H, line 4i - Schedule of Assets (Held At End of Year)* is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental information is the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Note A - Description of Plan

The following description of the Aesculapian Management Company, LLC 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all employees of Intercoastal Medical Group, Inc., Aesculapian Management Company, LLC, or Aesculapian Surgery Center, LLC d/b/a Intercoastal Medical Group Ambulatory Surgery Center, after the initial ninety days of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). As of January 1, 2002, the name of the Plan was changed from Intercoastal Medical Group, Inc. to Aesculapian Management Company, LLC.

Contributions. Each year, participants may contribute 100% of pretax annual compensation, as defined in the Plan up to $16,500 ($22,000 for age 50 and above) for 2009 and up to $15,500 ($20,500 for age 50 and above) for 2008. Starting in 2006, the Plan allowed employees to make Roth contributions to their 401(k). Participants may also contribute amounts representing distributions from certain qualified retirement plans. These distributions will be placed in a separate account called a "participant's rollover account." In addition, the plan allows for contributions from the employer at the option of the employer's Board of Directors.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the employer's contribution and, (b) Plan earnings and losses. The allocation of the employer's contribution to participant accounts is determined by the Board of Directors on an annual basis. The allocation of Plan earnings and losses are based on participant account balances at the fund level using the daily valuation method, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after four years of credited service.

Participant Notes Receivable. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. All loans are considered a directed investment from the participant's account under the Plan. Loan terms shall not exceed 5 years or a reasonable period of time for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest payments are credited to the participant's account.

Note A - Description of Plan (continued)

Administrative Costs. Aesculapian Management Company, LLC absorbs the administrative costs associated with the Plan.

Payment of Benefits. On termination of employment, a participant receives a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Forfeited Accounts. At December 31, 2009, and 2008, forfeited nonvested accounts totaled $-0- and $19,522, respectively. These accounts are used to reduce future employer contributions. Employer contributions were reduced by $21,668 and $-0- in 2009 and 2008, respectively, from forfeited nonvested accounts.

Changes in the Plan. Effective January 1, 2009, an automatic enrollment feature has been implemented in the Plan. Under this feature, eligible employees that were not previously making elective contributions to the Plan will have 1% of their eligible pay contributed to the Plan as a pre-tax elective contribution. They can also choose to contribute more, less, or nothing.

Note B - Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Participant notes receivable are valued at cost, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits. Benefits are recorded when paid.

Note C - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note E - Tax Status

Prior to the end of 2009, the Plan obtained its latest determination letter on October 6, 2003, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving that determination letter. However, the plan administrator and the plan's tax counsel believed that the plan was designed and operated in compliance with applicable requirements of the Internal Revenue Code.

Note E - Tax Status (continued)

Subsequently, the Plan obtained a determination letter on July 7, 2010, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

Note F - Excess Contributions

Refunds of excess contributions totaling $60,116 of salary deferrals and $17,418 of gains on those deferrals occurred due to the Plan failing the top-heavy discrimination testing for the 2009 plan year. The net $77,534 is included in accounts payable as of December 31, 2009, and was refunded in the first quarter of 2010.

Refunds of excess contributions totaling $38,029 of salary deferrals and $11,814 of losses on those deferrals occurred due to the Plan failing the top-heavy discrimination testing for the 2008 plan year. The net $26,215 is included in accounts payable as of December 31, 2008, and was refunded in the first quarter of 2009.

Note G - Fair Value Measurements

SFAS No. 157, Fair Value Measurements, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. All of the Plan's assets were measured using Level 1 inputs.

Level 1 Fair Value Measurements -The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock, corporate bonds, mutual funds, and U.S. Government securities are based on quoted market prices.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2009 are reported in net decrease in fair value of investments.

Note H - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note I - Subsequent Events

Subsequent events have been evaluated through October 8, 2010, the date the financial statements were available to be issued.
