Notes to the Financial Statements
For the year ended December 31, 2009

Note 1 Description of Plan

The following description of the Med Excel U.S.A., Inc. Profit-Sharing Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan in which all employees over the age of twenty-one shall be eligible to participate in order to make salary reduction contributions and receive qualified nonelective contributions on the first day of the month, which follows the employees' date of hire. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions

Each year, participants may contribute up to Internal Revenue Service dollar limitations, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers twenty-eight mutual funds as investment options for participants. In 2009, the Company amended the plan to include a profit sharing component. Allocations are made based on a custom formula applied to each allocation group at the discretion of the employer.

C. Participant's Individual Accounts

Each participant's account is credited with the participant's contribution and such account is adjusted for investment gain and loss and income or expense. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting

Participants are immediately vested in their contribution and actual earnings thereon. Vesting in the Company's profit sharing contributions, if any, plus actual earnings thereon are based on years of continuous services. A participant is 100% vested after six years of continuous service.

E. Participant Loans

Participants may borrow from their fund accounts not to exceed a maximum of $50,000 or 50% of the present value of the participants vested allocated share (but not less than $1,000). The loans are secured by the balance in the participant's account and bear interest at commercial bank rates.

Note 1 Description of Plan – Continued

F. Payment of Benefits

Benefits are recorded when paid. On termination of service due to death, disability or retirement, a participant may elect to receive distributions either as a lump-sum amount equal to the value of the participant's vested interest in his or her account, over the life of the participant or over a period not longer than life expectancy of the participant or beneficiary. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

G. Forfeited Accounts

Unvested portions of forfeited accounts shall be applied to reduce employer contributions. Unallocated forfeitures at December 31, 2009 and 2008 were $0 and $176, respectively.

H. Administrative Expenses

Certain expenses of the Plan are paid by the Sponsor.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 2 Summary of Significant Accounting Policies - Continued

Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at published market prices which represent the net asset value of shares held by the Plan at December 31, 2009 and 2008. Participant loans are valued at their outstanding balances which approximates fair value.

Interest income is recorded on an accrual basis. Dividend income is recorded on the ex-dividend date. Realized gains and losses on investments are recognized upon the sale of the related investments and unrealized appreciation or depreciation is recognized at period end when the carrying values of the related investments are adjusted to their estimated fair market value. Purchases and sales of securities are reflected on a trade-date basis.

Note 3 Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee, as of and for the year ending December 31:

Investments Income (Loss)	$ 840,163	$ (1,438,618)

Note 4 Investments

Legg Battery S&P 500 Index Fund	342,087	226,103
Legg Mason Government Securities Fund	0	203,513

Note 5 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their accounts.

Note 6 Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 Party-In-Interest Transactions

Plan investments are shares of mutual funds managed by ING, who is also the custodian as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions.

Certain employees of the Sponsor, who may also be participants in the Plan, perform administrative services to the Plan at no cost to the Plan.

Note 9 Subsequent Events

Distributions requested prior to year-end but not disbursed until 2010 amounted to $33,297.

Subsequent events have been evaluated through October 13, 2010, which is the date the financial statements were issued.
