M.S. Kennedy Corp.
Employee Stock Ownership Plan**

We have audited the accompanying statements of net assets available for benefits of M.S. Kennedy Corp. Employee Stock Ownership Plan as of December 31, 2009 and 2008 and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2009 and 2008, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department for Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Note 1 – Description of the Plan

General

The M.S. Kennedy Corp. (Company), a Subchapter “S” Corporation, established the M.S. Kennedy Corp. Employee Stock Ownership Plan (Plan) effective as of September 1, 1991. As of September 1, 2002, the Plan was amended and operates as an unleveraged employee stock ownership plan (ESOP). The Plan is administered by an Employee Benefits Administration Committee comprised of three trustees appointed by the Company’s Board of Directors. The Plan was again amended and restated in December 2008 to be effective January 1, 2008.

Eligibility

Employees of the Company are generally eligible to participate in the Plan after one year of service providing they worked at least 1,000 hours during such plan year. Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of a plan year are generally not eligible for an allocation of Company contributions for such year.

Vesting

If a participant’s employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Participants vest 20% per year of service and are 100% vested after seven years of service.

Payment of Benefits

No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to his or her beneficiary or, if none, his or her legal representatives), or otherwise terminates employment with the Company. Distributions are made in cash.

Voting

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustees prior to the time that such rights are to be exercised. The Trustees are not permitted to vote any share for which instructions have not been given by a participant.

Termination

The Company reserves the right to terminate the Plan at any time subject to the Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code.

Note 1 – Description of the Plan – (cont'd)

Participant Accounts and Forfeitures

Plan earnings and forfeitures are allocated to each participant's account based upon the ratio of the participant's beginning of the year account balance to all participants' beginning of the year balances. Forfeitures of terminated non-vested account balances allocable to remaining participants at December 31, 2009 totaled \$3,011. Employer contributions are allocated to participants based on their proportionate individual share of current year earnings to total current year earnings. The appreciation in the Company's stock is allocated to participants based on their proportionate individual share of their beginning stock value plus current year employer contributions to total beginning share value plus total current year employer contributions.

Note 2 – Summary of Significant Accounting Policies

Basis of Presentation

The financial statements included herein have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles and are in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments and Valuation

The common shares of the M.S. Kennedy Corp. were valued at fair value on December 31, 2007. Fair value is determined by annual independent appraisals. Current values of the funds held in mutual funds are reported at year-end at market value. Consequently, increases or decreases in the value of funds are reflected in the financial statements as unrealized gains or losses on investments in mutual funds.

During the year ended December 31, 2008 the Plan sold its investment in the M.S. Kennedy Corp. and collected approximately 87.96% of the proceeds of the selling price. The uncollected balance of the proceeds was escrowed and, under the terms of the escrow agreement, will be released in semi-annual installments. Subject potentially to final selling price adjustments, the escrow funds are expected to be fully released on the second anniversary date of the date the M.S. Kennedy Corp. was sold, July 31, 2008. Following the collection of all escrowed funds and the appropriate distribution thereof, the M.S. Kennedy Corp. Employee Stock Ownership Plan will be terminated pursuant to the Plan's December 2008 amendment and restatement effective January 1, 2008.

Administrative Expenses

All expenses of maintaining the Plan are paid by the Company.

Note 2 – Summary of Significant Accounting Policies – (cont'd)

Recent Accounting Standards

Effective September 1, 2008, the Plan adopted Statement of Financial Accounting Standards (SFAS) No. 157, Fair Value Measurements (SFAS 157), as amended. SFAS 157 defines fair value and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that a reporting entity has the ability to access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability.

The level in the fair value hierarchy within which a fair measurement falls is based on the lowest level input that is significant to the fair value measurement.

The adoption of SFAS 157 did not have a material impact on the Plan's financial statements.

In May 2009, the FASB issued guidance now incorporated in ASC Topic 855 "Subsequent Events" (formerly SFAS 165). This guidance establishes general standards of accounting for and disclosures of events that occur after the balance sheet date but before the financial statements are issued or are available to be issued. Among other items, the guidance requires the disclosure of the date through which an entity has evaluated subsequent events and the basis for that date. The Association has adopted this guidance in its financial statements for the year ended December 31, 2009. See Note 7 for disclosure.

In June 2009, the FASB issued SFAS No. 168, "The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles" ("SFAS 168"). SFAS 168, which is incorporated in ASC Topic 105, "Generally Accepted Accounting Principles," identifies the ASC as the authoritative source of generally accepted accounting principles in the United States. The Association adopted SFAS No. 168 in 2009 third quarter.

Note 3 – Income Taxes

The Plan administrator and the Plan's tax counsel believe that the Plan is designed and being operated in compliance with the applicable requirements of the Code. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt as of the financial date.

Note 4 – Administration of Plan Assets

The trustees of the Plan hold the Plan's assets, which consist principally of the Company's common shares.

Company contributions are held and managed by the Trustees, which invest cash received, interest and dividend income and make distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. .

Note 7 – Restatement of Prior Year Financial Statements

As a result of an error made in the calculation of a gain realized on the sale of the plan's investment in the M.S. Kennedy Corp., the gain was overstated by \$354,424, as was the receivable due from the M.S. Kennedy Corp. escrow account, by the same amount. As part of the sale of the plan's investment in the M.S. Kennedy Corp. on July 31, 2008, an escrow account was established for \$3,080,000 of which \$560,000 was specifically escrowed for the buyer's benefit. This amount was escrowed as a safety net against an out-of-state student loan bond acquired by the buyer as part of the M.S. Kennedy Corp. assets. The M.S. Kennedy Corp. Employee Stock Ownership Plan owned 63.29% of the Company at the time of sale resulting in the following correction:

Note 8 – Subsequent Events

Subsequent to December 31, 2009 the purchaser of the M.S. Kennedy Corp., Anaren Inc., placed a claim against the entire amount of the escrow funds against which the M.S. Kennedy Corp. Employee Stock Ownership Plan has a remaining receivable in the amount of \$619,043 as of December 31, 2009. The claim is a result of a lawsuit filed by a former director and shareholder of the M.S. Kennedy Corp. against all former M.S. Kennedy Corp. directors. Pursuant to article 10.2(a)(ii) of the Stock Purchase Agreement (SPA), Anaren Inc. as buyer, M.S. Kennedy Corp. and their respective directors, officers and employees are entitled to be indemnified and held harmless by the Employee Stock Ownership Plan (ESOP) from and against any and all damages, losses, liabilities, cost and expenses as of June 30, 2010, the date the financial statements were made available, and no resolution had been reached regarding the lawsuit as of that date.
