IRWIN INTERNATIONAL, INC. 401K PLAN

Notes to Financial Statements
December 31, 2009 and 2008

1. Description of Plan

The following description of the Irwin International, Inc. 401K Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted by Irwin International, Inc. (the "Employer") effective January 1, 1996 and conforms to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan, which is a defined contribution plan, was amended and restated effective November 1, 2002. All full-time employees of the Employer who have one year of service and are age twenty-one or older are eligible to participate in the Plan.

State Street Bank and Trust is the trustee of the Plan. An officer of the Employer is the Plan's administrator.

Contributions

Participant contributions are made to the Plan by means of a salary deferral agreement under which participants may elect to defer up to 15% of their annual compensation (as defined by the Plan) but limited to a fixed amount determined annually by the Internal Revenue Service ($16,500 in 2009 and $15,500 in 2008). Plan participants who reach the age of fifty or older by the end of the year are allowed to make additional elective catch-up deferrals over and above these limits. The catch-up deferrals are limited to $5,000 in 2009 and 2008, respectively.

In March 2009, the Employer exercised its right under the Plan to discontinue making contributions to the Plan. Prior to March 2009, the Employer matched the amount of the contribution made by each participant up to a maximum of 50% of the first 5% of their compensation.

At its discretion, the Employer may also make additional contributions to the Plan. No discretionary contributions have been made to the Plan since inception.

Participant Accounts and Vesting

Each participant's account is credited with the participant's contributions and allocations of the Employer's matching and discretionary contributions. Allocations are based on participant earnings on account balances, as defined. Because participants direct their own investment accounts, earnings or losses are specifically identifiable to their accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participant accounts are immediately vested in participant contributions plus actual earnings thereon and are nonforfeitable. Vesting in the Employer contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of continuous service.

Hardship Withdrawals

In accordance with Internal Revenue Service regulations, participants may make hardship withdrawals from their accounts for financial needs as specified in the Plan Agreement.

Payment of Benefits

Generally, upon retirement, death or termination of employment, a participant may receive an amount equivalent to his or her account balance, either in a lump sum or equal installments not to exceed the participant's life expectancy (or the life expectancy of the participant and his or her designated beneficiary).

Forfeited Accounts

At December 31, 2009 and 2008, forfeited nonvested account amounts were immaterial. These amounts are used to reduce future employer contributions.

Participant Loans

The Plan may make a loan to any participant. The minimum loan amount is $500 and the maximum amount is limited to the lessor of 50% of the participant's account or $50,000. Loan transactions are treated as a transfer to (from) the investment fund and from (to) the loan fund. Loan repayment terms are up to five years, or longer if related to the purchase of a primary residence. Principal and interest payments are made through payroll reductions.

The interest rate is 2% above the prime rate as of the date of the loan. Loans to participants at December 31, 2009 and 2008 have interest rates ranging from 5.25% to 10.25% and are secured by 50% of the participant's vested account.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to ERISA provisions.

2. Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

All expenses of maintaining the Plan are paid by the employer.

3. Investments

The following table presents investments at December 31, 2009 and 2008. Investments that represent 5 percent or more of the Plan's net assets at the end of the year are separately identified. All of the investments are participant-directed.

	2009	2008
Investments at fair value:		
SSgA Govt. Money Market Fund	$ 521,633	$ 493,372
SSgA Stable Value Fund	268,313	256,161
George Putnam Fund of Boston	89,727	-
SSgA S&P 500 Index Fund	156,392	140,437
SSgA Active U.S. Large Cap Blend	182,308	175,552
	1,218,373	1,065,522
Other (less than 5% of Plan assets)	431,018	352,202
	$ 1,649,391	$ 1,417,724

During 2009 and 2008, the Plan's investments (including investments bought, sold and held during the year) appreciated (depreciated) in value as follows:

Investments at fair value:		
Mutual funds	$ 85,480	$ (192,010)
Common/collective trusts	80,810	(225,180)
Net change in fair value	$ 166,290	$ (417,190)

4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

	Fair Value	Fair Value Measurements Using: Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
December 31, 2009			
Mutual funds	$ 889,005	$ 889,005	$ -
Common/collective trusts	699,150	-	699,150
Participant loans	61,236	-	61,236
Total	$ 1,649,391	$ 889,005	$ 760,386
December 31, 2008			
Mutual funds	$ 726,238	$ 726,238	$ -
Common/collective trusts	637,168	-	637,168
Participant loans	54,318	-	54,318
Total	$ 1,417,724	$ 726,238	$ 691,486

SFAS No. 157, *Fair Value Measurements,* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end.

Level 3 Fair Value Measurements

The common/collective trusts and participant loans do not have quoted prices and significant other observable inputs are not available. The fair value of the common/collective trusts is determined by investment managers or trustees of the common/collective trusts. The fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance.

5. Income Tax Status

The Internal Revenue Service has determined and informed the Employer by a letter dated November 6, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving this determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
