1. DESCRIPTION OF PLAN

The following description of the Florida Eye Clinic (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan was effective as of January 1, 1996. The Plan is commonly referred to as a 401(k) plan covering all full and part-time employees of the Company who have provided three months of service. The entry requirements are subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Each year, participants may elect to defer up to 80% of pretax annual compensation, subject to Internal Revenue Code ("IRC") limitations. Participants may also contribute amounts representing distributions from other non-Company qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may contribute to the Plan discretionary profit sharing contributions. The Company did not make a contribution for the year ended December 31, 2009.

EXCESS CONTRIBUTIONS

The Plan passed the actual deferral percentage test as of December 31, 2009 and 2008.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of Plan returns. Allocations are based on participant returns or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon, if any, is based on years of vesting years service. Vesting is 100% after six years of vesting service. In the case of retirement of the participant, the participant becomes fully vested in the Company's contributions, if any.

INVESTMENTS

Participants may elect to invest contributions in various investment options. Participants may change their investment options daily.

PARTICIPANT LOANS
Participants may borrow from their fund accounts from $500 to $50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates from 5.50% to 9.25%. Once a loan is granted, the interest rate on that loan will remain fixed for the term of the loan. Principal and interest is paid ratably through monthly payroll deductions. There were outstanding participant loans totaling $19,948 and $14,376 as of December 31, 2009 and 2008, respectively.

PAYMENT OF BENEFITS
On termination of service due to retirement or death, a participant may elect to receive benefits pursuant to the options available under the Plan equal to the value of the participant's vested interest in his or her account.

WITHDRAWALS
The Plan provides for hardship withdrawals (as defined by the IRC) in certain circumstances only after loans provisions available under the Plan have been exercised.

FORFEITURES
Upon participant termination from the Plan, unvested participant account balances, if any, are forfeited and distributed among existing plan participants based on provisions outlined in the Plan Agreement. There were no forfeitures for the years ended December 31, 2009.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING
The financial statements of the Plan are prepared under the cash method of accounting.

ESTIMATES
The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION
The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

BENEFIT PAYMENTS
Benefits are recorded when they are paid.

CASH AND CASH EQUIVALENTS
The Plan considers all highly liquid investments with initial maturities of three months or less to be cash equivalents.

3. INVESTMENTS

ADP Retirement Services ("ADP") maintains all records of investment transactions and determines the valuation of the investment portfolio.

As required by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Custodian has provided certification to the Plan Administrator regarding the accuracy and completeness of certain information. The certified information includes the detail of investments held and their cost and fair values at the years ended December 31, 2009 and 2008, and the acquisitions and dispositions of securities and investment income and loss for the year ended December 31, 2009.

The fair value of individual investments that represent five percent or more of the Plan's net assets available for benefits as of December 31, 2009 or 2008 are as follows:

	2009	2008
Registered Investment Companies:

During the year ended December 31, 2009, the Plan's registered investment company investments increased in fair market value by $519,833. The increases in investment market values are the result of the general improvement in the economic markets during 2009.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. RELATED PARTY TRANSACTIONS

ADP is the Plan's custodian and record keeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Certain Plan investments are shares held in common collective trusts and registered investment companies sponsored by an affiliate of State Street Bank & Trust Company. State Street Bank & Trust Company is the trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. TAX STATUS

The Plan has adopted a prototype plan document designed by ADP. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan received a favorable plan specific determination letter, effective January 1, 1996. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. ADMINISTRATIVE EXPENSES

Certain administrative fees totaling approximately $5,500 were paid outside of the Plan by the employer in 2009.
