Report of Independent Certified Public Accountants

Plan Sponsor
Visant 401(k) Retirement Savings Plan

We were engaged to audit the accompanying financial statements of the Visant 401(k) Retirement Savings Plan ("Plan") as of December 31, 2009 and 2008, and for the years then ended and the supplemental schedule as of December 31, 2009, as listed in the accompanying contents. These financial statements and supplemental schedule are the responsibility of the Plan's Administrator.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Fidelity Management Trust Company, trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the years ended December 31, 2009 and 2008, that the information provided to the Plan Administrator by the respective trustee is complete and accurate.

Because of the significance of the information in the Plan's financial statements and supplemental schedule that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America as established by the American Institute of Certified Public Accountants and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Visant 401(k) Retirement Savings Plan
NOTES TO FINANCIAL STATEMENTS

December 31, 2009 and 2008

NOTE A – PLAN DESCRIPTION

The following description of the Visant 401(k) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

Certain Plan assets are being held in the Jostens 401(k) Master Trust (Master Trust), where assets of the Plan and another plan sponsored by Visant Corporation (the “Company,” “Plan Sponsor” or “Plan Administrator”) are invested on a commingled basis.

Effective January 1, 2008, the Plan was amended to reflect the final regulations under Section 415 of the Internal Revenue Code and applicable requirements under the Pension Protection Act of 2006.

Effective January 1, 2009, the Plan was amended to require automatic contributions of pre-tax elective deferrals by rehired participants who do not otherwise make an election with respect to such contributions.

General and Eligibility

The Plan is a defined contribution plan. Employees of Jostens, Inc. who are covered by the GCIU Local 49-C collective bargaining agreement (“Topeka Union”) are eligible to participate in the Plan on their date of hire. All other employees are eligible to participate in the Plan after 90 days of employment.

Effective January 1, 2007 the Plan was amended to provide that employees eligible for Plan participation include non-union hourly employees of The Lehigh Press, Inc. (“Lehigh”) hired on or after January 1, 2007 and salaried employees and office administrative employees of Lehigh.

Effective February 1, 2007, the Plan was amended to reflect that eligibility is provided to individuals represented by GCC/IBT Local 14-M (those not covered by a defined benefit plan).

Visant Corporation sold Von Hoffmann Corporation and Anthology, Inc. and the Plan was amended effective May 16, 2007 to exclude the Von Hoffmann Corporation and Anthology, Inc. as eligible employers, allow participants classified as Affected Employees under the purchase agreement to continue to make loan payments on outstanding loan balances subsequent to the termination of their eligibility to participate in the Plan or rollover loan balances to the Donnelley Deferred Compensation and Voluntary Savings Plan, and to fully vest balances of Affected Employees.

Effective October 1, 2007, the Plan was amended to reflect participation for certain individuals employed by Memory Book Acquisition LLC, a wholly owned subsidiary of Visant.

NOTE A – PLAN DESCRIPTION – Continued

Visant acquired Visual Systems, Inc. and the Plan was amended to provide for the merger of the Visual Systems, Inc. Profit Sharing & 401(k) Plan into the Plan effective December 31, 2007.

Funding Policy

Participants may contribute up to 50% of eligible compensation on a pre-tax basis, as defined in the Plan, subject to limits established by law. The Plan allows for automatic enrollment of new participants (except for Topeka Union) that met the eligibility requirements and deferral of 3% of eligible compensation, unless elected otherwise. Participants who are not covered by a collective bargaining agreement other than IAMAW Local 1416 (“Owatonna Union”) and who made pre-tax contributions of at least 5% of eligible compensation may contribute up to an additional 10% of after-tax contributions if they are a non-highly compensated employee.

For employees of the Company not subject to a collective bargaining agreement other than the Owatonna Union, the Company makes matching contributions of 100% of the first 3% of eligible compensation and 50% of the next 2% of eligible compensation that a participant contributes to the Plan. For certain employees at the Topeka location of the Company subject to collective bargaining agreements, the Company makes matching contributions of 50% of the first 6% of eligible compensation that a participant contributes to the Plan.

For each Plan year, the Company may contribute to the Plan a specified percentage of eligible participant compensation excluding collectively bargained employees, as determined by the Company’s Board of Directors. During 2009 and 2008, the Company made no discretionary contributions.

Participant’s Accounts

Each participant’s account is credited with the participant’s contributions (elective deferral, after-tax, catch-up and rollover) and allocations of the Company’s contributions (matching and discretionary) and Plan earnings and losses. Plan earnings are allocated to each participant by investment fund based on that participant’s share of total investments. The benefit to which a participant is entitled is the vested portion of the participant’s account.

Investment Options

All funds of the Plan were participant directed. Participants could choose to allocate their contributions and/or all or part of their account balance among any of the Plan’s investment alternatives on a daily basis.

Vesting

Participants are immediately vested in their contributions and the Company’s matching contributions plus actual earnings thereon.

NOTE A – PLAN DESCRIPTION – Continued

Discretionary employer contributions for contributions made with respect to Plan years prior to 2007 other than H&S Graphics profit sharing contributions prior to January 1, 1999, vest as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than three	0%
Three but less than four	20
Four but less than five	40
Five but less than six	60
Six but less than seven	80
Seven or more	100

Discretionary employer contributions for H&S Graphics profit sharing contributions prior to January 1, 1999 and contributions made with respect to Plan years beginning on and after January 1, 2007, vest as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than two	0%
Two but less than three	20
Three but less than four	40
Four but less than five	60
Five but less than six	80
Six or more	100

Participants who transferred from Visual Systems, Inc. are subject to the following schedule for funds in their Company Match source and Profit Sharing source:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than two	0%
Two years	20
Three years	40
Four years	60
Five years	100

No discretionary employer contributions were made for 2009 and 2008. The Plan provides that forfeiture of non-vested Company discretionary contributions by a participant are to be used to reduce administrative expenses or to reduce Company contributions. At December 31, 2009 and 2008, the forfeiture account balance was \$107,815 and \$40,916, respectively. During 2009 and 2008, there were forfeitures of \$65,319 and \$98,963, respectively.

NOTE A – PLAN DESCRIPTION – Continued

Payment of Benefits

The full value of the participant's vested account is payable upon termination, death and disability. If the participant's account balance does not exceed \$1,000 a lump-sum distribution, net of tax, is made. If the participant's balance is between \$1,000 and \$5,000 and the participant did not specify whether the distribution should be paid directly to an eligible retirement plan or paid directly to the participant, the Plan Administrator pays the distribution through a direct rollover to an individual retirement account designated by the Plan Administrator. If the participant's balance exceeds \$5,000, the participant may elect to receive a lump-sum distribution, net of tax, nonperiodic payments or installment payments. Distributions must begin by April 1 of the year following the year the participant turns age 70½ (or retires if later).

In-service withdrawals from a participant's after-tax accounts were available in accordance with the Plan document. Participants who had attained age 59½ could also make in-service withdrawals. Hardship withdrawals were also available under the Plan.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 (less their highest outstanding loan balance during the previous 12 months) or 50% of their vested account balance. Loan terms range from six months to five years unless the loan is for the purchase of a primary residence, in which case the maximum term is 15 years. The loans are secured by the vested balance in the participant's account and bear an interest rate established by the Plan Administrator. Principal and interest is paid ratably through payroll deductions for active participants. Participants are assessed a loan fee upon approval of the loan and an annual maintenance fee for the duration of the loan. Loans that become in default are deemed distributions to the participants and are included in benefits paid.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Visant 401(k) Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2009 and 2008

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Effective with participation in the Jostens 401(k) Master Trust, the Master Trust administered by the trustee held the Plan's investments. The Plan's interest in the Master Trust is stated at the collective fair value of each of the investments based on the units owned by the Plan's participants. Master Trust investments consist of mutual funds and a commingled pool fund. Mutual fund investments are valued at fair value as determined by the trustee. The commingled pool fund invests in numerous guaranteed, bank and synthetic investment contracts. This fund is valued at its estimated fair value (contract value plus accrued interest thereon) as determined by the trustee. Participant loans are valued at estimated fair value consisting of the remaining unpaid principal amount of the notes and any related accrued interest.

As described in the Financial Accounting Standards Board ("FASB") Staff Accounting Standards Codification, ("ASC") 962-325, *Plan Accounting – Defined Contribution Pension Plans Investments*, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As such, the statements of net assets available for benefits present the fair value of the Plan's interest in the collective trust as well as the adjustment of the Plan's interest in the collective trust from fair value to contract value relating to the investment contract.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis.

Increase (Decrease) in Plan Interest in Master Trust

The Plan presented in the statements of changes in net assets available for benefits the increase (decrease) in plan interest in Master Trust, which consisted of its share of the realized and unrealized appreciation (depreciation) on the Master Trust investments as well as interest and dividends, net of certain expenses, based on the specific performance of investment options and units owned by the Plan's participants.

Benefits Paid Directly to Participants

Benefits paid directly to participants or rolled over to other retirement plans on behalf of the participant are recorded by the Plan when paid.

Visant 401(k) Retirement Savings Plan

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2009 and 2008

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Administrative Expenses

Plan participants are responsible for certain administrative expenses, including loan and in-service withdrawal fees. Such charges were deducted from the participants' accounts and reflected in administrative expenses in the statements of changes in net assets available for benefits. All other expenses, including administrative, audit and legal fees are paid by the Company.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits in future periods.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Recent Accounting Pronouncements

In June 2009, the FASB issued guidance that established the *FASB Accounting Standards Codification*, ("ASC" or "Codification") as the source of authoritative accounting principles recognized by the FASB to be applied to nongovernmental entities in the preparation of financial statements in conformity with generally accepted accounting principles. The use of the Codification did not have a significant impact on the Plan's financial statements or disclosures as a result of this adoption.

In May 2009, the FASB issued ASC 855-10, *Subsequent Events*, which requires all entities to evaluate subsequent events through the date that the financial statements are available to be issued and disclose in the notes the date through which the Plan has evaluated subsequent events and whether the financial statements were issued or were available to be issued on the disclosed date. ASC 855-10 is effective for annual periods ending after June 15, 2009 and must be applied prospectively. The Plan adopted ASC 855-10 during 2009, with no impact to the financial statements other than subsequent event footnote disclosures.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2009 and 2008

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

In September 2009, the FASB issued ASU No. 2009-12, *Fair Value Measurements and Disclosures: Investments in Certain Entities That Calculate Net Asset per Share (or Its Equivalent)* (“ASU 2009-12”), which amended ASC Subtopic 820-10, *Fair Value Measurements and Disclosures – Overall*. The ASU is effective for the first reporting period ending after December 15, 2009, and expands the required disclosures for certain investments with a reported net asset value (NAV). The ASU permits entities holding investments in certain entities that calculate net asset value per share or its equivalent for which the fair value is not readily determinable, to measure the fair value of such investments on the basis of that net asset value per share or its equivalent without adjustment (a practical expedient). The ASU requires enhanced disclosures about the nature and risks of investments within its scope, including the nature of any restrictions on an investor’s ability to redeem its investments at the measurement date, any unfunded commitments, and the investment strategies of the investee. The Plan has adopted ASU No. 2009-12 on a prospective basis for the year ended December 31, 2009. The effect of the adoption of the ASU had no impact on the statements of net assets available for benefits and statement of changes in net assets available for benefits.

FASB Staff Position 157-4, *Disclosures Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly* (FSP), was issued in 2009 and later codified into ASC 820, which expanded disclosures and required that major category for debt equity securities in the fair value hierarchy table be determined on the basis of the nature and risks of the investments.

In January 2010, the FASB issued ASU No. 2010-06, *Improving Disclosures about Fair Value Measurements* (“ASU 2010-06”), which includes amendments to Topic 820, *Fair Value Measurements and Disclosures*, that will provide more robust disclosures about (1) the different classes of assets and liabilities measured at fair value, (2) the valuation techniques and inputs used, (3) the activity in Level 3 fair value measurements, and (4) the transfers between Levels 1, 2, and 3. The new disclosures and clarifications of existing disclosures are effective for interim and annual reporting periods beginning after December 15, 2009, except for the disclosures about purchases, sales, issuances, and settlements in the roll-forward of activity in Level 3 fair value measurements. Those disclosures are effective for fiscal years beginning after December 15, 2010, and for interim periods within those fiscal years. The application of ASU 2010-06 will not have a material impact on the Plan’s financial statements.

In September 2010, the FASB issued guidance clarifying the classification and measurement of participant loans by defined contribution pension plans. The clarification requires participant loans of a defined contribution pension plan to be classified as notes receivable from participants and measured at their unpaid principal balance, plus any accrued but unpaid interest. Currently, participant loans are classified as investments and measured at fair value. The new guidance is effective for fiscal years ending after December 15, 2010 and must be applied retrospectively, with early adoption permitted. Plan management does not expect that the adoption of this new guidance will have a material impact on the plan’s net assets, as the fair value of the participant loans currently reported approximates the carrying value of the participant loans.

Subsequent Events

The Plan evaluated its December 31, 2009 financial statements for subsequent events through October 8, 2010, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events, which would require recognition or disclosure in the financial statements

NOTE C – TRUSTEE CERTIFICATIONS

All Plan assets are held by Fidelity Management Trust Company, the trustee of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator has received certifications from the trustee that the statements submitted by them regarding Plan investments at fair value for mutual funds, except contract value for collective trusts and amortized cost for participant loans totaling \$253,480,327 and \$225,504,834 at December 31, 2009 and 2008, respectively, and investment income (loss) of \$40,832,886 and \$(69,789,280) and investment transactions for the years ended December 31, 2009 and 2008, respectively, are a complete and accurate accounting and are in accordance with the books and records of the trustee.

NOTE D – FAIR VALUE MEASUREMENTS

FASB ASC 820-10, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820-10 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2: Inputs to the valuation methodology include
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2009 and 2008

NOTE D – FAIR VALUE MEASUREMENTS – Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Participant loans: Valued at amortized cost, which approximates fair value.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2009 and 2008. The following table does not include the plan's interest in the Jostens 401(k) Master Trust because that information is presented in a separate table (see Note E).

NOTE E – INTEREST IN THE MASTER TRUST

The Jostens 401(k) Master Trust holds the assets of the Plan and other plans sponsored by Visant Corporation. Each participating plan in the Master Trust is allocated its proportionate share of the net assets based on the fair value of the investment options and units owned by each plan's participant. Fidelity Management Trust Company holds the assets of the Master Trust. Investment income, gains and losses, and administrative expenses relating to the Master Trust are allocated to each participating plan based on each plan's participant balance activity. The Plan's interest in the net assets of the Master Trust, which approximated 92% and 92.5% of the total value at December 31, 2009 and 2008, respectively, is included in the accompanying statements of net assets available for plan benefits. A summary of the net assets of the Master Trust and the Plan's allocated interest as of December 31, 2009 and 2008 is as follows:

- (a) Growth funds seek capital growth by investment in common stocks. The funds invest primarily in common stocks and seek to invest in companies that appear to offer superior opportunities for growth of capital. The funds may invest a percentage of its assets in securities of issuers domiciled outside the United States.
- (b) Value funds seek capital appreciation. These funds normally invest in stocks of U.S. issuers having certain market capitalization. The investments may include common stocks, preferred stocks, securities convertible into U.S. common stocks, U.S. dollar-denominated ADRs, and U.S. dollar-denominated foreign stocks traded on U.S. exchanges.

- (c) Stock funds seek long-term growth of principal and income. The funds generally invest in a diversified portfolio of equity securities issued by U.S. and non-U.S. companies. The funds normally invest in stocks of companies located around the world to take advantage of investment opportunities generated by changes in international trade patterns and economic and political relationships. The funds invest in well established companies based on standards of the applicable market.
- (d) Target funds seek high total return with capital appreciation a secondary objective. These funds use a moderate asset allocation strategy designed for investors expecting to retire at a specific point in time (2010, 2020, etc.). They normally invest in combinations of domestic equity funds, international equity funds, bond funds, and short-term funds. These funds use an asset allocation strategy that becomes increasingly conservative until they reach desired investment levels.
- (e) Balanced funds seek conservation of capital, current income and long-term growth of capital and income. The fund invests in a broad range of securities, including stocks, bonds and securities issued and guaranteed by the U.S. government. The funds may invest in securities of issuers domiciled outside the U.S. The funds may also hold cash or money market instruments.
- (f) Index fund investments seek to track the performance of a benchmark index that measures the investment return of required capitalization of stocks. The fund employs a passive management investment approach designed to track the performance of the identified index. It invests all, or substantially all, of assets in the stocks that make up the index, holding each stock in approximately the same proportion as its weighting in the index.
- (g) Fixed income funds seek to maximum total return. These funds normally invest at least 65% of assets in a diversified portfolio of Fixed-Income Instruments of varying maturities, which may be represented by forwards or derivatives such as options, futures contracts, or swap agreements. They invest primarily in investment-grade debt securities, but may invest up to 10% of total assets in high-yield securities.

The Plan is applying the practical expedient as of December 31, 2009 to its investment in Fidelity's Managed Income Portfolio II Fund (the "Fund"), a collective trust fund. The Fund's investment objective is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. Participants' ownership of the Fund is represented as units. Units are issued and redeemed daily at the Fund's constant NAV of \$1 per unit. The Fund allows for daily liquidity with no additional days notice required for redemption. It is the policy of the Fund to use its best efforts to maintain a stable NAV of \$1 per unit, although there is no guarantee that the Fund will be able to maintain this value.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment in the Fund at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that impact its ability to transact at contract value, as described in the following paragraphs. Plan management believes the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

The Fund invests in assets (typically fixed income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements) and enters into "wrapper" contracts issued by third parties and invests in cash equivalents represented by shares in a money market fund. A wrap contract is an agreement by another party, such as a bank or insurance company, to make payments to the Fund in certain circumstances. Wrap contracts are designed to allow a stable value portfolio to maintain a

constant NAV and protect a portfolio in extreme circumstances. In a typical wrap contract, the wrap issuer agrees to pay a portfolio the difference between the contract value and the market value of the underlying assets once the market value has been totally exhausted.

The following events may limit the ability of the Plan to transact at contract value:

- The Plan's failure to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.
- Any communication given to Plan participants designed to influence a participant not to invest in the Fund or to transfer assets out of the Fund.
- Any change in law, regulation or administrative ruling applicable to the Plan that could have material adverse effect on the Fund's cash flow.
- Any transfer of assets from the Fund directly into a competing investment option.
- The establishment of a defined contribution plan that competes with the Plan for employee contributions.
- Complete or partial termination of the Plan or its merge with another plan.
- Any substantive modifications of the Fund or the administration of the Fund that is not consented to by the wrap issuer.
- Any change in law regulation or administrative ruling applicable to a plan investing in the Fund that could have a material adverse effect on the Fund's cash flow.

The Fund is unlikely to maintain a stable NAV if, for any reason, it cannot obtain or maintain wrap contracts covering all of its underlying assets that are not otherwise invested in money market funds. For example, this could result from the Fund's inability to promptly find a replacement wrap contract following termination of a wrap contract. The wrap issuer's ability to meet its contractual obligations under the wrap contracts may be affected by future economic and regulatory developments. In the event that wrap contracts fail to perform as intended, the Fund's NAV may decline if the market value of its assets declines.

The Fund is presented in the statement of net assets at fair value with an adjustment to contract value.

The yield earned by the collective trust with an adjustment to reflect the actual interest rate credited to participants at December 31, 2009 and 2008 was 1.53% and 3.48%, respectively. This represents the annualized earnings credited to participants in the collective trust, divided by the fair value of all investments in the collective trust at December 31, 2009 and 2008.

NOTE F – INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated February 27, 2002, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.
