Independent Auditor's Report

We were engaged to audit the financial statements of Rosin Optical Co., Inc. Profit Sharing Plan as of December 31, 2009, and for the year ended December 31, 2009, and the supplemental schedule as of and for the year ended December 31, 2009, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note (3), which was certified by Reliance Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2009 and for the year ended December 31, 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

We have compiled the accompanying statement of net assets available for benefits of Rosin Optical Co., Inc. Profit Sharing Plan as of December 31, 2008, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants.

A compilation is limited to presenting in the form of financial statements information that is the representation of management. We have not audited or reviewed the accompanying statement of net assets available for benefits, and accordingly, do not express an opinion or any other form of assurance on it.

Profit Sharing Plan
Notes to Financial Statements
December 31, 2009

Note (1) Description of Plan

The following description of the Rosin Optical Co., Inc. Profit Sharing Plan, ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering all employees of Rosin Optical Co., Inc. ("Company") who have one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established on October 31, 1967.

B. Contributions

Each year, participants may contribute the maximum percentage allowable, not to exceed the limits of Code Sections 401(k), 402(g), 404 and 415, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified individual retirement accounts and qualified rollovers. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company, at its discretion, may make a discretionary contribution for eligible participants. For 2009, the Company did not make a discretionary contribution.

C. Participant Accounts

Each participant's account is credited with the participant's contribution, self directed Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note (1) Description of Plan - Continued

D. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested in their discretionary contribution account after six years of credited service.

E. Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in installments over a specified period. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

F. Forfeitures

Forfeitures that occur during a Plan year may be used to reduce the employer discretionary contribution. As of December 31, 2009, there were $2,769 of available forfeitures.

G. Administrative Expenses

Administrative expenses of the Plan are paid by the Plan Sponsor. Fees attributable to distributions and loans are paid by the plan participant.

H. Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

Note (2) Summary of Significant Accounting Policies

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

B. Accounting Standards Codification

In June 2009, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards No. 168, "The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles - a replacement of FASB Statement No. 162". This standard establishes the FASB Standards Accounting Codification ("Codification") as the source of authoritative accounting principles generally accepted in the United States of America ("U.S. GAAP") recognized by the FASB to be applied to nongovernmental entities. The Codification supersedes all of the existing accounting and reporting standards, but is not intended to change or alter existing U.S. GAAP. The Codification changes the references of financial standards within the Company's financial statements. All references made to U.S. GAAP use the new Accounting Standards Codification ("ASC") and the Codification numbering system prescribed by the FASB. For ease of transition, the former references of referring to the specific accounting principles will be shown parenthetically.

C. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. While actual results may differ from those estimates, management does not expect the differences, if any, to have a material effect on the financial statements.

Note (2) Summary of Significant Accounting Policies - Continued

D. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note (4) for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the plan's gains or losses on investments bought and sold as well as held during the year.

E. Payment of Benefits

Benefits are recorded when paid.

Note (4) Fair Value Measurements

Effective January 1, 2009, the Company completed its adoption of the fair value measurements and disclosures topic (formerly, FAS No. 157, "Fair Value Measurements"). This topic defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. It does not require any new fair value measurements, but may require some entities to change their measurement practices.

The fair value measurements and disclosures topic defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. It describes three approaches to measuring the fair value of assets and liabilities: 1) the market approach, 2) the income approach and 3) the cost approach. Each of these approaches includes multiple valuation techniques. It does not prescribe which valuation technique should be used when measuring fair value, but does establish a fair value hierarchy that prioritizes the inputs used in applying the various techniques. Inputs broadly refer to the assumptions that market participants use to make pricing decisions, including assumptions about risk. Level 1 inputs are given the highest priority in the hierarchy while Level 3 inputs are given the lowest priority. Assets and liabilities carried at fair value are classified in one of the following three categories based upon the nature of the inputs to the valuation technique used:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology including the following: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note (4) Fair Value Measurements - Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Participant Loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies and assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2009:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,790,163	$ 0	$ 0	$ 1,790,163
Participant Loans	0	0	7,546	7,546
Total Assets at Fair Value	**$1,790,163**	**$ 0**	**$ 7,546**	**$ 1,797,709**

Note (4) Fair Value Measurements - Continued

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2008:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,388,788	$ 0	$ 0	$ 1,388,788
Participant Loans	0	0	4,243	4,243
Total Assets at Fair Value	**$ 1,388,788**	**$ 0**	**$ 4,243**	**$ 1,393,031**

The following table sets forth a summary of changes in fair value of the plan's level 3 assets for the year ended December 31, 2009:

	Participant Loans
Balance - Beginning of Year	$ 4,243
Realized Gains/(Losses)	0
Unrealized Gains/(Losses) Relating to Instruments Still Held at the Reporting Date	0
Purchases, Sales, Issuances, and Settlements (Net)	3,303
Balance - End of Year	**$ 7,546**

Note (5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note (6) Tax Status

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving this information, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note (7) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note (8) Subsequent Events

The Company has adopted the subsequent events topic (formerly, FAS No. 165, "Subsequent Events"). This topic establishes principles and requirements for identifying, recognizing and disclosing subsequent events. It also requires that an entity identify the type of subsequent event as either recognized or unrecognized, and disclose the date through which the entity has evaluated subsequent events. The Company evaluated all significant events or transactions, that occurred through October 11, 2010, the issuance date of these financial statements. During this period, the Company did not have any material recognizable subsequent events.
