The Participants

Access Communications LLC 401(k) Profit Sharing Plan and Trust

We have audited the accompanying statement of net assets available for benefits of Access Communications LLC 401(k) Profit Sharing Plan and Trust as of December 31, 2009, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of Access Communications LLC 401(k) Profit Sharing Plan and Trust as of and for the year ended December 31, 2008, were audited by other auditors. Those auditors expressed an unqualified opinion on those financial statements in their report dated May 20, 2010.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2009, and the changes in net assets available for benefits for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The schedule of assets held at end of year displayed on page 13 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Rules and Regulations for Reporting and Disclosure of the Department of Labor under the Employee

Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. This supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**Notes to Financial Statements
December 31, 2009 and 2008**

1. PLAN DESCRIPTION

The following description of the Access Communications LLC 401(k) Profit Sharing Plan and Trust (the "Plan") provides general information about the Plan's provisions. Access Communications, LLC (the "Company") is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General

The Plan is a defined contribution plan covering substantially all full-time employees of the Company who are at least age twenty-one.

The Company is responsible for the general administration of the Plan. Merrill Lynch, Pierce, Fenner & Smith (the "Custodian") is the custodian of the Plan. Paychex Retirement Services is the recordkeeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions

Each year, participants may contribute up to 15% of pretax annual compensation, as defined by the Plan. Contributions are subject to a maximum amount permitted by the Internal Revenue Code (the "Code"), which is \$16,500 and \$15,500 for the calendar years ended December 31, 2009 and 2008, respectively. Participants may also contribute amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. The Company contributes a 50% match to all participant contributions. Additional profit sharing contributions may be contributed at the discretion of the Company's management. No such amounts were contributed for 2009. All contributions are subject to certain limitations of the Code.

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contributions and allocations of plan earnings. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The Company's matching and profit sharing contributions will vest 20 percent after one year of credited service and 20 percent each year thereafter, with full vesting after five years of employment.

ACCESS COMMUNICATIONS LLC 401(K) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

December 31, 2009 and 2008

Forfeitures

Upon termination of employment, participants forfeit their nonvested balance. Forfeited balances of terminated participant's nonvested accounts are used to pay administrative expenses and to reduce future Company contributions. The unallocated forfeiture balances as of December 31, 2009 and 2008 were \$137,684 and \$93,458, respectively, and forfeitures used to pay administrative expenses for 2009 were \$1,375.

Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 12 to 54 months or up to 120 months for the purchase of a primary residence. A participant may not have more than one loan outstanding at any point in time. The loans bear interest at a rate based on the prime rate plus 1% at the date of issuance as determined by the Recordkeeper. Principal and interest is paid ratably through payroll deductions. If a participant terminates employment with the Company, they may continue to make payments. If the loan is not repaid, it will automatically be treated as a distribution to the participant after 3 months.

Payment of Benefits

Upon separation from service with the Company due to death, disability, retirement, or termination, a participant whose vested account balance exceeds \$1,000 may elect to receive either a lump-sum or may elect installment payments on a quarterly or annual basis. A participant whose vested account balance is \$1,000 or less and has not commenced receiving installment payments will automatically receive an immediate lump-sum distribution equal to their vested account balance.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping fees. Expenses relating to purchases, sales, or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100 percent vested in the accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

ACCESS COMMUNICATIONS LLC 401(K) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

December 31, 2009 and 2008

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP") requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Accounting Pronouncements

In June 2009, the Financial Accounting Standards Board ("FASB") issued FASB No. 168, "The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles, a Replacement of FASB Statement No. 162" ("SFAS No. 168"). SFAS No. 168 was effective for interim and annual periods ending after September 15, 2009. Under SFAS No. 168, the FASB Accounting Standards Codification (the "Codification" or "ASC") became the source of authoritative US GAAP recognized by the FASB to be applied by non-governmental entities. Rules and interpretive releases of the Securities and Exchange Commission ("SEC") under authority of federal securities laws are also sources of authoritative GAAP for SEC registrants. The Codification superseded all existing non-SEC accounting and reporting standards at September 15, 2009. All other non-grandfathered non-SEC accounting literature not included in the Codification has become non-authoritative. SFAS No. 168 has been incorporated in ASC 105, "Generally Accepted Accounting Principles." The Plan adopted SFAS No. 168 in 2009 with no effect on the Plan's financial statements except for the change in the referencing of financial accounting standards.

The Plan adopted a new accounting standard included in ASC 855, "Subsequent Events," which establishes general standards of accounting for and disclosure of events that occur after the balance sheet date but before financial statements are issued or are available to be issued. The Plan adopted this standard in 2009 and has evaluated subsequent events accordingly with no material impact on the Plan's Financial Statements.

In September 2009, the FASB issued Accounting Standards Update ("ASU") 2009-12, "Fair Value Measurements and Disclosures (Topic 820) – Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)." This update provides guidance on estimating the fair value of an entity's investments in investment companies when the investment does not have a readily determinable fair value. It permits the use of the investment's net asset value as a practical expedient to determine fair

ACCESS COMMUNICATIONS LLC 401(K) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

December 31, 2009 and 2008

value. This guidance is effective for periods ending after December 15, 2009. The adoption did not have a material impact on the Plan's financial statements and all applicable disclosures are included in these financial statements.

In January 2010, the FASB issued ASU 2010-06, "Improving Disclosures about Fair Value Measurements" ("ASU 2010-06"). ASU 2010-06 requires additional disclosures about fair value measurements including transfers in and out of Levels 1 and 2 as well as the reasons for the transfers and a greater level of disaggregation for each class of assets and liabilities. For the reconciliation of Level 3 fair value measurements, information about purchases, sales, issuances and settlements are presented separately rather than one net number. This standard is effective for interim and annual reporting periods beginning after December 15, 2009 with the exception of revised Level 3 disclosure requirements which are effective for interim and annual reporting periods beginning after December 15, 2010. The Plan will apply the provisions of this standard to its financial statement disclosures beginning in annual reporting period ending December 31, 2010.

In September 2010, the FASB issued ASU 2010-25 "Plan Accounting - Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans." This update relates to the accounting for and disclosure of participant loans in defined contribution financial statements. The amended standards will require participant loans to be accounted for on an amortized cost basis and be presented as loans or notes receivables on the statement of net assets available for benefits. Additionally, participant loans are excluded from the fair value disclosures. The adoption of this standard is effective for all fiscal years ending after December 15, 2010 and is not expected to have a material effect on the amounts reported in the Plan's financial statements or the notes thereto.

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2010, the date the financial statements were available to be issued, and determined there are no items to disclose.

Reclassifications

Certain amounts for the prior year have been reclassified to conform to the current year presentation.

4. FAIR VALUE MEASUREMENTS

Statement of Financial Accounting Standards No. 157, Fair Value Measurements, ("FAS 157") establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under FAS 157 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

ACCESS COMMUNICATIONS LLC 401(K) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

December 31, 2009 and 2008

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009.

Mutual funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

Money market funds: Valued using the net asset value provided by the administrator of the fund. The net asset value is used as a practical expedient to determine fair value. The fund provides for redemptions by the Plan at reported net asset values per share (typically \$1 per share), with little or no advance notice required.

Participant loans: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuations are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total

5. TAX STATUS

The underlying standardized prototype plan has received an opinion letter from the Internal Revenue Service dated March 31, 2008, stating that the written form of the underlying prototype document is qualified under Section 401(a) of the Code, and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. PARTIAL PLAN TERMINATION

During 2009, the Company adopted a plan to restructure its operations by making changes to company activities, including closing business development offices and severing employees. The restructuring caused the Plan to experience a partial plan termination event, the consequences of which were that those employees who were not 100% vested in their benefits and who were terminated in connection with the restructuring, became 100% vested.
