Notes to Financial Statements

1. Description of Plan:

The following description of Sud-Chemie Hi-Tech Ceramics, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering essentially all employees of Sud-Chemie Hi-Tech Ceramics, Inc. (the Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In December 2008, Sud-Chemie (the Sponsor's parent company) purchased Hi-Tech Ceramics from Vesuvius USA Corporation (Vesuvius). The Plan was established effective February 1, 2009. The majority of rollover contributions presented on the accompanying statement of changes in net assets available for benefits came from former participants of two terminated plans sponsored by Vesuvius.

Contributions:

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, provided total additions to the account of the participating employees for any plan year shall not exceed the amount permitted by Internal Revenue Service regulations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Sponsor may elect to make safe harbor contributions to the Plan. In 2009, the Sponsor made safe harbor matching contributions equal to 100% of the first 3%, and 50% of the next 2% of participant compensation contributed.

The Plan also allows discretionary contributions, determined by the Sponsor, and allocates them to participants based on eligible compensation. In 2009, the Sponsor made discretionary contributions of 6% of eligible compensation to participants employed by the Sponsor at the end of the year.

These financial statements differ from the Plan's Form 5500 in that employer contributions receivable are not recognized in the Form 5500.

Participant Accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Sponsor's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are vested immediately in their contributions, the Sponsor's safe harbor contributions, plus actual earnings thereon. Vesting in the Sponsor's discretionary contribution portion of participant accounts is based on years of continuous service. A participant is 100% vested after 5 years of credited service.

Investment Options:

Participants direct their contributions and the corresponding employer contributions into various investment options offered by the Fidelity Management Trust Company (Fidelity), a trustee of the Plan.

Payment of Benefits:

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments, or annuity options. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Participant Loans:

The Plan does not allow new participant loans. The Plan permitted former Vesuvius employees to roll over $60,588 of existing participant loans which will be administered by the Plan through their original maturity dates.

2. Summary of Significant Accounting Policies:

Basis of Accounting:

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. Units of mutual funds and money market funds are valued based on quoted prices in active markets. The common/collective trust fair value is estimated by Fidelity, in the absence of readily determinable fair values. The estimated fair value of the common/collective trust approximates contract value. The fair value of participant loans approximates amortized cost.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Unrealized appreciation or depreciation on investments is charged or credited to the net assets of the Plan.

Payment of Benefits:

Benefits are recorded when paid.

Administrative Costs:

Various administrative costs were paid by the Sponsor.

Subsequent Events:

The Plan has evaluated events and transactions for potential recognition or disclosures in the financial statements through October 12, 2010 (the date the financial statements were available to be issued).

3. Investments (Unaudited):

The following information included in the accompanying financial statements and supplemental schedule as of December 31, 2009 and for the period February 1, 2009 through December 31, 2009 was obtained from data that has been prepared and certified to as complete and accurate by Fidelity:

Balance, beginning of period	$	-
Purchases, sales, issuances and settlements (net)		36,502
Balance, end of year	$	36,502

4. Plan Termination:

Although it has no intent to do so, the Sponsor has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Plan participants would become 100% vested in their employer discretionary contributions.

5. Tax Status:

The Internal Revenue Service has issued a favorable determination letter on the tax status of the Plan. Accordingly, no provision has been made for income taxes. The Plan believes it is subject to examination by federal and state taxing authorities for all periods since inception.

6. Risks and Uncertainties:

The Plan provides for various participant directed investment options. Investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.
