RAISING CANE'S RETIREMENT SAVINGS PLAN
PLANO, TEXAS

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Raising Cane's Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of Raising Cane's USA, LLC (the Company) who are not covered by a collective bargaining agreement, who have completed one year and one thousand hours of service, and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year participants may contribute up to the maximum deferral amount indicated by the Internal Revenue Service (IRS) (designated salary deferrals) which is contributed to the Plan on the employees' behalf. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make contributions in the form of Roth deferral contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit plans or defined contribution plans.

The Company may make matching contributions based on the discretion of the Board. The Company's matching contributions for the years ended December 31, 2009 and 2008 was 25% up to 6% of salary deferrals. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with (1) the participant's contribution, and employer matching contributions, if any, and (2) an allocation of the Plan's earnings and administrative expenses. The allocation of earnings is based on the actual performance of the fund the participant chose to invest their money less any applicable fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in employer contributions is based on the number of completed years of service as follows:

Less than 2 years	0%
2 years	25%
3 years	50%
4 years	75%
5 years	100%

NOTES TO FINANCIAL STATEMENTS

1. **Description of Plan** (continued)

Payment of Benefits: Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. In service withdrawals are permitted for participants who have attained the Plan's normal retirement age of 65.

Forfeitures: At December 31, 2009 and 2008, forfeited non-vested accounts totaled $2,269 and $477, respectively. These accounts will be used to reduce future employer contributions.

2. **Summary of Significant Accounting Policies**

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at estimated fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for further discussion of fair value measurements. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Plan Expenses: The Employer pays a significant portion of the Plan's expenses.

Recent Accounting Pronouncement: Effective July 1, 2009, the Plan adopted new accounting guidance related to U.S. GAAP. This guidance establishes the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) as the source of authoritative U.S. GAAP recognized by FASB to be applied by nongovernmental entities. FASB will no longer issue new standards in the form of Statements, FASB Staff Positions or Emerging Issues Task Force Abstracts. Instead, it will issue Accounting Standards Updates (ASUs), which will serve to update FASB ASC, provide background information about the guidance and provide the basis for conclusions on the changes to FASB ASC. FASB ASC is not intended to change U.S. GAAP. This guidance is effective for the Plan as of December 31, 2009.

NOTES TO FINANCIAL STATEMENTS

3. Investments (unaudited)

During the year ended December 31, 2009 the Plan's investments in mutual funds (including investments bought, sold, and held during the year) appreciated in value by $136,568. Investments that represented five percent (5%) or more of the Plan's net assets are as follows at December 31,:

	December 31,	
	2009	2008
Royce Value Plus Ser	$ **	$ 19,604
Fidelity Retirement Money Market	138,977	**
WFA Small Cap Value Inv	77,291	**

Fidelity Cap Appreciation	60,085	23,348
Fidelity Freedom 2030	53,823	25,852
Fidelity Freedom 2045	**	18,343
Fidelity Value Discovery	79,347	**
	$ 567,899	$ 106,182

** Investment did not represent 5% or more of the Plan's net assets available for benefits at the beginning of the year.

4. Fair Value Measurements

FASB ASC, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the framework are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement determined using model-based techniques that include option pricing models, discounted cash flow models, and similar techniques.

4. Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds and money market fund: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Loans: Valued at cost which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

	Level 1	Level 2	Level 3

4. Fair Value Measurements (continued)

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets (participant loans) for the year ended December 31, 2009.

Balance, beginning of year	$ 1,600
Payments	(1,600)
Balance, end of year	$ -

5. Income Tax Status

The Plan is a qualified cash or deferred arrangement established under Section 401(k) of the Internal Revenue Code. It is exempt from income taxes under Section 401(a) of the Internal Revenue Code. The Plan has executed an adoption agreement using Fidelity Management Trust Company non-standardized profit sharing/401(K) plan and relies on the determination letter issued for the prototype plan. Although the Plan has been amended, the Plan administrator believes the Plan continues to operate in accordance with applicable rules and therefore, remains tax exempt.

On January 1, 2009, the Plan adopted the recent accounting guidance related to accounting for uncertainty in income taxes, which sets out a consistent framework to determine the appropriate level of tax reserves to maintain for uncertain tax positions. Plan administration recognizes the effect of income tax positions only if the positions are more likely than not of being sustained. Recognized income tax positions are recorded at the largest amount that is greater than 50% likely of being realized. Changes in the recognition or measurement are reflected in the period in which the change in judgment occurs. The Plan administration has evaluated its position regarding the accounting for uncertain income tax positions. Plan administration does not believe that it has any material uncertain tax positions. With few exceptions, the Plan is no longer subject to federal, state, or local tax examinations by tax authorities for years before 2006.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination, all participants are 100% vested in their accounts.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and market risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

8. Information Prepared and Certified by the Trustee

Pursuant to 29 CFR 2520.103-8 the Plan qualified for a limited scope audit. Raising Cane's Retirement Savings Plan

We were engaged to audit the accompanying statements of net assets available for benefits of the Raising Cane's Retirement Savings Plan (the Plan) as of December 31, 2009 and 2008, the related statement of changes in net assets available for benefits for the year ended December 31, 2009, the supplemental schedule of assets held for investment purposes as of December 31, 2009, and schedule of delinquent participant contributions for the year ended December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to investments, related investment income, and the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.
