1. DESCRIPTION OF PLAN

The following description of the American Excelsior Company 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan established to provide retirement, disability, and death benefits for qualified employees of the American Excelsior Company (the "Company"). The Plan covers all employees of the Company who completed 500 hours of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(b) Contributions

Contributions from the Company are accrued based on actions of its board of directors. Participants eligible to participate in the Plan may contribute a percentage of gross pay from 1 to 15 percent of pretax annual compensation or a specific dollar amount of their total compensation determined by the Internal Revenue Service ($16,500 for 2009 and $15,500 for 2008) in each calendar year. Contributions from participants are recorded when withheld from the participants' wages.

Certain Company divisions are required to contribute a discretionary match based on collective bargaining agreements. The Company may make an additional discretionary or qualified non-elective contribution each year to eligible persons, as defined, in amounts determined by the Board of Directors. The Company's discretionary matching contribution of 50% of the first 4% of eligible compensation and contributions based on collective bargaining agreements for the year ended December 31, 2009 totaled $77,987. During 2009, the Company made an additional qualified discretionary contribution for all employees not eligible for contribution in the American Excelsior Company Employee Stock Ownership Plan totaling $74,689.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, Company's contributions and plan earnings, and is charged with an allocation of administrative expenses as defined by the Plan. Allocations are based on account balances. There are no other benefits to which a participant is entitled other than the vested balance in the participant's account.

(d) Vesting

Participants are immediately vested in their pretax contributions and the Company's qualified non-elective contributions and, related earnings thereon. Participants become fully vested in the Company's matching contributions and discretionary contributions after completing three years of service or in the event of retirement, disability, or death.

1. DESCRIPTION OF PLAN (Continued)

(e) Participant Loans

A participant in the Plan may request a loan not in excess of the lesser of (1) the greater of 50% of the vested account balance or (2) $50,000 reduced by the highest outstanding loan balance within the previous 12 months. A participant may have a maximum of two loans outstanding at any time. The repayment terms of loans may not exceed five years except for loans used to acquire the participant's principle residence, which may not exceed 10 years. Each loan bears a reasonable rate of interest and repayments are made via payroll deductions.

(f) Payment of Benefits

In accordance with the Plan document and as allowed under Section 401(k) of the Internal Revenue Code (the "Code"), benefit payments of participants' pretax contributions are available upon retirement, death, disability, or separation from service and in amounts necessary to satisfy a financial hardship as defined by the Plan and in accordance with the Code.

(g) Forfeited Accounts

Forfeited non-vested accounts may be used for several purposes such as the payment of Plan expenses and to reduce employer contributions. Forfeiture activity in 2009 included $236 of current year forfeitures, approximately $3 of net investment earnings and $239 of forfeitures used to reduce administrative expenses. As of December 31, 2009 and 2008, unallocated forfeitures totaled zero for both years.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

As described in Financial Accounting Standards Board Accounting Standards Codification ("ASC") Topic 946-210, Other Presentation Matters, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the ASC, investments in the accompanying statements of net assets available for benefits include fully benefit-responsive investment contracts recognized at fair value with a corresponding adjustment to reflect these investments at contract value which approximates fair value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments in pooled separate accounts are stated at the current fair value of the underlying assets, as determined by published market prices by Principal Financial Group ("Principal"). Investments in Principal's guaranteed interest accounts are stated at fair value, as determined by Principal. A surrender fee may be assessed if a participant withdraws funds prior to the respective contract's maturity date. Participant loans are stated at cost, which approximates fair value.

The Plan's investments are stated at fair value based on quoted market prices. Mutual funds are valued at the net asset value of shares held by the Plan at year-end. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant loans are stated at their outstanding balances, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(d) Operating Expenses

Certain expenses of the Plan are paid by the Plan.

(e) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(f) New Accounting Pronouncements

In June 2009, the Financial Accounting Standards Board ("FASB") issued a standard that established the FASB Accounting Standards Codification (the "ASC"), which effectively amended the hierarchy of U.S. generally accepted accounting principles ("GAAP") and established only two levels of GAAP, authoritative and nonauthoritative. All previously existing accounting standard documents were superseded, and the ASC became the single source of authoritative, nongovernmental GAAP. All other non-grandfathered, non-SEC accounting literature not included in the ASC became nonauthoritative. The ASC was intended to provide access to the authoritative guidance related to a particular topic in one place. New guidance issued subsequent to June 30, 2009 will be communicated by the FASB through Accounting Standards Updates. The ASC was effective for financial statements for annual reporting periods ending after September 15, 2009. The Plan has adopted and applied the provisions of the ASC for the Plan's financial statements, and have eliminated references to pre-ASC accounting standards throughout the financial statements. The Plan's adoption of the ASC did not have a material impact on the Plan's financial statements.

In May 2009, the FASB issued authoritative guidance on ASC topic *Subsequent Events* which establishes general standards of accounting for and disclosure of events that occur after the balance sheet date, but before financial statements are issued or are available to be issued. Specifically, this guidance provides (i) the period after the balance sheet date during which management of a reporting entity should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements; (ii) the circumstances under which an entity should recognize events or transactions occurring after the balance sheet date in its financial statements; and (iii) the disclosures that an entity should make about events or transactions that occurred after the balance sheet date. This guidance is effective for periods ending after June 15, 2009. The adoption of this guidance did not have a material effect on the Plan's financial statements. See footnote entitled "*Subsequent Events*," for certain required disclosures related to this guidance.

In September 2006, FASB issued authoritative guidance on ASC topic Fair Value Measurements and Disclosures. This guidance defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles (GAAP), and expands disclosures about fair value measurements. This guidance is effective for financial statements issued for fiscal years beginning after November 15, 2008 for both financial and nonfinancial assets and liabilities. The implementation of this guidance did not have any impact on the Plan's financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(f) New Accounting Pronouncements (Continued)

In August 2009, the FASB issued new guidance on ASC topic Fair Value Measurements and Disclosures. This guidance provides clarification that in circumstances in which a quoted price in an active market for the identical liability is not available, a reporting entity is required to measure fair value using one or more of certain prescribed techniques. This amendment also clarifies that when estimating the fair value of a liability, a reporting entity is not required to include a separate input or adjustment to other inputs relating to the existence of a restriction that prevents the transfer of the liability. It also clarifies that both a quoted price in an active market for the identical liability at the measurement date and the quoted price for the identical liability when traded as an asset in an active market when no adjustments to the quoted price of the asset are required are Level 1 fair value measurements. This new guidance is effective for the first reporting period beginning after issuance of this pronouncement (August 26, 2009). The implementation of this guidance did not have any impact on the Plan's financial statements.

(g) Reclassifications

Certain amounts have been reclassified to conform to current year presentation.

3. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a benefit-responsive investment contract with Principal. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the statement of net assets available for benefits at fair value as determined using the market approach based on market prices of similar contracts. The adjustment from fair value to contract value for the investment contract is based on the contract value as reported to the Plan by Principal. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The average yield and crediting interest rates were approximately 3.44% and 1.68% for 2009 and 3.09% and 1.19% for 2008, respectively.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Principal. The Plan administrator believes the occurrence of such events that would limit the Plan's ability to transact at contract value with Plan participants is not probable.

4. INVESTMENTS

Investments at December 31, 2009 and 2008 that represent 5% or more of the Plan's net assets available for benefits consisted of the following:

	2009	2008
Guaranteed interest	$ 504,177	$ 518,064
Pooled Separate Accounts:		
Money Market	829,303	1,178,469

Bond and Mortgage	524,708	383,208
Stock Emphasis Balanced	452,309	365,988

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $1,021,618 for the year ended December 31, 2009.

5. INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan administrator elected the method of compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the Plan administrator limited auditing procedures with respect to the information certified by the custodian.

A summary of the information certified by the custodian as of December 31, 2009 and 2008 and for the year ended December 31, 2009 is as follows:

	2009	2008
Investments at fair value:		
Pooled separate accounts	$ 6,325,159	$ 5,338,146
Investment contract with insurance company	504,177	518,064
Net appreciation in market value	1,021,618	-
Interest and dividends	19,023	-

6. FAIR VALUE MEASUREMENTS

FASB ASC topic *Fair Value Measurements*, defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

6. FAIR VALUE MEASUREMENTS (Continued)

The three levels of the fair value hierarchy under FASB ASC topic 820, *Fair Value Measurements*, are described as follows:

Level 1 **Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.**

Level 2 **Inputs to the valuation methodology include**

- **quoted prices for similar assets or liabilities in active markets;**
- **quoted prices for identical or similar assets or liabilities in inactive markets;**
- **inputs other than quoted prices that are observable for the asset or liability;**
- **inputs that are derived principally from or corroborated by observable market data by correlation or other means.**

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 **Inputs to the valuation methodology are unobservable and significant to the fair value measurement.**

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total
Investment contract with insurance company	$ -	$ -	$ 504,177	$ 504,177
Pooled separate accounts	-	6,224,359	100,800	6,325,159
Participant Loans	-	-	451,550	451,550
	$ -	$ 6,224,359	$ 1,056,527	$ 7,280,886

The following is a summary of changes in the fair value of the Plan assets that were measured using significant unobservable inputs for the year ended December 31, 2009:

	Investment Contract with Insurance Company	Pooled Separate Account	Participant Loans	Total
Beginning balance	$ 518,064	$ 118,234	$ 425,948	$ 1,062,246
Purchases, sales, issuances and settlements	(13,887)	(17,434)	25,602	(5,719)
Ending balance	$ 504,177	$ 100,800	$ 451,550	$ 1,056,527

6. FAIR VALUE MEASUREMENTS (Continued)

The following sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2008:

	Assets at Fair Value as of December 31, 2008			
	Level 1	Level 2	Level 3	Total
Investment contract with insurance company	$ -	$ -	$ 518,064	$ 518,064
Pooled separate accounts	-	5,219,912	118,234	5,338,146
Participant Loans	-	-	425,948	425,948
	$ -	$ 5,219,912	$ 1,062,246	$ 6,282,158

The following is a summary of changes in the fair value of the Plan assets that were measured using significant unobservable inputs for the year ended December 31, 2008:

	Investment Contract with Insurance Company	Pooled Separate Account	Participant Loans	Total
Beginning balance	$ 461,673	$ 237,072	$ 434,846	$ 1,133,591
Purchases, sales, issuances and settlements	56,391	(118,838)	(8,898)	(71,345)
Ending balance	$ 518,064	$ 118,234	$ 425,948	$ 1,062,246

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

8. TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated February 11, 2010, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. During 2003, the Plan was amended for the adoption of the required minimum distribution provisions of the Internal Revenue Final Regulations 1.401(a)(9). Effective January 1, 2006, the Plan was amended to make certain administrative changes and clarifications to mirror the operation of the American Excelsior Company Employee Stock Ownership Plan and to comply with final regulations issued under sections 401(k) and 401(m) of the Code.

8. TAX STATUS (Continued)

Effective January 1, 2007, the Plan was amended to comply with the Pension Protection Act of 2006 and authorize the Plan's Administrative Committee to approve amendments that are required by law or regulation. Effective January 1, 2008, the Plan was amended to update compensation and contribution limitations.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

9. RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by The Principal Financial Group. The Principal Financial Group is the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

	2009	2008
Net assets available for benefits per the financial statements	$ 7,362,208	$ 6,365,379
Adjustment to/from fair value to contract value	(3,335)	-
Net assets available for benefits per Schedule H to Form 5500	$ 7,358,873	$ 6,365,379

11. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through the time of the financial statements issuance and determined that no significant subsequent events have occurred requiring adjustments to the financial statements or disclosures.
