FELDCO 401(k) PLAN

AUDIT REPORT
December 31, 2009 and 2008

Corbett, Duncan & Hubly PC

INDEPENDENT AUDITORS' REPORT

To the Plan Sponsor of the
Feldco 401(k) Plan

We were engaged to audit the statements of net assets available for benefits of the Feldco 401(k) Plan (the "Plan") as of December 31, 2009 and 2008, the related statement of changes in net assets available for benefits for the year ended December 31, 2009, and the supplemental information included in Schedule H, line 4i – Schedule of Assets (Held at End of Year), (IRS Form 5500) referred to as "supplemental information" as of December 31, 2009. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by ING, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Feldco 401(k) Plan

Notes to the Financial Statements
As of December 31, 2009 and 2008, and for the Year Ended December 31, 2009

NOTE 1 – PLAN DESCRIPTION

The following description of the Feldco 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement or the summary plan description for a more complete description of the Plan's provisions.

A. GENERAL

The Plan is a profit sharing and 401(k) defined contribution plan covering all employees of the Company who meet the eligibility requirements of three months of service and twenty-one years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. CONTRIBUTIONS

Under the Plan, participants are allowed to defer a portion of their compensation under a salary reduction agreement. Compensation that is subject to deferral is based on W-2 wages, including compensation due to SEP deferrals, cafeteria deferrals, deemed section 125 compensation, and transportation compensation deferrals. Elective deferrals may be made in any amount within the restrictions of ERISA. Such deferrals are limited by ERISA to a maximum of $16,500 or $22,000 for those employees over age 50 for the year ended December 31, 2009. Employee contributions are made through authorized payroll deductions. Employee contributions can be made using pre-tax or after-tax "Roth" deferrals.

Each year, the employer may make discretionary matching contributions equal to a percentage of the participant's 401(k) deferrals. These contributions are subject to certain Internal Revenue Code (IRC) limits. In addition to a discretionary matching contribution, the Plan allows for a discretionary profit sharing contribution by the employer. This contribution is made at the sole discretion of the company. There was no discretionary profit sharing contribution for the year ended December 31, 2009.

C. PARTICIPANTS' ACCOUNTS

Each participant's account is credited with the participant's elective deferral contribution and an allocation of (a) the Company's employer matching contribution, (b) the Company's discretionary profit sharing contribution, and (c) Plan earnings based upon the investment elections chosen. Allocations are based on participant earnings or account balances, as defined, and directed by participants. Forfeited amounts are used to offset the employer contribution or administrative expenses of the Plan.

D. VESTING

Employees are 100% vested in their voluntary contributions. In the case of the employer's discretionary profit-sharing and discretionary matching contributions, the Plan uses a graduated scale for vesting:

Full Years of Service	Vested Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or More	100%

E. PARTICIPANT LOANS

The Plan includes a provision allowing eligible participants to borrow from their accounts at a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years. The loans are repaid, with interest, through equal payroll deductions. The interest rate charged on loans is based on the Prime rate as published in the Wall Street Journal on the day of the loan. Participants may not have more than one loan outstanding at any time.

F. PAYMENT OF BENEFITS

On termination of service due to death, disability, retirement, or other reasons, a participant can choose to have a distribution of his/her account balance equal to the value of his/her vested interest. In the case of early distribution at age 59 ½, the participant may elect to withdraw all or some of his/her salary reduction contributions (including any earnings thereon). Upon financial hardship, as defined by the Plan agreement, distributions are permitted prior to termination of service.

Benefits are recorded when paid.

G. ADMINISTRATIVE EXPENSES

Administrative expenses of the plan and trust must be paid by the plan to the extent not paid by the employer. Administrative expenses attributable to active participants shall be allocated among the active participants by dividing total administrative expenses by the number of active participants and then charging the same amount to the account of each active participant. Administrative expenses attributable to terminated participants shall be allocated among the terminated participants by dividing total administrative expenses by the number of terminated participants and then charging the same amount to the account of each terminated participant.

H. PLAN TERMINATION

The Company reserves the right to alter, amend, or terminate the Plan. In the event of Plan termination, participants will be entitled to a full distribution of their account balance. Presently, there is no intention on the part of the Company to terminate the Plan.

I. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 1 – PLAN DESCRIPTION – (continued) –

J. BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting. As described in Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 946-210, formerly known as FASB Staff Position, FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans*, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by ASC 946-210, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

K. ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

L. SUBSEQUENT EVENTS

The Plan evaluated subsequent events through October 13, 2010, which is the financial statement issuance date. All items which are required for disclosure have been included in the accompanying financial statements and notes thereto.

NOTE 2 – VALUATION OF INVESTMENTS

The Plan's investments are stated at fair value. The Plan invests in units of pooled separate accounts that are invested in shares of mutual funds. Shares of registered investment companies are valued at quoted market prices representing the net asset value of the underlying assets of the funds in which the Plan owns shares. Participant loans are valued at the outstanding balance, which approximates fair value.

Investment income is recorded when earned and allocated to each participant's account daily, based on the number of shares held in each participant's account. Both realized and unrealized gains and losses are included in the caption "net appreciation in fair value of mutual funds". Purchases and sales of securities are recorded on a trade-date basis.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan's investments are held in a trust fund administered by ING Life Insurance and Annuity Company. Investments that represent five percent or more of the Plan's net assets available for benefits are separately identified. The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by the custodian.

		2009		2008
Investments at fair value as determined by quoted market prices:				
ING Money Market	$	118,773	$	255,417

Participant loans	**	50,898	**	61,342
Total Investments	$	1,780,733	$	1,283,520

* Less than 5% in current or prior year
**Not certified by ING

NOTE 4 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan follows Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 946-210, formerly known as FSP AAG INV-1, Reporting of Fully Benefit Responsive Investment Contracts Held by Certain Investment Companies.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to a fully benefit-responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the ASC, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts.

The Plan has a benefit-responsive investment contract with ING Life Insurance and Annuity Company ("ING"). ING maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the statements of net assets available for benefits at fair value as determined using the market approach based on market prices of similar contracts. The adjustment from fair value to contract value for the investment contract is based on the contract value as reported to the Plan by ING. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Contract value as of December 31, 2009 and 2008 is materially the same as fair value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 4 – INVESTMENT CONTRACT WITH INSURANCE COMPANY – (continued)

The fair value of the investment contract, at December 31, 2009 and 2008, was $318,053 and $23,079, respectively. The average yield and crediting interest rate were 3% for both of the years ended December 31, 2009 and 2008. The crediting interest rate is based on the various factors including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains or losses realized on the sale of invested assets. Under this option, ING assumes the risk of investment gain or loss by guaranteeing the principal amount contributed by participants and promising a minimum interest rate during the accumulation period and also throughout the annuity payout period, if applicable. The contractually guaranteed minimum interest rate was 3% for the year ended December 31, 2009. The crediting interest rate is determined at least monthly, and the guaranteed minimum rate is reset on a calendar year basis.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with ING. The Plan administrator believes the occurrence of such events that would limit the Plan's ability to transact at contract value with Plan participants is not probable.

NOTE 5 – TAX STATUS

The Plan obtained its latest determination letter, dated January 31, 2006, in which the Internal Revenue Service stated the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6 – RELATED PARTY TRANSACTIONS

Plan investments include participant loans receivable, and some mutual funds and a fixed income fund managed by ING, the record-keeper of the Plan; therefore, these transactions qualify as party-in-interest transactions. The total of these investments was $1,034,291 and $805,043 as of December 31, 2009 and 2008, respectively.

NOTE 7 – FORFEITED ACCOUNTS

At December 31, 2009 and 2008, forfeited, non-vested accounts totaled $6,285 and $4,977, respectively. No forfeitures were used to pay certain administrative expenses in the plan year ended December 31, 2009.

NOTE 8 – EXCESS PARTICIPANT CONTRIBUTIONS PAYABLE

The Plan failed its non-discrimination test for the years ended December 31, 2009 and 2008. Excess contributions amounting to $69,841 and $34,282 are recorded as liabilities in the accompanying statement of net assets available for benefits as a reduction of participant-directed and employer contributions for 2009 and 2008, respectively.

NOTE 9 – RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the accompanying financial statements to the Plan's Schedule H of Form 5500:

	2009	2008
Total Net Assets available for benefits per financial statements	$ 1,725,692	$ 1,265,234
Employer Corrective Distribution	3,321	3,459
Employee Corrective Distribution	66,520	30,823
Total Net Assets per the Plan's Schedule H- Form 5500	$ 1,795,533	$ 1,299,516
Total corrective distributions per Statement of Changes in Net Assets Available for Benefits	$ 68,850 **	
Accrual of 2009 corrective distributions	(69,841)	
Reversal of 2008 corrective distributions	34,282	
Total corrective distributions per the Plan's schedule H- Form 5500	$ 33,291	

** Corrective distributions are shown net of $271,350 of total contributions

NOTE 10 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Observable inputs such as quoted prices in active markets;

Level 2: Inputs, other than quoted market prices in active markets, that are observable either directly or indirectly; and

Level 3: Unobservable inputs in which there is little or no market data and which require the reporting entity to develop its own assumptions.

Assets and liabilities measured at fair value are based on one or more of the following three evaluation techniques noted in ASC 820:

A. Market Approach: Process and other relevant information obtained from market transactions involving identical or comparable assets and liabilities.
B. Cost Approach: Amount that would be required to replace the service capacity of an asset (replacement cost).
C. Income Approach - Techniques to convert future amounts to a single present amount based on market expectation (including present value techniques, option-pricing, and excess earnings models.)

Investment Valuation — The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input this is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

During the year ended December 31, 2009, the Plan adopted ASU 2010-06, *Improving Disclosures about Fair Value Measurements,* which requires debt and equity securities be further defined into their major categories or security types, based on the nature and risks of the security.

NOTE 10 – FAIR VALUE MEASUREMENTS – (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

- *Fixed Fund* — The Fixed Fund is valued on a unit value basis either on a monthly or quarterly basis by the fund manager or general partner, and is reviewed by the Plan's fiduciaries for reasonableness. The fair values of these investments are determined by reference to the respective fund's underlying assets. In the event that a fund manager's or general partner's valuation is not deemed reasonable, fair value is determined by the fair valuation policies prescribed by the Plan agreement.
- Mutual Funds — Mutual Funds are investment vehicles stated at fair value based on quoted market prices reported by the Trustee.
- *Participant Loans* — Loans to plan participants are valued at amortized cost, which approximates fair value.

The following table classifies the investments measured at fair value on a recurring basis by level within the fair value hierarchy as of December 31, 2009:

	Total	Level 1	Level 2	Level 3
Mutual Funds:				
Blended	$ 441,461	$ 441,461	$ -	$ -
