Independent Public Accountant's Report

To the Plan Administrative Committee
Glumac International 401(k) Plan:

We were engaged to audit the financial statements and supplemental schedule of the Glumac 401(k) Plan (the "Plan") as of December 31, 2009 and 2008, and for the year ended December 31, 2009, as listed in the table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information referred to in Note 3, which was certified by Charles Schwab Trust Company ("Schwab"), the asset custodian and directed trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that Schwab holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from Schwab as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the plan administrator by Schwab is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Schwab, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of the Plan

The following description of the Glumac 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Eligibility and Coverage
The Plan is a defined contribution 401(k) profit sharing plan covering all of the employees of Glumac International, Inc. (the "Plan Sponsor"). Employees are eligible to defer a portion of their compensation into the Plan if they have completed 30 days of service. Those employees covered under a collective bargaining agreement and nonresident aliens are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 401(a) of the Internal Revenue Code.

Contributions
Participants may defer up to 100% of their annual compensation into the Plan. However, contributions are limited to certain nondiscrimination tests and to an annual deferral amount of $16,500 per year ($22,000 for those participants over age 49).

The Plan permits the plan sponsor to make discretionary matching and other contributions to the Plan. During 2009, the plan sponsor matched 25% of the participant's contribution up to a maximum matching contribution of $500. For 2009 the plan sponsor contributed a profit sharing contribution equal to 0.89272% of participants' eligible compensation. Participants are eligible for an allocation of matching and profit sharing contributions providing they have completed one year of service (1,000 hours) and are employed with the plan sponsor on the last day of the plan year.

Participant Accounts
Participants have the option of investing their account balance in either segregated or non-segregated accounts. Non-segregated or pooled accounts are invested, as directed by the participant, as pooled funds. A participant's account balance is derived through an allocation of these funds. Each participant's account balance is credited with the participant's contribution, plan sponsor contributions, and an allocation of gains and losses attributable to pooled funds on a per unit basis. Segregated accounts (Schwab Personal Choice Retirement Accounts, or "PCRA's") represent individual self-directed brokerage accounts whereby the participant may purchase any investment asset they deem appropriate. Earnings for segregated accounts are based upon actual performance.

Vesting and Forfeitures
Participants are immediately vested in their contributions and related earnings at all times. Participants vest in discretionary plan sponsor matching contributions in ratable installments of 20% per year after the first year of service. Participants automatically become 100% vested in the event of death, disability, age 65 or termination of the Plan. Forfeitures of non-vested participant account balances may be used to pay administrative expenses of the Plan and to offset the current year's matching and other discretionary plan sponsor contributions. At December 31, 2009, $14,617 in forfeitures was available to offset plan sponsor contributions.

Distributions
The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, or termination of employment. Participants who qualify for benefits and withdrawals will receive their benefits in the form of a lump sum in cash. The benefit to which a participant is entitled is the benefit that can be provided directly from the participant's vested account. Participants who separate from service and have vested account balances of $5,000 or less are subject to an administrative distribution as follows: for account balances between $1,000 and $5,000, the plan administrator will distribute the account balance to an individual retirement account; for account balances less than $1,000, the plan administrator will distribute the account balance as a lump sum in cash. Retired participants must

begin receiving distributions from the Plan no later than April 1 of the year following the year in which the participant attains age 70½.

Loans to Participants
Participants may obtain a loan from the Plan, up to the lesser of 50% of the participant's vested account balance or $50,000. All borrowings bear a fixed rate of interest commensurate with local prevailing rates as determined on the date of advance by the plan administrator. Loans are limited to a maximum term of five years, unless used to acquire a principal residence. All loans require fully amortized loan payments through regular payroll deductions. Loans are segregated investments, and to the extent a participant borrows, his or her account will not share in the earnings and gains in value attributable to other investments. Accordingly, the interest that participants pay on their loans will be directly credited to their accounts. In the event a participant defaults on their loan, the plan administrator will offset the loan against the participant's account balance.

Plan Amendments
The plan was without amendment during the 2009 plan year.

2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with ERISA. Contributions from participants are recorded when withheld from the participant. Plan sponsor contributions are recorded when approved by the plan sponsor. Benefit payments and expenses are recorded when paid. The Statements of Net Assets Available for Benefits present the fair value as well as the adjustment from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value as determined by the plan custodian (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. See Note 6 for discussion of guaranteed investment contracts at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Risk and Uncertainties
The Plan provides for various investment options in mutual funds, common collective trusts and money market funds. These investments are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with these securities and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in the various risk factors will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

Subsequent Events
The Plan has evaluated subsequent events through October 11, 2010, the date the financial statements were available to be issued.

3. Certification of Assets

Charles Schwab Trust Company ("Schwab") serves as the asset custodian and directed trustee of the Plan. In that capacity, Schwab holds the Plan's investment assets and executes investment transactions. The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). As permitted under such election, the plan administrator has obtained certifications from Schwab that all investment information in the accompanying financial statements and supplemental schedule as of December 31, 2009 and 2008, and changes in investment assets for the year ended December 31, 2009, are complete and accurate. All information as to investment assets (with the exception of participant loans) is presented solely based upon those certifications.

4. Fair Value Measurements - unaudited

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820 *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements.) The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets and or liabilities in active markets that the plan has the ability to access.

Level 2
Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing prices reported on the active market on which the individual securities are traded.
Mutual funds: Valued at the net assets value (NAV) of shares held by the plan at year-end.
Participant Loans: Valued at the amortized balance, which approximates fair value.
Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit –worthiness of the issuer (See Note 6).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Summary of changes in the fair value of the plan's level 3 assets for the year ended:

	Participant Loans
December 31, 2009:	
Beginning balance	$ 79,295
Total gains/losses (realized and unrealized) included in changes in net assets available for benefits	-
Net purchases, sales, issuances, and settlements	(9,503)
Ending balance	$ 69,792
December 31, 2008:	
Beginning balance	$ 58,956
Total gains/losses (realized and unrealized) included in changes in net assets available for benefits	-
Net purchases, sales, issuances, and settlements	20,339
Ending balance	$ 79,295

5. Investments – unaudited

The following investments equaled or exceeded 5% of the net assets available for benefits of the Plan at December 31, 2009 and 2008:

	2009	2008
Artio International Equity Fund	$ 1,065,403	$ 818,943
Baron Small Cap Fund	797,645	554,514
Fusion Global Long Short Fund	N/A	459,939
Janus Balanced Fund	854,431	659,731
Janus Orion Fund	1,191,032	760,245
Russell LifePoint Growth Fund	N/A	542,633
Schwab 1000 Index Fund	963,971	701,536
WESPAC Growth Portfolio Fund	865,071	N/A

6. Investment Contract with Investment Company

The Plan entered into a benefit-responsive investment contract with Charles Schwab Trust Company ("Schwab"). Schwab maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Since the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The contract is included in the financial statements at contract value as reported to the plan by State Street. Contract value, as reported to the Plan by Schwab, represents contributions made under the contract, plus earnings, less participant withdrawals and

administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2009 and 2008 was $ 327,118 and $334,018, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Schwab. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit the investment company to terminate the agreement prior to the scheduled maturity date.

	2009	2008
Average yields:		
Based on actual earnings	2.65%	5.25%
Based on interest rate credited to participants	3.06%	3.27%

7. Tax Status

The Internal Revenue Service has determined and informed the plan sponsor by letter dated September 14, 2001, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended and restated since receiving that determination letter, the plan sponsor and administrator believe that the Plan is qualified pursuant to the various requirements of the Internal Revenue Code and have indicated that they will take whatever action is required, if any, to maintain the Plan as a qualified plan. Accordingly, they believe that the Plan is a qualified plan and its related trust is exempt from current income taxes.

8. Plan Termination

Although the plan sponsor has not expressed any intent to do so, the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, any non-vested account balances would become 100% vested.

9. Related Party Transactions

Since the inception of the Plan, the plan sponsor has absorbed some of the administrative expenses of operating the Plan.

Charles Schwab Trust Company ("Schwab") serves as the asset custodian and trustee of the plan. All transactions with Schwab qualify as party-in-interest transactions.
