INDEPENDENT AUDITORS' REPORT

We were engaged to audit the accompanying statements of net assets available for benefits of Walsh, Anderson, Brown, Schulze & Aldridge, P.C. 401(k) Plan (Plan) as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009, and the supplemental schedule of assets as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. As disclosed in Note 4, the plan administrator has obtained certifications from the trustee regarding the completeness and accuracy of the investment information provided to the plan administrator by the trustee as of and for the year ended December 31, 2009 and as of December 31, 2008.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the Walsh, Anderson, Brown, Schulze & Aldridge, P.C. 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which covers eligible employees of Walsh, Anderson, Brown, Aldridge & Gallegos, P.C. (Sponsor) who are at least twenty-one years old. Employees who have attained one year and 1,000 hours of service are eligible to receive employer contributions. The Plan was established effective September 1, 1985 and is subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Employees may elect to contribute up to 100% of annual compensation, as defined in the Plan, through payroll deductions. An employee's contribution cannot exceed the annual dollar limitation set forth by Internal Revenue Code Section 402(g). Participants may also contribute amounts representing distributions from other qualified retirement plans or an IRA. Participants who are age 50 or older may also make additional "catch-up" salary deferral contributions that are in addition to any limits that are imposed by the Plan and Federal law. Overall, catch-up contributions plus salary deferral contributions to the Plan may not exceed 100% of a participant's compensation for that year. Such contributions are recorded by the Plan in the period in which the Sponsor makes applicable payroll deductions.

The Plan Sponsor may elect to make annual discretionary contributions to the Plan based upon the eligibility requirements. The contributions may be determined as a uniform percentage of compensation, or as a uniform dollar amount.

The Plan Sponsor may also decide to make a special discretionary contribution called a qualified nonelective contribution (QNEC). QNEC contributions would be made to eligible participants who are non-highly compensated employees, as determined under the Plan. Any QNEC contributions to the Plan will be allocated to eligible participants beginning with participants with the lowest compensation for the year.

The Plan is designed to qualify as a "Safe Harbor 401(k) Plan". As a safe harbor 401(k) Plan a contribution will be provided for those participants who satisfy the eligibility requirements applicable to safe harbor employer contributions equal to 3% of participant compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Sponsor's contributions, and net earnings of the participant's individual account. The benefit to which each participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in all employee contributions, safe harbor contributions, QNEC contributions, and actual earnings thereon. Vesting in discretionary employer contributions is based on each employee's length of service. A participant is 100% vested after six years of credited service.

1. DESCRIPTION OF PLAN (Continued)

Forfeitures

When participants separate from service, any amounts that are not vested will be forfeited. For any plan year, forfeitures occurring under the Plan may be used to reduce employer contributions to the Plan or to pay Plan expenses. Forfeited non-vested accounts totaled $13,520 and $8,174 at December 31, 2009 and 2008, respectively. Forfeitures of approximately $4,571 and $0 were used to reduce employer contributions for the years ended December 31, 2009 and 2008, respectively.

Participant Loans

Participants are permitted to borrow from their fund accounts a minimum of $500 up to a maximum of $50,000, or 50% of their vested account balance, whichever is less. Loans are repaid through regular payroll deductions over a period not to exceed five years, or a maximum of fifteen years for home loans. The loans are secured by the balance in the participant's account and bear interest at prime rates. Loans are treated as an investment of the Plan and are carried at cost, which approximates fair value.

Payment of benefits

Participants who terminate employment at normal retirement age (age 59 1/2), disability, or death, are entitled to receive 100% of the amounts in their plan accounts as of the day benefits are paid. If a participant terminates employment for any other reason before age 59 1/2, the participant is entitled to 100% of their account's vested balance. Upon separation from service, death, or disability, plan benefits will be paid in the form of a lump sum. If the amount of the payout is more than $1,000 and the participant has not reached age 59 1/2, died, or consented to distribution, the payment will be deferred to the earliest date administratively feasible following attainment of normal retirement age, death, or consent to distribution.

Administrative Expenses

The Plan permits the payment of administrative expenses to be made from the Plan's assets and for them to be allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. However, substantially all administrative expenses of the Plan are paid by the Sponsor. Expenses relating to specific participant transactions (i.e. loan setup, distribution request, etc) are charged directly against the appropriate participant's account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributable for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Investments in mutual funds are based on quoted market prices for the identical security in an active market. Shares of mutual funds are valued at the net asset value of the shares held by the Plan at year end. The fair value of guaranteed investment contract is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations. Participant loans are carried at their outstanding balance, which approximates fair value. Investment income from the investment contract is presented on a contract value basis, determined daily.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Reclassifications

Certain reclassifications of the prior year amounts have been made in order to provide comparability with the current year presentation.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events were evaluated through October 12, 2010, which is the date the financial statements were available to be issued.

3. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a benefit-responsive investment contract with John Hancock Life Insurance Company. John Hancock Life Insurance Company maintains the contributions in a group annuity contract that houses several separate investment accounts (SIA's). Each SIA is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by John Hancock. Contract value represents contributions made under contract, plus earnings, less participant withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the collective investment trust is fully benefit-responsive, contract value is the relevant measurement attributable for that portion of the net assets available for benefits attributable to the collective investment trust. Contract value, as reported to the Plan by John Hancock Life Insurance Company, represents contributions made under contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no valuation reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2009 and 2008 was $798,132 and $378,303, respectively. The average yield for the investment contract was 3.52% and 6% at December 31, 2009 and 2008, respectively. The crediting rate for this contract was 3.26% and 4% at December 31, 2009 and 2008, respectively. The credit rate is based on an agreed upon rate with the issuer, but cannot be less than zero.

3. INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the plan, or (4) failure of the trust to qualify for the exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

4. INFORMATION CERTIFIED BY THE TRUSTEE

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2009 and 2008, and net change in fair value of mutual funds and net change in contract value of the investment contract for the year ended December 31, 2009, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Plan's trustee.

5. INVESTMENTS

The following presents investments that represent five percent or more of the Plan's net assets as of December 31, 2009.

John Hancock Lifestyle Growth	$ 2,356,133
John Hancock Lifestyle Balanced	2,161,712
John Hancock Lifestyle Aggressive	977,139
John Hancock Lifestyle Moderate	871,710
John Hancock Stable Value	798,132

The following presents investments that represent five percent or more of the Plan's net assets as of December 31, 2008.

John Hancock Lifestyle Balanced	$ 1,716,107
John Hancock Lifestyle Growth	1,626,810
John Hancock Lifestyle Aggressive	724,725

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $2,296,951 as follows:

Mutual funds	$ 2,304,294
Investment contract	5,057
Net Appreciation in Fair Value of Investments	$ 2,309,351

6. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quotes prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds – Valued at the net asset value ('NAV") of shares held by the plan at year end.

Investment contract – Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Participant loans – Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

6. FAIR VALUE MEASUREMENTS (Continued)

Level 3 Gains and Losses

The following table sets forth a summary changes in the fair value of the plan's level 3 assets for the year ended December 31, 2009:

	Investment Contract	Participant Loans	Total
Balance, beginning of year	$ 378,303	$ 272,833	$ 651,136
Realized gains/(losses)	5,057	-	5,057
Unrealized gains/(losses) relating to instruments still held at reporting date	(6,518)	-	(6,518)
Purchases, sales, issuances, and settlements (net)	421,290	(4,113)	417,177
Balance, end of year	$ 798,132	$ 268,720	$ 1,066,852

7. RELATED PARTY TRANSACTIONS

Investments

Certain Plan investments are units of separate investment accounts managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions.

Administration

Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan. Certain administrative expenses are paid directly by the Sponsor.

8. PLAN TERMINATION

Although the Sponsor has not expressed any intent to terminate the Plan, it may do so at any time subject to the provisions of ERISA. If the Plan were terminated, contributions would cease, participants would become 100% vested, and money in the accounts would be distributed to the participants.

9. INCOME TAX STATUS

On March 31, 2008, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with applicable requirements of the IRC.

The Financial Accounting Standards Board issued new guidance on accounting for uncertainty in income taxes. The Plan adopted this new guidance for the year ended December 31, 2009. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2009 and 2008 to Schedule H of Form 5500:

	2009	2008
Net assets available for benefits per the financial statements	$ 11,234,801	$ 8,051,935
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	(6,518)	(35,655)
Net Assets Available for Benefits per Schedule H of Form 5500	$ 11,228,283	$ 8,016,280

The following is a reconciliation of changes in net assets available for benefits per the financial statements at December 31, 2009 to the Form 5500.

Total additions per financial statements	$ 3,588,001
Less: Unrealized loss for fully benefit-responsive investment contracts on Form 5500 this year	29,137
Total Additions per Form 5500	$ 3,617,138

11. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
