INDEPENDENT AUDITOR'S REPORT

To the Trustees
Palletized Trucking Inc. Profit Sharing Plan

We have audited the accompanying statements of net assets available for benefits of the Palletized Trucking Inc. Profit Sharing Plan as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Palletized Trucking Inc. Profit Sharing Plan as of December 31, 2009 and 2008, and the changes in net assets available for benefits for the year ended December 31, 2009 in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. Such information has not been subjected to the auditing procedures applied in the audits of the basic financial statements, accordingly we express no opinion on it.

Note 1 – Description of the Plan

The following description of the Palletized Trucking Inc. Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a profit sharing plan covering certain employees of Palletized Trucking Inc. (the "Employer") who have completed nine months of service. The Plan provides for an employer discretionary profit sharing contribution. The purpose of the Plan is to provide savings which may be used to provide retirement income as well as to participate in discretionary employer contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility

The Plan covers all employees who have more than nine months of service.

Contributions

The Employer may make discretionary contributions to this Plan. The total amount contributed per employee cannot exceed the lesser of $49,000 or 100% of the employee's annual compensation. Employer contributions are allocated to employees pro-rata according to the employee's salary compared to the total salary of all participants within the Plan.

Investment Management and Custody

The Plan's assets are managed solely by the trustees of the plan (Marillyn and Rex King). Palletized Trucking Inc. retains custody of the Plan's assets in a trust fund maintained on behalf of the Plan but has no discretionary authority concerning purchases and sales of Plan assets.

Participants' Accounts

Each participant's account is credited with any Employer contributions and an allocation of the Plan's earnings including gains and losses on investments. Earnings are allocated based on each participant's earnings compared to the total earnings of all participants. Contributions received by the participant are limited to the lesser of 100% of the participant's annual compensation or $49,000.

Vesting

Participants vest in contributions to the Plan as follows:

Years of service	Percentage
< 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Loans to Participants

The Plan may make loans to participants upon receipt of an approved application. Loans are limited to the terms described in the Plan's provisions and are secured by the participant's individual account balance.

Life Insurance

The Plan administrator may elect to purchase life insurance on a participant's behalf. The participant's account is reduced by the amount of premiums and credited for any dividends.

Benefits

Distributions generally will be made in the event of retirement, death, disability, resignation, or dismissal. A participant's normal retirement age is 65. The entire account balance will be paid to the participant or the participant's designated beneficiary in the event of death or disability. Only vested amounts will be paid to the participant in the event of resignation or dismissal. Distributions to the participant will occur when it is determined by the trustee to be administratively feasible to do so.

Plan Termination

The Employer reserves the right to amend or discontinue the Plan at any time, subject to the provisions of ERISA. Upon termination, each participant would receive the amount in the participant's individual account, less reasonable expenses incurred for administering the termination.

Note 2 – Summary of Significant Accounting Policies

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with U.S. generally accepted accounting principles ("US GAAP").

Forfeitures

Non-vested amounts forfeited by employees are allocated to the other participants in the same manner as the Employer contribution for the Plan year in which the forfeiture occurs. Forfeitures are allocated according to the participant's annual compensation compared to the total compensation of all members of the Plan, subject to a compensation limit of $245,000 per participant.

Investments

Investments in mutual funds are stated at fair value and are based on quotations from national securities exchanges. Loans to participants are stated at the outstanding principal balance, which approximates fair value. All investment transactions are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Changes in fair value during the year are included in the statement of changes in net assets available for benefits and recorded as investment income. Interest income is recorded on the accrual basis. Realized gains or losses on sales, redemptions, or distributions of investments are based upon each investment's average historical cost. Unrealized appreciation or depreciation is determined based on the fair value of assets at the beginning of the Plan year.

Life Insurance

Insurance polices are stated at their actuarially determined cash surrender value as of the balance sheet date. Changes in fair value during the year are included in the statement of changes in net assets available for benefits as other earnings.

Contributions

Employer contributions to the Plan are recorded as a receivable at the time the Company commits to the contribution. The contributions are distributed to the Plan when the funds are received.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Recently Issued Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board ("FASB") issued a standard which requires additional disclosure about the amounts of, and reasons for, significant transfers in and out of Level 1 and Level 2 fair value measurements. This standard also clarifies existing disclosure requirements related to the level of disaggregation of fair value measurements for each class of assets and liabilities and disclosures about inputs and valuation techniques used to measure fair value for both recurring and nonrecurring Level 2 and Level 3 measurements. The new disclosures and clarifications of existing disclosures are effective for periods beginning after December 15, 2009.

In addition, this standard will require disaggregated information about activity in Level 3 fair value measurements on a gross basis, rather than as one net amount. These requirements are effective for fiscal years beginning after December 15, 2010. The Plan's management does not expect the adoption of the standard to

have a material impact on the Plan's financial statements.

In September 2009, the FASB issued guidance expanding the required disclosures for certain investments with a reported net asset value to include the nature of any restrictions on the investor's ability to redeem investments at the measurement date, any unfunded commitments, and the investment strategies of the investee. It permits, as a practical expedient, an entity holding investments in certain entities that calculate net asset value per share or its equivalent for which the fair value is not readily determinable, to measure the fair value of such investments on the basis of that net asset value per share or its equivalent without adjustment. The expanded disclosures are effective for the first reporting period ending after December 15, 2009. The adoption of this guidance had no impact on the Plan's financial statements.

Risks and Uncertainties

The Plan provides for investments in a variety of investment funds. Investments, in general, are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan's concentrations of credit risk are dictated by the Plan's provisions, and the future allocation of funds according to the Company's investment preferences.

Note 3 – Trustee Certification

The Plan's trustee has certified the completeness and accuracy of all investment balances and activity included in the accompanying statements of net assets available for benefits and changes in net assets available for benefits and the related schedules of assets held for investment purposes and reportable transactions. Note 4 – Tax Status

The Plan has received a favorable determination letter from the Internal Revenue Service. Accordingly, the administrator and the Plan's tax counsel have every reason to believe the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 5 – Investments

The following investments at fair value represent 5% or more of the net assets of the Plan at December 31, 2009 and December 31, 2008:

Investment	2009	2008
Waddell & Reed Mutual Fund	$ 2,643,446	$ 1,484,712

Total	$	1,616,378	$ (2,568,415)

6. Fair Value Measurements

The Plan adopted current guidance for fair value measurements as of January 1, 2008. The guidance does not determine or affect the circumstances under which fair value measurements are used, but defines fair value, expands disclosure requirements around fair value and specifies a hierarchy of valuation techniques based on whether the inputs to those valuation techniques are observable or unobservable. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's market assumptions. These two types of inputs create the following fair value hierarchy:

- Level 1 — Quoted prices for identical instruments in active markets.
- Level 2 — Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs and significant value drivers are observable in active markets.
- Level 3 — Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable.

This hierarchy requires the Plan to use observable market data, when available, and to minimize the use of unobservable inputs when determining fair value. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The table below categorizes the Plan's investments by level within the fair value hierarchy as of December 31, 2009 and 2008. As required by the guidance, assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

12/31/09:

	Level 1	Level 2	Level 3	Total
Life Insurance cash value	-	-	147,833	147,833
Investments at fair value	6,941,185	-	-	6,941,185
Total	$ 6,941,185	$ -	$ 147,833	$ 7,089,018

12/31/08:

	Level 1	Level 2	Level 3	Total
Life Insurance cash value	-	-	131,717	131,717
Investments at fair value	5,163,749	-	-	5,163,749
Total	$ 5,163,749	$ -	$ 131,717	$ 5,295,466

Note 7 – Participant Loans

Loans to participants amounted to $74,314 and $84,619 as of December 31, 2009, and December 31, 2008. The loans bear interest at 7.5%.

Note 8 – Administrative Expenses

The administrative expenses for 2009 include primarily investment advisory fees, Plan administrator and auditors' fees. These costs amounted to $12,125 for the year ended December 31, 2009.

Note 9 – Plan Amendment

In 2008 the Company amended the profit sharing plan to reduce the vesting term for each term of the vesting schedule. Under the amendment, participants begin vesting after two years rather than three years as in the original plan. All other levels of the vesting schedule were reduced one year. As a result, participants are now fully vested after six years of participation as compared to seven years in the original plan. No other significant changes resulted from this amendment.
