Independent Auditors' Report

The Plan Administrator
Metavante Retirement Program:

We were engaged to audit the accompanying statement of net assets available for benefits of Metavante Retirement Program (the Plan) as of December 31, 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009 and the supplemental schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2008 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the Trustee. Their report, dated July 28, 2009, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As further discussed in note 1 to the financial statements, the board of directors of Metvante Technologies Inc., the Plan's sponsor, voted on September 30, 2009 to terminate the Plan. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis used in presenting the 2008 financial statements to the liquidation basis used in presenting the 2009 financial statements.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 3, which was certified by Marshall & Ilsley Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2009 financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2009 that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's 2009 financial statements and supplemental schedule that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2009 financial statements and supplemental schedule taken as a whole. The form and content of the information included in the 2009 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with

the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

METAVANTE RETIREMENT PROGRAM

Notes to Financial Statements

December 31, 2009 and 2008

(1) Description of Plan

The following description of the Metavante Retirement Program (the Plan) is provided for general information purposes only. Participants should refer to the plan document for more complete information.

The financial statements of the Plan as of December 31, 2008 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended (ERISA), the plan administrator instructed the other auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by Marshall & Ilsley Trust Company (the Trustee). Their report, dated July 28, 2009, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(a) General

The Plan is a defined contribution plan which is subject to the provisions of the ERISA. Fidelity National Information Services, Inc. is the administrator of the Plan, and the Trustee, is the trustee and recordkeeper of the Plan. The Trustee holds all investments of the Plan.

On November 1, 2007, pursuant to a corporate separation transaction, Marshall & Ilsley Corporation (M&I), a public company, formed two separate unrelated public companies known as Metavante Technologies, Inc. and M&I. Prior to the separation transaction, Metavante employees participated in the M&I Retirement Program. As of November 1, 2007, Metavante established the Plan to hold the account balances of Metavante and its affiliate's employees and to provide for Metavante employee deferrals and employer contributions. Employee account balances were transferred from the M&I Retirement Program to the Plan as of November 1, 2007.

On September 30, 2009, the Compensation Committee of the Board of Directors of Metavante Technologies, Inc. voted to terminate the Plan effective as of the date immediately prior to the merger discussed below between Metavante Technologies, Inc. and Fidelity National Information Services, Inc. Upon termination of the Plan, all participants will become fully vested and will have the option to "roll-over" their balances to the Fidelity National Information Services, Inc. plan, convert their accounts to an Individual Retirement Account (IRA) at the Trustee or another provider, or take a distribution. Fidelity National Information Services, Inc. was named the plan sponsor and in accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis used in presenting the 2008 financial statements to the liquidation basis used in presenting the 2009 financial statements.

On October 1, 2009, Metavante Technologies, Inc. was acquired by Fidelity National Information Services, Inc. (FIS or Metavante). As of October 1, 2009, no additional contributions were allowed, and the Plan was frozen to all new employees.

December 31, 2009 and 2008

(b) Eligibility

Employees of Metavante and its subsidiaries are eligible to make employee contributions to the Plan upon employment commencement. Employees are eligible to receive the employer matching contributions and employer profit sharing contributions after one year of employment.

(c) Contributions

Upon election to participate, the participant designates under a salary redirection agreement the amount of the annual contribution (0% to 75% of compensation, as defined), subject to Internal Revenue Service (IRS) limitations. If employees are eligible, but have not elected to participate in the Plan, those employees will automatically be enrolled in the Plan at a 3% pre-tax contribution rate. For participants who participated before January 1, 2008, but had less than a 3% pre-tax contribution rate, the participant was automatically enrolled in the Plan on January 1, 2008, at a 3% pre-tax contribution rate. In the year following automatic enrollment the contribution rate will increase to 4%, in the year following to 5%, and the year following to 6% and will remain at 6% unless a different contribution rate is elected. Participants have 90 days from the date automatic enrollment contributions are first withheld in which participants can elect to receive a distribution of the amounts contributed to the Plan and automatic enrollment will cease.

Employees may change the amount of the annual contribution as often as they wish. Participants can elect to make post-tax contributions to the Plan through Roth 401(k) contributions. Metavante will make a guaranteed matching contribution of 100%, up to a maximum of 6% of the participant's compensation. Metavante profit sharing contributions are discretionary only. Metavante profit sharing contributions made for years after 2007 vest when the participant has completed two years of vesting service. Participants who will reach age 50 by the end of the plan year have the ability to make catch-up contributions, subject to IRS limitations.

Metavante may make a discretionary contribution each year. The discretionary contribution is determined by the board of directors on an annual basis.

(d) Vesting

All employee contributions and related income are fully vested at all times. Metavante matching contributions are fully vested after two years of vesting service. Metavante profit sharing contributions vest at the earliest of the following dates:

- a. The date the participant completes at least five years of vesting service with respect to contributions made prior to 2007.
- b. The date the participant completes at least three years vesting service with respect to contributions made in 2007.
- c. The date the participant completes at least two years vesting service with respect to contributions made after 2007.
- d. The date of the participant's death while employed by Metavante and subsidiaries.

METAVANTE RETIREMENT PROGRAM

Notes to Financial Statements

December 31, 2009 and 2008

- e. The date of participant's attainment of age 65 or earlier disability.
- f. The date of termination of the Plan (or partial termination as to participants affected thereby) or the date of complete discontinuance of contributions by Metavante at a time when the participant is employed by Metavante or by a subsidiary.
- g. The date the participant's employment terminates due to reduction in force.

(e) Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the provisions of the Plan. Forfeited nonvested accounts are used to reduce Metavante's contributions. During the years ended December 31, 2009 and 2008, employer contributions were reduced by \$6,806 and \$387,866, respectively. Ending balances of forfeited nonvested accounts at December 31, 2009 and 2008 were \$0 and \$100,331, respectively.

(f) Benefit Payments

Upon termination, death, retirement, in the event of disability, as defined, or financial hardship, a participant or beneficiary is entitled to withdraw his or her vested interest in a lump-sum payment, installment payments, single-premium nontransferable annuity contract, or a partial withdrawal for a specified amount (limited to two withdrawals per year). Participants who are 59½ or older may take pretax withdrawals for any reason.

(g) Participant Accounts

Individual accounts are maintained for each of the Plan's participants. Each participant's account is credited with the participant's contributions, the participant's share of Metavante's contributions, and allocations of the Plan's income (loss). Any related administrative expenses based on the participant's earnings or account balances are deducted from the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(h) Investment Options

Participants may direct the investment of their 401(k) contributions (pretax or Roth), employer matching contributions, rollover contributions, profit sharing contributions, and any related earnings thereon into investment options designated by the Plan's Investment Committee in 1% increments. Participants are able to change their investment elections daily.

(i) Participant Loans

As of January 1, 2008, participants have the ability to receive a loan from the Plan. The minimum plan loan is \$1,000 and the maximum plan loan is the lesser of either: (1) \$50,000 minus the highest outstanding loan balance during the preceding 12 months; or (2) 50% of the participants vested account balance, minus the highest outstanding loan balance during the preceding 12 months. Loans must be repaid in 5 years, unless the loan was used to purchase a primary residence, which the loan must then be repaid in 10 years. Interest rates on loans will be based on prevailing market conditions and fixed over the term of the loan. The loans are secured by the balance in the participant's account.

METAVANTE RETIREMENT PROGRAM

Notes to Financial Statements

December 31, 2009 and 2008

Principal and interest are paid ratably through payroll deductions. Interest rates on participant loans at December 31, 2009 and 2008 ranged from 3.64% to 10.5% and 4% to 10.5%, respectively.

(2) Summary of Significant Accounting Policies

(a) *Basis of Accounting*

The accompanying financial statements have been prepared on the liquidation basis of accounting for the year ended December 31, 2009 and on the accrual basis of accounting for the year ended December 31, 2008.

(b) *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) *Risks and Uncertainties*

The Plan utilizes various investment instruments, including mutual funds and a common collective fund. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

(d) *Contributions*

Contributions from employees are recorded in the period the employer makes corresponding payroll deductions. Contributions from the employer match are accrued based upon amounts required to be contributed as determined by the plan document.

(e) *Investment Valuation and Income Recognition*

The Plan's investments are reported at fair value except for the Marshall & Ilsley Stable Principal Fund (the Fund), which is stated at fair value based on the fair value of the underlying investments and then adjusted to contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 8 for discussion of fair value measurements. The Fund invests in guaranteed investment contracts. Fully benefit-responsive investment contracts are valued at fair value. Under the terms of the investment contracts, the crediting interest rate is determined semi-annually based on the insurance company's applicable rate schedule. There are no limitations on guarantees of the contracts.

Quoted market prices are used to value investments held by the Plan as well as the underlying investments of the master trusts accounts (Master Trusts) in which the Plan invests. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Participant loans are valued at the outstanding loan balances.

METAVANTE RETIREMENT PROGRAM

Notes to Financial Statements

December 31, 2009 and 2008

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

(f) *Administrative Expenses*

Expenses incurred by the Plan shall be charged ratably to the account of each participant unless the plan administrator determines that, given the nature of the expense in question, it would be more reasonable to charge the account of a particular participant.

(g) *Payment of Benefits*

Benefit payments to participants are recorded upon distribution. There was \$2,782,969 and \$437,609, allocated to participants who elected benefit payments, but were not yet paid as of December 31, 2009 and 2008, respectively.

(h) *Adoption of New Accounting Guidance*

In September 2006, the Financial Accounting Standards Board (FASB) issued Accounting Standards Codification (ASC) Topic 820 (FASB ASC 820), *Fair Value Measurements and Disclosures*, which defines fair value, establishes guidelines for measuring fair value, and expands disclosures regarding fair value measurements. FASB ASC 820 does not require any new fair value measurements but rather eliminates inconsistencies in guidance found in various prior accounting pronouncements and is effective for fiscal years beginning after November 15, 2007. Effective January 1, 2008, the Plan adopted FASB ASC 820, which did not have a material impact on the statements of net assets available for benefits or the statements of changes in net assets available for benefits. See note 8 for information and related disclosures regarding fair value measurements.

(3) *Information Certified by the Trustee*

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from Marshall & Ilsley Trust Company that all information relating to the Plan's investments and related investment income reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2009 and 2008 is complete and accurate. Information as to the value of the investments as reflected in the statements of net assets available for benefits at December 31, 2009 and 2008 and in note 4 and information regarding the trust fund managed by the trustee included in note 7, investment gain (loss) included in the statements of changes in net assets available for benefits and in note 4, and all information in the supplemental schedule is presented in reliance solely upon those certifications. As it relates to the investment in the M&I Stable Principal Fund, the trustee certified contract value not fair value.

During the years ended December 31, 2009 and 2008, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	<u>2009</u>	<u>2008</u>
Common stock	\$ 453,680	(1,252)
Equity mutual funds	60,581,013	(112,293,374)

Net appreciation (depreciation) in fair value of investments	<u>\$ 64,671,323</u>	<u>(113,021,148)</u>

See note 7 for information regarding net appreciation (depreciation) in fair value of Master Trust investments.

(5) Marshall & Ilsley Stable Principal Fund

The Plan invests in the Marshall & Ilsley Stable Principal Fund (the Fund), a common collective fund that invests primarily in traditional and synthetic investment contracts issued by insurance companies, banks and other financial institutions, and other authorized instruments, which are fully benefit-responsive.

The Plan's interest in the Fund is calculated by applying the Plan's ownership percentage in the Fund to the total fair value of the Fund. The underlying assets owned by the Fund consist primarily of readily marketable fixed income securities with quoted market prices.

The interest crediting rate is determined quarterly and is calculated based upon many factors, including current economic and market conditions, the general interest rate environment, and purchases and

Notes to Financial Statements

redemptions by unitholders. There is no relationship between future crediting rates and the adjustment to contract value reported in the statements of net assets available for benefits.

The average market yield of the Fund for the years ended December 31, 2009 and 2008 was 3.78% and 4.25%, respectively. The average yield earned by the Fund that represents the actual interest credited to participants for the year ended December 31, 2009 was 3.36%.

(6) Nonparticipant Directed Investments

There were no Plan's investments relating to the nonparticipant-directed investments as of December 31, 2009 and 2008.

During the years ended December 31, 2009 and 2008, all assets in the Metavante Founders Contribution Fund were transferred into the Metavante Company Stock Fund, at which time the assets became participant directed investments. During the years ended December 31, 2009 and 2008, the Metavante Founders Contribution Fund did not record dividend income as no dividends are paid on Metavante common stock. During the years ended December 31, 2009 and 2008, changes to the nonparticipant-directed investments were as follows:

	2009	2008
Market value at beginning of period	\$ —	10,763,881
Contributions	—	423,170

Other	—	(73,431)
	<u>\$ —</u>	<u>—</u>

(7) Interest in Master Trusts

Certain of the Plan's investment assets are held in trust accounts at the Trustee and consist of undivided interests in investments. These Master Trusts accounts are established by Metavante and administered by the Trustee. Use of the Master Trusts permits the commingling of the Plan's assets with the assets of the NYCE Corporation Employees' Tax Deferred Savings Plan for investment and administrative purposes. Although assets of both plans are commingled in the Master Trusts, the Trustee maintains supporting records for the purpose of allocating the net gain or loss of the investment account to the participating plans. The net investment income of the investment assets is allocated by the Trustee to each participating plan based on the relationship of the interest of each plan to the total of the interests of the participating plans.

(8) Fair Value Measures

FASB ASC 820 established a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1

METAVANTE RETIREMENT PROGRAM

Notes to Financial Statements

measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual Funds – Valued at the net asset value (NAV) of shares held by the Plan at year-end.
- Common Stocks – Valued at the closing price reported on the active market on which the individual securities are traded.
- Money Market Securities – Valued at the closing price reported on the active market on which the individual securities are traded.
- Stable Value Fund – Valued at the fair value of the underlying investments.
- Participant loans – Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(9) Federal Income Tax Status

The Plan has requested, but has not received its own determination letter from the IRS. However, Metavante and the plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(10) Exempt Party-in-Interest Transactions

Certain plan investments are shares of mutual funds, a common collective fund, and Master Trusts managed by the Trustee, and these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

Net gain (loss) per Form 5500	<u>\$ 107,131,873</u>	<u>(155,547,205)</u>

(12) Plan Termination

Metavante has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, all participants would be 100% vested in their accounts.

(13) Nonexempt Party-in-Interest Transaction

Metavante remitted \$8,894 of 2007 participant contributions to the Trustee on March 18, 2008, which was later than required by Department of Labor Regulation 2510.3-102. Metavante filed Form 5330 with the IRS and paid the required excise tax on the transaction. In addition, participant accounts were credited with the amount of investment income that would have been earned had the participant contribution been remitted on a timely basis.

(14) Subsequent Events

The Plan has evaluated subsequent events through October 14, 2010, the date the financial statements were issued, and no event has occurred through the evaluation date, which would impact the financial statements for the year ended December 31, 2009.
