Report of Independent Auditor

To the Participants and Plan Administrator of the Ogilvy Public Relations Worldwide Cash Balance Pension Plan:

We were engaged to audit the financial statements of Ogilvy Public Relations Worldwide Cash Balance Plan (the "Plan") at December 31, 2009 and 2008 and for the year ended December 31, 2009, and the supplemental schedules as of and for the year ended December 31, 2009, as listed in the accompanying index. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 12, which was certified by JP Morgan Chase Bank, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2009, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended.

1. PLAN DESCRIPTION

The following description of the Ogilvy Public Relations Worldwide Cash Balance Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

Effective January 1, 2002, The Ogilvy Public Relations Worldwide Defined Benefit Pension Plan was amended, restated and renamed the Ogilvy Public Relations Worldwide Cash Balance Plan. The Plan is a noncontributory plan that covers substantially all employees of Ogilvy Public Relations Worldwide, Inc. and First Star, Inc. an affiliate, (collectively, the "Company") who have met certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, ("ERISA"), as amended. The terms and provisions of the Plan in effect prior to January 1, 2002 set and determine rights and obligations with respect to participants whose employment by the Company and affiliated companies terminated before January 1, 2002.

Information concerning the Plan and its provisions can be found in the Summary Plan Description. A copy of that document can be obtained from Ogilvy Public Relations Worldwide, Inc.'s company headquarters.

Any individual who was an employee on the effective date of restatement and who was also a participant in the Plan immediately prior thereto shall be a participant in this Plan on the effective date of restatement. Employees eligible to participate in the Plan are those employees not covered under a negotiated collective bargaining agreement who have attained the age of 21, are not paid on an hourly basis and have completed at least 1,000 hours of service. Eligible employees enter the Plan on either January 1 or July 1 of the applicable year.

In general, those employees with five or more years of service as of January 1, 2002, will receive the greater of their accrued benefit under the Final Average Pay formula calculated based on all their Ogilvy Public Relations service or their frozen December 31, 2001 Prior Service Benefit plus their post January 1, 2002 Future Service Benefit. The accrued benefit of those employees who have less than five years of service has been frozen as of December 31, 2001. Their future accruals will be calculated using the cash balance plan only. Under this plan, the benefits are based on a formula that uses annual pay credits and interest credits.

A participant is fully vested upon completing three years of vesting service. The Plan provides the ability for the participant to take the lump sum, actuarial equivalent of their age 65 vested benefit (Prior Service Benefit) or the vested account balance (Future Service Benefit) with them if they leave the Company at any age.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following accounting policies, which conform with accounting principles generally accepted in the United States of America, have been used consistently in the preparation of the Plan's financial statements:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Recent Accounting Pronouncements

In April 2009, the Financial Accounting Standards Board ("FASB") issued guidance under ASC 820, formerly known as FSP FAS 157-4, *Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly*. This guidance reaffirms that fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions. The guidance also reaffirms the need to use judgment in determining if a formerly active market has become inactive and in determining fair values when the market has become inactive. This guidance was adopted by the Plan during 2009 and did not have a material impact on the Plan's financial statements.

In June 2009, the FASB issued guidance under ASC 105, *Generally Accepted Accounting Principles*, which was formerly referred to as *FASB Statement of Financial Accounting Standards No. 168*, FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles – A Replacement of FASB Statement No. 162. This guidance establishes the FASB Accounting Standards Codification ("Codification") as the source of authoritative U.S. generally accepted accounting principles ("GAAP") for nongovernmental entities. The Codification supersedes all existing non-SEC accounting and reporting standards. This guidance and the Codification are effective for financial statements issued for annual periods ending after September 15, 2009. As the Codification did not change existing GAAP, the adoption did not have an impact on the Plan's accompanying financial statements.

During 2009, the Plan adopted FASB Statement No. 165, *Subsequent Events*, or ASC 855, which was issued in May 2009 and is effective for fiscal years and interim periods ending after June 15, 2009. ASC 855 requires evaluation of subsequent events through the date of financial statement issuance. The adoption of this guidance is reflected in these financial statements.

In September 2009, the FASB issued ASC Update 2009-12, *Fair Value Measurements and Disclosures (Topic 820) – Investment in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*. This update provides guidance on estimating the fair value of a company's investments in investment companies when the investment does not have a readily determinable fair value. It permits the use of the investment's net asset value as a practical expedient to determine fair value. This guidance also required additional disclosure of the attributes of these investments such as: (i) the nature of any restrictions on the reporting entity's ability to redeem its investment; (ii) unfunded commitments; and (iii) investment strategies of the investees. This guidance

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)-

Recent Accounting Pronouncements (continued)

is effective for periods ending after December 15, 2009. The adoption did not have a material impact on the Plan's financial condition or results of operations and all applicable disclosures are included in these financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investments

Investments in marketable securities are valued at quoted market or redemption prices. Purchases and sales of securities are recorded on the settlement date, and gain or loss is based on the specific identification method.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits under the Plan are based primarily on employees' compensation during the highest five consecutive years of service with the Company. The accumulated plan benefits for active employees presented in Note 3 were based, among other things, on their average compensation during the five years ending on the date as of which the benefit information is presented (the latest valuation date). In determining accumulated plan benefits, it has been assumed that employees who retire or terminate prior to retirement will elect to receive benefits in a lump sum upon termination.

The actuarial present value of accumulated plan benefits is determined by an actuary from Mercer Human Resource Consulting. It is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

Payment of Benefits

Benefits are recorded when paid.

3. ACCUMULATED PLAN BENEFITS AND CHANGES IN ACCUMULATED PLAN BENEFITS

The actuarially determined present value of accumulated plan benefits of January 1, 2009 and 2008 (the "Valuation Dates"), and changes in accumulated plan benefits are as follows:

Accumulated Plan Benefits:

	As of January 1,	
	2009	2008
Actuarial present value of accumulated plan benefits -		
Vested benefits for:		
Active participants	\$ 8,792,134	\$ 9,402,125
Participants currently receiving benefits	237,686	191,280
Deferred vested participants	6,022,169	6,502,352
Total vested benefits	15,051,989	16,095,757
Nonvested benefits	605,891	650,905
Total actuarial present value of accumulated plan benefits	<u>\$ 15,657,880</u>	<u>\$ 16,746,662</u>

Changes in Accumulated Plan Benefits:

	For the Year Ended January 1, 2009
Actuarial present value of accumulated plan benefits, as of January 1, 2008	<u>\$ 16,746,662</u>
Increase (decrease) during the year attributable to -	
Benefits accumulated	2,660,878
Increase for interest due to the decrease in the discount period	794,745
Change in actuarial assumptions	(1,881,559)
Plan amendment	38,281
Benefits paid	(2,701,127)
Net decrease	<u>(1,088,782)</u>
Actuarial present value of accumulated plan benefits, as of January 1, 2009	<u>\$ 15,657,880</u>

The actuarial method used to determine the present value of accrued benefits (both vested and non-vested) is the projected unit credit cost method. Gains and losses are recognized immediately and amortized over five years.

3. ACCUMULATED PLAN BENEFITS AND CHANGES IN ACCUMULATED PLAN BENEFITS (continued)-

The significant actuarial assumptions used in the valuation as of January 1, 2009 and 2008 were:

- | | |
|------------------------------------|--|
| 1. Life expectancy of participants | - 2008 PPA separate generational annuitant and nonannuitant mortality tables. |
| 2. Turnover probability | - Male – 14.9% at age 25 declining to 0% at age 50.

- Female – 22.4% at age 25 declining to 0% at age 60. |
| 3. Investment return | - 6.24% and 5.20% for 2009 and 2008, respectively. |
| 4. Salary increases | - 4.00% per year. |
| 5. Retirement rate assumption | - Varying retirement rates based on graduated scale of retirement ages from age 50 to age 65 and above. Retirement rates range from 2% to 25% through age 62, 10% from age 63 through 64, and 100% thereafter. |

The actuarial assumptions underlying the actuarial valuation as of January 1, 2009 are consistent with the assumptions used for the January 1, 2008 actuarial valuation, except for the following.

1. The interest rate for funding purposes and for determining the present value of accumulated plan benefits increased from 5.20% to 6.24%.
2. The lump sums were valued using the interest rates used for FAS35 PVAB without adjustment and the 2008 PPA separate generational annuitant and nonannuitant mortality table. Previously, lump sums were valued using the interest rates used for funding target without adjustment and the 2008 PPA unisex mortality table.

The actuarial assumptions above are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of plan benefits.

4. FUNDING POLICY

Contributions to provide benefits under the Plan are made solely by the Company. The Company's funding policy is to make cash contributions to the Plan in amounts as determined by the Plan's independent actuary. The Company met the minimum funding requirements of ERISA and Section 412 of the Internal Revenue Code (the "IRC") for the year ended December 31, 2009.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations and the Plan document, generally to provide the following benefits in the order indicated:

- a. Annuity payments that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with the benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under the Plan provisions in effect at any time during the five years preceding Plan termination.
- b. Other vested benefits insured by the PBGC up to applicable limitations.
- c. All other vested benefits (that is, vested benefits not insured by the PBGC).
- d. All non-vested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. There is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and who are at least 65 years old at the time of retirement or plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Company and the level of benefits guaranteed by the PBGC.

6. RELATED PARTY TRANSACTIONS

The Plan invests in certain cash equivalent investments of an affiliate of JP Morgan Chase. JP Morgan Chase acts as trustee for only those investments as defined by the Plan. These transactions qualify as exempt party-in-interest transactions. There have been no known prohibited transactions with parties in interest.

7. INVESTMENTS

The following presents investments that represent 5 percent or more of the Plan's net assets at December 31, 2009 and 2008.

	<u>2009</u>	<u>2008</u>
JPMorgan Prime Money Market Fund	1,386,329	*
Vanguard Mid Cap Index Fund	5,409,345	755,180
Vanguard 500 Index Fund	1,698,832	2,438,160
Vanguard Bond Index Fund	1,518,026	4,829,293
Vanguard Intl Stock Index Fund	4,411,498	755,754

* This investment did not represent 5% or more of the Plan's net assets available for benefits at December 31, 2008.

During 2009, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$1,922,383.

8. ADMINISTRATIVE EXPENSES

Plan expenses were paid by the Plan during 2009.

9. INCOME TAX STATUS

The Plan obtained its latest determination letter effective July 15, 2008 in which the Internal Revenue Service stated that the Plan, as then amended and restated, was in compliance with applicable requirements of the Internal Revenue Code (the "Code"), subject to the adoption of certain additional amendments. Such amendments were subsequently adopted and the Plan has been further amended since receiving the determination letter. However, the Plan's Trustees believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and they believe that the Plan was qualified and the related trust was tax-exempt as of December 31, 2009.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to the uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

11. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the statements of net assets available for benefits, classified for 2009 and 2008 as follows:

		Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<u>As of December 31, 2009</u>		Fair Value

11. FAIR VALUE MEASUREMENTS (continued)-

	Fair Value Measurements Using

<u>As of December 31, 2008</u>

Total	<u>\$ 9,106,705</u>	<u>\$ 9,106,705</u>	<u>\$ -</u>	<u>\$ -</u>

The Plan adopted FASB ASC 820 (formerly known as FASB Statement 157, *Fair Value Measurements*), as of January 1, 2008. ASC 820 does not determine or affect the circumstances under which fair value measurements are used, but defines fair value, expands disclosure requirements around fair value and specifies a hierarchy of valuation techniques based on whether the inputs to those valuation techniques are observable or unobservable. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Company's market assumptions. This guidance establishes a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs are significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not active or other inputs that are observable or can be corroborated by observable market data; and Level 3 inputs are significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of investments.

Level 1 Fair Value Measurements

The fair value of the mutual funds is based on quoted net asset value of the shares held by the Plan at year-end.

12. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

No auditing procedures were performed by the Plan's independent auditors as permitted by 29 CFR Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to the information certified as complete and accurate by the Trustees. All information shown on the statements of net assets available for benefits, the statement of changes in net assets available for benefits and the supplemental schedules, except for the amounts relating to benefits paid directly to participants, accrued administrative expenses, employer contributions received and administrative expenses, were prepared from reports prepared by the Trustees.

13. SUBSEQUENT EVENTS

Schedule SB, Part V – Statement of Actuarial Assumptions/Methods

Actuarial methods

Asset methods

We used financial data submitted by the trustee as of the valuation date without further audit. Customarily, this information would not be verified by a plan's actuary. We have reviewed the information for internal consistency and we have no reason to doubt its substantial accuracy.

The market value is the amount reported in the year end trustee statement plus discounted receivable contributions.

The asset valuation method is an annual average of the adjusted market value over the last 24 months preceding the valuation date. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110 percent and no less than 90 percent of the fair market value, as defined in IRC Section 430.

A characteristic of this asset valuation method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than market.

Participant methods

We used the participant data supplied by the plan sponsor. We have reviewed the data and have no reason to doubt its substantial accuracy. Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** The plan sponsor provides us with data on all employees as of the valuation date, but only those employees who have completed the plan's eligibility requirements are included in the valuation of liabilities.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.
- **Transferred participants:** The liabilities for employees who have transferred into another plan of the plan sponsor have been included with the liabilities for terminated vested participants.

Schedule SB, Part V – Statement of Actuarial Assumptions/Methods

Benefits included or excluded

Unless noted below, all benefits provided by the plan are included in this valuation.

- **Plan amendments:** Amendments adopted after the valuation date or effective after the current plan year are excluded from the valuation.
- **Shutdown benefits:** We are not aware of any corporate actions that would create shutdown benefits; therefore, they are excluded.
- **IRC Section 415(b):** The limitations of Internal Revenue Code Section 415(b) have been incorporated into our calculations.
- **Benefit restrictions:** Benefit restrictions (if applicable) are ignored in this valuation.

Plan sponsor elections

Funding interest rate – effective January 1, 2009:

- Full yield curve with a 2 month lookback

Asset Valuation Method

- Annual average of the adjusted market value over the last 24 months preceding the valuation date

Mortality assumption

- 2008 PPA separate static separate generational annuitant and nonannuitant mortality tables

Valuation of lump sums based on Section 417(e) assumptions:

- Lump sum benefit based on annuity substitution liability
- Interest rate used is the same as used to determine funding target liability
- Used generational mortality table option

Minimum funding method

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

Schedule SB, Part V – Statement of Actuarial Assumptions/Methods

A detailed description of the calculation follows:

- An individual's **accrued liability** is the present value of benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **normal cost** is the present value of the benefit deemed to accrue in the plan year. If multiple decrements are used, the accrued liability and the normal cost for an individual are the sum of the component accrued liabilities and normal costs associated with the various anticipated separation dates.
- The plan's **target normal cost** is the sum of the individual normal costs, and the plan's **funding target liability** is the sum of the accrued liabilities for all participants under the plan.

Maximum deductible contribution method

Calculations of maximum deductible contributions include the excess of the accrued liability computed using the projected unit credit method over the minimum funding target liability. The objective of the projected unit credit method is to fund each participant's benefits under the plan as they accrue, taking into consideration future compensation increases. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- An individual's **projected accrued liability** is the present value of benefits based on credited service as of the beginning of the plan year and projected compensation that would be used in the calculation of the benefit on each expected separation date. If multiple decrements are used, the accrued liability for an individual is the sum of the component accrued liabilities associated with the various anticipated separation dates.
- The plan's **projected funding target liability** is the sum of the projected accrued liabilities for all participants under the plan.

Schedule SB, Line 24 – Change in actuarial assumptions

The interest discount to determine the funding target was changed from the January 2008 segment interest without phase-in to the full yield curve as of 11/1/2008 (which yields an equivalent effective interest rate of 8.11%).

Lump sums were valued using the interest rates used for funding target without adjustment and the 2008 PPA separate generational annuitant and nonannuitant mortality table.

Expense normal cost increased from \$0 to \$110,000.

Schedule SB, Line 25 – Change in method

The asset method was changed from an annual average over the last 12 months to an annual average over the last 24 months.

The interest discount to determine the funding target was changed from the January 2008 segment interest without phase-in to the full yield curve as of 11/1/2008 (which yields an equivalent effective interest rate of 8.11%).

Schedule SB, Line 32 –Schedule of amortization bases

If the plan does not have a funding shortfall, all shortfall and waiver amortization bases are deemed fully amortized.

Since there is no Funding shortfall prior amortizations bases have been eliminated.

Schedule SB, Part V – Summary of plan provisions**Plan provisions**

We have used and relied upon the plan documents, including amendments, supplied by the plan sponsor. The plan sponsor is solely responsible for the validity and completeness of this information.

Following is a summary of the major plan provisions used to determine the plan's financial position. It should not be used in determining plan benefits.

▪ Effective Date	Cash Balance Pension Plan (CBPP) effective January 1, 2002, formerly known as the Defined Benefit Pension Plan (DBPP) adopted August 1, 1985.
Definitions	
▪ Eligibility for Membership	All Employees are eligible to participate in the plan commencing on the January 1 or the July 1 following the completion of either six consecutive months of full-time employment or one Year of Service. A Year of Service is the first twelve months of employment or any subsequent plan year during which an Employee is paid for 1,000 or more hours.
▪ Compensation	Regular salary or wages including bonus, overtime and commissions but excluding moving and relocation expenses, imputed income from group life insurance and executive long term disability benefits, payments related to the exercise of stock options, and other irregular or non-recurring forms of compensation. In no event will compensation be used in excess of the compensation limit defined by Section 401(a)(17) of the Internal Revenue Code. For 2009, the compensation limit is \$245,000.
▪ Five Year Average Compensation	Compensation averaged over the five consecutive Years of Vesting Service which produce the highest average.
Normal Retirement	
▪ Eligibility	Later of the attainment of age 65 or the fifth anniversary of the date he or she became a Participant.
▪ Retirement Benefit	Calculated under (A), (B) or (C), whichever is applicable: (A) For a Participant who is credited with one Hour of Service on or after January 1, 2003 and who is an active Employee of the Company and who has 5 or more Years of Vesting Service on January 1, 2003, an amount equal to sum of the Participant's Retirement Account Balance and his Prior Plan Accrued Benefit but not less than his Grandfathered Accrued Benefit. (B) For a Participant who is credited with one Hour of Service on or after January 1, 2003 and who is an active Employee of the Company and who has less than 5 Years of Vesting Service on January 1, 2003, an amount equal to sum of the Participant's Retirement Account Balance and his Prior Plan Accrued Benefit. (C) For a Participant who was not credited with one Hour of Service

on or after January 1, 2003, an amount equal to his Prior Plan Accrued Benefit.

▪ Retirement Account Balance

The sum of the Pay Credits and Interest Credits allocated to the Participant's Retirement Account, as follows:

Pay Credit:

An annual allocation of 4% of Compensation will be credited to the Participant's Retirement Account as of the last day of each Plan Year beginning on or after January 1, 2003.

Interest Credits:

As of the last day of each Plan Year beginning on or after January 1, 2003, an annual Interest Credit will be paid equal to the lesser of i) 8% and ii) the average rate for ten-year U.S. Treasury bills for the month of November of the previous plan year. Interest Credits are earned until the account is distributed.

The benefit payable will be the annuity equivalent of the Retirement Account Balance at date of determination based on mortality as designated by IRC Section 417(e) and PPA segment interest rates for lump sums for the month of November of the previous Plan Year.

▪ Grandfathered Accrued Benefit

For participants that had 5 years of service as of 1/1/02; an annual amount equal to the greater of the Regular Benefit and the Minimum Benefit, as determined below:

Regular Benefit

$[(2\% \text{ of Five Year Average Compensation}) - (0.65\% \text{ Social Security Covered Compensation})] \times [\text{Years of Benefit Service (up to a maximum of 25)}]$

Minimum Benefit (for employees hired before 1/1/1997)

The greater of (A) or (B) below:

(A) $[3\% \text{ of Five Year Average Compensation}] \times [\text{Years of Benefit Service (up to 10) completed before 1/1/1997}]$

(B) $[(2.5\% \text{ of Five Year Average Compensation}) - (0.65\% \text{ Social Security Covered Compensation})] \times [\text{Years of Benefit Service (up to a maximum of 20)}]$

▪ Prior Plan Accrued Benefit

An annual amount calculated in the manner of the Grandfathered Accrued Benefit as if the Participant had terminated employment on December 31, 2002 or, if earlier, on the date his employment actually terminated.

Schedule SB, Part V – Summary of plan provisions**Pension Benefits at Early Retirement**

- | | |
|----------------------|--|
| ▪ Eligibility | The third anniversary of the date he or she became a Participant. |
| ▪ Retirement Benefit | The same as the benefits payable for Normal Retirement, with the Grandfathered Accrued Benefit and the Prior Plan Accrued Benefit reduced for commencement of benefits prior to the Participant's Normal Retirement Date. Both benefits shall be reduced 5/9% for each of the first 60 months that the Participant's Early Retirement Date precedes his or her Normal Retirement Date and 5/18% for the next 120 months that the Participant's Early Retirement Date precedes his or her Normal Retirement Date, and thereafter on the basis of mortality determined in accordance with the UP-1984 Table and 8% interest. |
| ▪ Disability Benefit | Upon the termination of a Participant's employment as the result of a physical or mental disability, the participant shall have a 100% nonforfeitable right to his Retirement Account Balance and shall be entitled to the actuarial equivalent of his Prior Plan Accrued Benefit. |

Vested Benefit

- | | |
|---------------|---|
| ▪ Eligibility | All Participants who terminate after completing three Years of Vesting Service. |
| ▪ Benefit | Same as for Early Retirement. |

Pre-retirement Death Benefit

- | | |
|---------------|---|
| ▪ Eligibility | All Participants who die after completing three Years of Vesting Service. |
| ▪ Benefit | <p>Married Participants</p> <p>If the Participant was credited with an Hour of Service on or after January 1, 2003, the surviving spouse shall receive an annuity for life equal to the greater of (A) and (B) below, where:</p> <p>(A) is the sum of i) the Prior Plan Accrued Benefit calculated as of the day prior to the death of the participant in the form of a 50% joint and survivor annuity; and ii) an annuity payable for the life of the spouse that is the actuarial equivalent of the participant's Retirement Account Balance; and</p> <p>(B) is the amount which would have been payable to the spouse had the participant terminated employment on the day prior to his death and had commenced receiving his Grandfathered Accrued Benefit in the form of a 50% joint and survivor annuity.</p> |

Schedule SB, Part V – Summary of plan provisions

If the Participant was not credited with an Hour of Service on or after January 1, 2003, his spouse shall receive an amount equal to that which would have been payable had the participant terminated employment on the day prior to his death, survived to age 50 (or age at death, if later), and commenced receiving his Grandfathered Accrued Benefit in the form of a 50% joint and survivor annuity.

Unmarried Participants

If the Participant was not married when he died, his designated beneficiary shall be entitled to the lump sum equal to the Participant's Retirement Account Balance.

Post-retirement Death Benefit

As provided by the normal form of benefit or by the election of an optional form of benefit.

Form of Benefit

▪ **Normal Form**

For single participants

The normal form of benefit is a single life annuity.

For married participants

The normal form of benefit is a 50% joint and survivor annuity.

▪ **Optional Forms**

Lump Sum – Under this option, a Participant may elect to receive his or her retirement benefits in a single lump sum payment.

Contingent Annuitant Option – Under this option, a Participant may elect to receive reduced monthly installments during his or her lifetime with a percentage designated by the Participant equal to 50%, 66 2/3% or 100% of said income, payable upon the Participant's death.

Life and Period Certain Option – Under this option, a Participant may elect to receive a level retirement income payable for his or her lifetime provided that in the event of his or her death within 10 years following the start of payments, his or her benefit will continue to a designated beneficiary for the balance of the chosen period.

Changes since prior valuation:

The pay cap was changed from \$230,000 to \$245,000 to reflect changes in the 401(a)(17) pay limits.

The annual benefit limit was changed from \$185,000 to \$195,000 to reflect the changes in the 415 limits.

Report of Independent Auditor

To the Participants and Plan Administrator of the Ogilvy Public Relations Worldwide Cash Balance Pension Plan:

We were engaged to audit the financial statements of Ogilvy Public Relations Worldwide Cash Balance Plan (the "Plan") at December 31, 2009 and 2008 and for the year ended December 31, 2009, and the supplemental schedules as of and for the year ended December 31, 2009, as listed in the accompanying index. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 12, which was certified by JP Morgan Chase Bank, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2009, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended.

1. PLAN DESCRIPTION

The following description of the Ogilvy Public Relations Worldwide Cash Balance Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

Effective January 1, 2002, The Ogilvy Public Relations Worldwide Defined Benefit Pension Plan was amended, restated and renamed the Ogilvy Public Relations Worldwide Cash Balance Plan. The Plan is a noncontributory plan that covers substantially all employees of Ogilvy Public Relations Worldwide, Inc. and First Star, Inc. an affiliate, (collectively, the "Company") who have met certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, ("ERISA"), as amended. The terms and provisions of the Plan in effect prior to January 1, 2002 set and determine rights and obligations with respect to participants whose employment by the Company and affiliated companies terminated before January 1, 2002.

Information concerning the Plan and its provisions can be found in the Summary Plan Description. A copy of that document can be obtained from Ogilvy Public Relations Worldwide, Inc.'s company headquarters.

Any individual who was an employee on the effective date of restatement and who was also a participant in the Plan immediately prior thereto shall be a participant in this Plan on the effective date of restatement. Employees eligible to participate in the Plan are those employees not covered under a negotiated collective bargaining agreement who have attained the age of 21, are not paid on an hourly basis and have completed at least 1,000 hours of service. Eligible employees enter the Plan on either January 1 or July 1 of the applicable year.

In general, those employees with five or more years of service as of January 1, 2002, will receive the greater of their accrued benefit under the Final Average Pay formula calculated based on all their Ogilvy Public Relations service or their frozen December 31, 2001 Prior Service Benefit plus their post January 1, 2002 Future Service Benefit. The accrued benefit of those employees who have less than five years of service has been frozen as of December 31, 2001. Their future accruals will be calculated using the cash balance plan only. Under this plan, the benefits are based on a formula that uses annual pay credits and interest credits.

A participant is fully vested upon completing three years of vesting service. The Plan provides the ability for the participant to take the lump sum, actuarial equivalent of their age 65 vested benefit (Prior Service Benefit) or the vested account balance (Future Service Benefit) with them if they leave the Company at any age.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following accounting policies, which conform with accounting principles generally accepted in the United States of America, have been used consistently in the preparation of the Plan's financial statements:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Recent Accounting Pronouncements

In April 2009, the Financial Accounting Standards Board ("FASB") issued guidance under ASC 820, formerly known as FSP FAS 157-4, *Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly*. This guidance reaffirms that fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions. The guidance also reaffirms the need to use judgment in determining if a formerly active market has become inactive and in determining fair values when the market has become inactive. This guidance was adopted by the Plan during 2009 and did not have a material impact on the Plan's financial statements.

In June 2009, the FASB issued guidance under ASC 105, *Generally Accepted Accounting Principles*, which was formerly referred to as *FASB Statement of Financial Accounting Standards No. 168*, FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles – A Replacement of FASB Statement No. 162. This guidance establishes the FASB Accounting Standards Codification ("Codification") as the source of authoritative U.S. generally accepted accounting principles ("GAAP") for nongovernmental entities. The Codification supersedes all existing non-SEC accounting and reporting standards. This guidance and the Codification are effective for financial statements issued for annual periods ending after September 15, 2009. As the Codification did not change existing GAAP, the adoption did not have an impact on the Plan's accompanying financial statements.

During 2009, the Plan adopted FASB Statement No. 165, *Subsequent Events*, or ASC 855, which was issued in May 2009 and is effective for fiscal years and interim periods ending after June 15, 2009. ASC 855 requires evaluation of subsequent events through the date of financial statement issuance. The adoption of this guidance is reflected in these financial statements.

In September 2009, the FASB issued ASC Update 2009-12, *Fair Value Measurements and Disclosures (Topic 820) – Investment in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*. This update provides guidance on estimating the fair value of a company's investments in investment companies when the investment does not have a readily determinable fair value. It permits the use of the investment's net asset value as a practical expedient to determine fair value. This guidance also required additional disclosure of the attributes of these investments such as: (i) the nature of any restrictions on the reporting entity's ability to redeem its investment; (ii) unfunded commitments; and (iii) investment strategies of the investees. This guidance

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)-

Recent Accounting Pronouncements (continued)

is effective for periods ending after December 15, 2009. The adoption did not have a material impact on the Plan's financial condition or results of operations and all applicable disclosures are included in these financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investments

Investments in marketable securities are valued at quoted market or redemption prices. Purchases and sales of securities are recorded on the settlement date, and gain or loss is based on the specific identification method.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits under the Plan are based primarily on employees' compensation during the highest five consecutive years of service with the Company. The accumulated plan benefits for active employees presented in Note 3 were based, among other things, on their average compensation during the five years ending on the date as of which the benefit information is presented (the latest valuation date). In determining accumulated plan benefits, it has been assumed that employees who retire or terminate prior to retirement will elect to receive benefits in a lump sum upon termination.

The actuarial present value of accumulated plan benefits is determined by an actuary from Mercer Human Resource Consulting. It is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

Payment of Benefits

Benefits are recorded when paid.

3. ACCUMULATED PLAN BENEFITS AND CHANGES IN ACCUMULATED PLAN BENEFITS

The actuarially determined present value of accumulated plan benefits of January 1, 2009 and 2008 (the "Valuation Dates"), and changes in accumulated plan benefits are as follows:

Accumulated Plan Benefits:

	As of January 1,	
	2009	2008
Actuarial present value of accumulated plan benefits -		
Vested benefits for:		
Active participants	\$ 8,792,134	\$ 9,402,125
Participants currently receiving benefits	237,686	191,280
Deferred vested participants	6,022,169	6,502,352
Total vested benefits	15,051,989	16,095,757
Nonvested benefits	605,891	650,905
Total actuarial present value of accumulated plan benefits	<u>\$ 15,657,880</u>	<u>\$ 16,746,662</u>

Changes in Accumulated Plan Benefits:

	For the Year Ended January 1, 2009
Actuarial present value of accumulated plan benefits, as of January 1, 2008	<u>\$ 16,746,662</u>
Increase (decrease) during the year attributable to -	
Benefits accumulated	2,660,878
Increase for interest due to the decrease in the discount period	794,745
Change in actuarial assumptions	(1,881,559)
Plan amendment	38,281
Benefits paid	(2,701,127)
Net decrease	<u>(1,088,782)</u>
Actuarial present value of accumulated plan benefits, as of January 1, 2009	<u>\$ 15,657,880</u>

The actuarial method used to determine the present value of accrued benefits (both vested and non-vested) is the projected unit credit cost method. Gains and losses are recognized immediately and amortized over five years.

CASH BALANCE PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009**

3. ACCUMULATED PLAN BENEFITS AND CHANGES IN ACCUMULATED PLAN BENEFITS (continued)

The significant actuarial assumptions used in the valuation as of January 1, 2009 and 2008 were:

- | | |
|------------------------------------|--|
| 1. Life expectancy of participants | - 2008 PPA separate generational annuitant and nonannuitant mortality tables. |
| 2. Turnover probability | - Male – 14.9% at age 25 declining to 0% at age 50.
- Female – 22.4% at age 25 declining to 0% at age 60. |
| 3. Investment return | - 6.24% and 5.20% for 2009 and 2008, respectively. |
| 4. Salary increases | - 4.00% per year. |
| 5. Retirement rate assumption | - Varying retirement rates based on graduated scale of retirement ages from age 50 to age 65 and above. Retirement rates range from 2% to 25% through age 62, 10% from age 63 through 64, and 100% thereafter. |

The actuarial assumptions underlying the actuarial valuation as of January 1, 2009 are consistent with the assumptions used for the January 1, 2008 actuarial valuation, except for the following.

1. The interest rate for funding purposes and for determining the present value of accumulated plan benefits increased from 5.20% to 6.24%.
2. The lump sums were valued using the interest rates used for FAS35 PVAB without adjustment and the 2008 PPA separate generational annuitant and nonannuitant mortality table. Previously, lump sums were valued using the interest rates used for funding target without adjustment and the 2008 PPA unisex mortality table.

The actuarial assumptions above are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of plan benefits.

**OGILVY PUBLIC RELATIONS WORLDWIDE
CASH BALANCE PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009**

4. FUNDING POLICY

Contributions to provide benefits under the Plan are made solely by the Company. The Company's funding policy is to make cash contributions to the Plan in amounts as determined by the Plan's independent actuary. The Company met the minimum funding requirements of ERISA and Section 412 of the Internal Revenue Code (the "IRC") for the year ended December 31, 2009.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations and the Plan document, generally to provide the following benefits in the order indicated:

- a. Annuity payments that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with the benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under the Plan provisions in effect at any time during the five years preceding Plan termination.
- b. Other vested benefits insured by the PBGC up to applicable limitations.
- c. All other vested benefits (that is, vested benefits not insured by the PBGC).
- d. All non-vested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. There is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and who are at least 65 years old at the time of retirement or plan termination (whichever comes later). For younger annuitants or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Company and the level of benefits guaranteed by the PBGC.

6. RELATED PARTY TRANSACTIONS

The Plan invests in certain cash equivalent investments of an affiliate of JP Morgan Chase. JP Morgan Chase acts as trustee for only those investments as defined by the Plan. These transactions qualify as exempt party-in-interest transactions. There have been no known prohibited transactions with parties in interest.

7. INVESTMENTS

The following presents investments that represent 5 percent or more of the Plan's net assets at December 31, 2009 and 2008.

	<u>2009</u>	<u>2008</u>
JPMorgan Prime Money Market Fund	1,386,329	*
Vanguard Mid Cap Index Fund	5,409,345	755,180
Vanguard 500 Index Fund	1,698,832	2,438,160
Vanguard Bond Index Fund	1,518,026	4,829,293
Vanguard Intl Stock Index Fund	4,411,498	755,754

* This investment did not represent 5% or more of the Plan's net assets available for benefits at December 31, 2008.

During 2009, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$1,922,383.

8. ADMINISTRATIVE EXPENSES

Plan expenses were paid by the Plan during 2009.

9. INCOME TAX STATUS

The Plan obtained its latest determination letter effective July 15, 2008 in which the Internal Revenue Service stated that the Plan, as then amended and restated, was in compliance with applicable requirements of the Internal Revenue Code (the "Code"), subject to the adoption of certain additional amendments. Such amendments were subsequently adopted and the Plan has been further amended since receiving the determination letter. However, the Plan's Trustees believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and they believe that the Plan was qualified and the related trust was tax-exempt as of December 31, 2009.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to the uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

11. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the statements of net assets available for benefits, classified for 2009 and 2008 as follows:

		Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<u>As of December 31, 2009</u>		Fair Value

11. FAIR VALUE MEASUREMENTS (continued)-

	Fair Value Measurements Using			
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<u>As of December 31, 2008</u>				
Cash	\$ 1,516	\$ 1,516	\$ -	\$ -

Total	<u>\$ 9,106,705</u>	<u>\$ 9,106,705</u>	<u>\$ -</u>	<u>\$ -</u>

The Plan adopted FASB ASC 820 (formerly known as FASB Statement 157, *Fair Value Measurements*), as of January 1, 2008. ASC 820 does not determine or affect the circumstances under which fair value measurements are used, but defines fair value, expands disclosure requirements around fair value and specifies a hierarchy of valuation techniques based on whether the inputs to those valuation techniques are observable or unobservable. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Company's market assumptions. This guidance establishes a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs are significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not active or other inputs that are observable or can be corroborated by observable market data; and Level 3 inputs are significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of investments.

Level 1 Fair Value Measurements

The fair value of the mutual funds is based on quoted net asset value of the shares held by the Plan at year-end.

12. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

No auditing procedures were performed by the Plan's independent auditors as permitted by 29 CFR Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to the information certified as complete and accurate by the Trustees. All information shown on the statements of net assets available for benefits, the statement of changes in net assets available for benefits and the supplemental schedules, except for the amounts relating to benefits paid directly to participants, accrued administrative expenses, employer contributions received and administrative expenses, were prepared from reports prepared by the Trustees.

13. SUBSEQUENT EVENTS

The Plan's management evaluated subsequent events through September 24, 2010, the date on which the financial statements were issued and no additional disclosures were required.
