INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Kobrand Corporation 401 (K) Plan

I have audited the financial statements of the Kobrand Corporation 401 (K) Plan as of December 31, 2009 and 2008, and for the years then ended, as listed in the accompanying table of contents. These financial statements are the responsibility of the Plan's management. My responsibility is to express an opinion on these financial statements based on my audits.

I conducted my audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audits provide a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Kobrand Corporation 401 (K) Plan as of December 31, 2009 and 2008, and the changes in its net assets available for benefits for the years then ended December 31, 2009 and 2008, in conformity with accounting principles generally accepted in the United States of America.

My audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules, as listed in the accompanying table of contents, are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in my opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

KOBRAND CORPORATION 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2009

NOTE 1: DESCRIPTION OF PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the Kobrand Corporation 401(K) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provision.

General
The Plan is a 401(K) Plan covering all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Investments
Investments in Mutual Funds are valued at fair value. Participant loans are recorded at cost, which approximates fair value.

Risks and Uncertainties
The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term, could materially affect participants' account balances and the amounts reported in the financial statements.

Contributions
Participants may contribute to the plan a percentage of their annual wages, not to exceed a specific dollar amount determined by the Internal Revenue.

Participant Accounts
Each participant's account is credited with the participant's contribution and an allocation of the Plan's earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested 100% in full.

NOTE 1: DESCRIPTION OF PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Participant Loans
With the consent of the trustee, loans will be permitted not exceeding 50% of the participant's vested amount.

Payment of Benefits
On termination of service due to death, disability or retirement, a participant will be entitled to receive an amount equal to the value of the participant's vested interest in his or her account in a lump sum amount.

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimated.

New Accounting Pronouncement
In September 2006, the Financial Accounting Standards Board issued Statement on Financial Accounting Standards No. 157 (SFAS 157), Fair Value Measurements. SFAS 157 establishes a single authoritative definition of fair value, sets out a framework for measuring fair value and requires additional disclosures about fair value measurements. SFAS 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007. The Plan adopted SFAS 157 on January 1, 2008. See Note 2.

NOTE 2: FAIR VALUE MEASUREMENTS

Fair Value Hierarchy
The Plan defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required or permitted to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

The Plan's financial instruments consist primarily of mutual funds and participant loans. Three levels of inputs are used to measure the fair value of our investments:

Level 1 - Quoted prices in active markets for identical assets or liabilities.
Mutual Funds - These investments are public investment vehicles valued using the net asset value.

Level 2 - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets with insufficient volume or infrequent transactions (less active markets); or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs to the valuation methodology that are significant to the measurement of fair value of assets or liabilities.

Participant loans - Valued at cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 2: FAIR VALUE MEASUREMENTS (CONT'D)

Assets and Liabilities Measured at Fair Value on a Recurring Basis

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31:

Total Assets	$ 6,756,920	$ 98,922	$ 6,855,842

NOTE 2: FAIR VALUE MEASUREMENTS (CONT'D)

The table below presents a reconciliation of all financial instruments measured at fair value on a recurring basis using significant unobservable inputs (Level 3). Financial instruments are classified in Level 3 of the fair value hierarchy when there is reliance on at least one significant unobservable input to the valuation model. In addition to these unobservable inputs, the valuation models for Level 3 financial instruments typically also rely on a number of inputs that are readily observable either directly or indirectly. Thus, the gains and losses presented below include changes in the fair value related to both observable and unobservable inputs. All Level 3 financial instrument activities are related to the Plan's participant loans.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)
For the Year Ended December 31, 2008

	2009	2008
Balance, beginning of period	$ 98,922	$ 92,608
Issuances, repayments and settlements, net	50,084	6,314
Balance, end of period	$ 149,006	$ 98,922

NOTE 3: INVESTMENTS WITH T. ROWE PRICE TRUST COMPANY

The investments are maintained with various T. Rowe Price Trust company mutual funds. The participants' accounts are credited with actual earnings and unrealized appreciation on the investments and charged for plan withdrawals and miscellaneous expenses. The investments are included in the financial statements at fair value as reported to the Plan.
Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

NOTE 3: INVESTMENTS WITH T. ROWE PRICE TRUST COMPANY (CONT'D)

The following table presents the fair values of investments and investment funds that include 5% or more of the Plan's net assets available for benefits as December 31:

NOTE 4: TAX STATUS

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

NOTE 5: RECENT ACCOUNTING PRONOUNCEMENTS

In January 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2010-06, *Fair value Measurements and Disclosures* ("ASU 2010-06"). ASU 2010-06 provides amendments that clarify existing disclosures and require new disclosures related to fair value measurements providing greater disaggregated information on each class of assets and liabilities and more robust disclosures on transfers between levels 1 and 2 and activity in level 3 fair value measurements. The new disclosures and clarifications of existing disclosures are effective for interim and annual reporting periods beginning after December 15, 2009, except for the disclosures about activity in level 3 fair value measurements. Those disclosures are effective for fiscal years beginning after December 15, 2010 and for interim periods within those fiscal years. The Plan is currently evaluating the impact of adopting ASU 2010-06 on our fair value measurement disclosures.

In September 2009, the FASB issued ASU 2009-12, *Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* ("ASU 2009-12"). ASU 2009-12 amended Accounting Standards Codification ("ASC") 820 to allow entities to use net asset value per share (or its equivalent), as a practical expedient, to measure fair value when the investment does not have a readily determinable fair value and the net asset value is calculated in a manner consistent with investment company accounting. ASC 2009-12 was effective for interim and annual periods ending after December 15, 2009. The adoption of ASC 2009-12 did not have a material impact on the Plan's financial statements.

In April 2009, the FASB issued ASC 820-10-65-4, *Transition Related to FASB Staff Position FAS 157-4, Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly* ("ASC 820-10-65-4"). ASC 820-10-65-4 amends ASC 820, and provides additional guidance for estimating fair value in accordance with ASC 820 when the volume and level of activity for the asset or liability have significantly decreased and also includes guidance on identifying circumstances that indicate a transaction is not orderly for fair value measurements. ASC 820-10-65-4 is applied prospectively with retrospective application not permitted. ASC 820-10-65-4 was effective for interim and annual periods ending after June 15, 2009. The adoption of ASC 820-10-65-4 did not have an impact on the Plan's financial statements.
