PRODUCERS ASSISTANCE CORPORATION
401(k) AND EMPLOYEE THRIFT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2009

NOTE A - DESCRIPTION OF PLAN

The following description of the Producers Assistance Corporation 401(k) and Employee Thrift Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The plan is a defined contribution plan with a qualified cash or deferral arrangement covering all employees of the Company who have attained the age of 18 and completed three months of service. The Plan, sponsored by Producers Assistance Corporation (the "Employer"), has an income deferral feature under Section 401(k) of the Internal Revenue Service Code and is subject to the provisions of the Employer Retirement Income Security Act of 1974 (ERISA).

Administration of the Plan: ING Life Insurance and Annuity Company (the "Custodian") is the investment custodian for the Plan's participant directed 401(k) assets. The financial records of the Plan are maintained by both MBM Advisors (MBM) and ING Life Insurance and Annuity Company, the recordkeepers. Administrative expenses charged by MBM are paid by the Employer, at its discretion, and are not charged to the Plan.

Contributions – Participants may elect to defer a percentage of their compensation during any plan year, subject to a maximum imposed by the Internal Revenue Code. The Employer may make a discretionary contribution for participants actively employed on the last day of the plan year. During 2009, the Employer declared no discretionary contribution. The Employer made no matching contributions. All employer contributions are invested in the same proportion as investment options chosen by each participant.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) employer discretionary contributions, if any, and (b) Plan earnings. Allocations are based on participant compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are also fully vested in the Employer's discretionary contributions and earnings allocated thereon. Accordingly, there are no forfeitures.

Participant Loans - Participants may borrow from their participant directed accounts a minimum of $1,000 and up to 50% or $50,000 of their vested account balance. The loans are secured by the balance in the participant's account. The interest rate, security and terms of payment are determined by the trustees based on rates charged for similar loans by commercial lenders; however, loan terms are not to exceed five years (except in the case of a qualified home loan). Principal and interest are repaid through payroll deductions. The recordkeeper charges the participant a fee for the loan origination. A participant's loan balance becomes immediately due and payable upon termination of employment.

Payment of Benefits – Benefits are generally paid upon normal retirement, disability, death or termination of employment. Upon normal retirement, disability or death, a participant is entitled to receive 100% of their account balance. Upon termination, a participant is entitled to receive the vested portion of their account balance. Benefits are paid in a lump-sum amount or annual installments, as defined by the Plan.

NOTE A - DESCRIPTION OF PLAN (Continued)

Amendments to the Plan – There were no amendments to the plan in 2009.

Merger – On May 28, 2009 participants of the Plan were notified by the Wood Group, a controlling party of Producers Assistance Corporation, that the merger of this plan into the Wood Group 401(k) Plan ("Wood Group Plan") was approved with an effective date July 1, 2009. As a result, all investments in mutual funds and participant loans were transferred from the Plan into the Wood Group Plan on that date.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation: The financial statements of the Plan are prepared on an accrual basis in accordance with account principles generally accepted in the United States of America.

Investment Valuation and Income Recognition – Professional standards establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under professional standards are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the mothodologies used at December 31, 2009 and 2010.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end.

NOTE B - SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (continued)
Participant loans: Valued at amortized cost, which approximates fair value.

Investment contract with insurance company: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (Note C).

The methods described above may produce a fair value calculation that may not be indiciative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$0			$0
Investment contract with insurance company			0	0
Participant Loans			0	0
Total assets at fair value	$0	$0	$0	$0

All Plan assets were transferred to the Wood Group Plan before close of business on June 30, 2009.

	Assets at Fair Value as of December 31, 2008			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$652,542			$652,542
Investment contract with insurance company			92,280	92,280
Participant Loans			1,114	1,114
Total assets at fair value	$652,542	$0	$93,394	$745,936

NOTE B - SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (continued)

Level 3 Gains and Losses – The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2009.

	Level 3 Assets Year Ended December 31, 2009	
	Investment Contract with Insurance Company	Participant Loans
Balance, beginning of year	$92,280	$1,114
Realized gains/(losses)	0	0
Unrealized gains/(losses) relating to instruments still head at the reporting date	0	0
Purchases, sales, issuances and settlements (net)	88,476	(95)
Transfer of Plan assets due to merger	(180,756)	(1,019)
Balance, end of year	$0	$0

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Expenses - Expenses of the plan include all fees and expenses incurred by the plan to the extent such fees and expenses are for the ordinary and necessary administration and operation of the Plan, unless paid by the employer. For the period ended December 31, 2009, no expenses were paid by the plan. Any other costs were paid by the employer and have not been reported by the Plan.

NOTE C – INVESTMENT CONTRACT WITH INSURANCE COMPANY

At December 31, 2009 and 2008, a significant portion of the investments held by the Custodian, ING Life Insurance and Annuity Company, are related to insurance contracts and are characterized as either pooled separate accounts or as unallocated general accounts. The Plan's investments are stated at market value based upon quoted market prices as reported by the Custodian of the Plan's assets. Investments in these insurance contracts are generally subject to the volatility of the major stock markets in which the underlying investments are held and participants do not hold shares in the underlying mutual funds. There are no dividends or realized and unrealized gains and losses with respect to these separate accounts; instead, the dividends and realized and unrealized gains and losses for the underlying funds are factored into the value of the separate account funds. Should the Plan elect to terminate the insurance contracts, there would be no surrender charge for all investments at December 31, 2009.

NOTE D – PLAN TERMINATION

The Employer has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. Subsequent to the financial statement date, the Plan merged with the retirement plan of The Wood Group. This merger was effective July 1, 2009 and will result in the termination of Producers Assistance Corporation 401(k) and Employee Thrift Plan as of that date.

NOTE E – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by ING Life Insurance and Annuity Company. ING Life Insurance and Annuity Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE F – INCOME TAX STATUS

The Employer adopted a standardized plan issued by the Plan's trustee and recordkeeper on January 1, 1991 which was subsequently amended to incorporate certain enacted laws and regulations (commonly referred to as "EGTRRA"). The Plan trustee has since received a favorable determination letter dated June 13, 2003 from the Internal Revenue Service informing the Plan trustee that the standardized plan is qualified under the provisions of Section 401(a) of the Internal Revenue Code.

NOTE G - LIMITED SCOPE EXAMINATION

Generally, plans with 100 or more participants are required to file annual reports which include certain additional information and an independent public auditor's report. To issue an opinion, an accountant must perform an examination in accordance with generally accepted auditing standards of the United States of America.

Regulations concerning annual report filing state that a plan whose assets are held by a bank, a similar institution, or an insurance carrier is not required to have its auditor extend his examination to any statements of information prepared and certified by that institution.

The following information was prepared/certified by ING and at the request of the Plan Administrator we did not perform any auditing procedures.

- Contractual value of investments at December 31, 2009
- Net appreciation in fair value of assets
- Interest earned on investments and participants loans
- Miscellaneous administrative expenses of ING charged to funds
- Investment transaction of ING, including purchases and dispositions of investments and any related expenses and gain/loss

NOTE H – INVESTMENTS (UNAUDITED)

The participants are given certain investment options on funds deposited with ING. At June 30, 2009, the values of employee and employer funds in the various accounts were at zero as the Plan assets were merged with the Wood Group Plan.

During the short year ended June 30, 2009, the Plan's investments (including investments bought, sold, and held during the year) appreciated in value by $39,705 as determined by ING, detailed as follows:
