# Independent Auditor's Report

To the Plan Administrator
Ennis Industries Group, L.P. 401(k) Plan

We were engaged to audit the statements of net assets available for plan benefits of Ennis Industries Group, L.P. 401(k) Plan as of December 31, 2009 and 2008, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2009, and the related supplemental schedule H line 4i- schedule of assets (held at end of year) December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's Trustees.

As permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform any auditing procedures with respect to the information summarized in Note 3 which was certified by Standard Insurance Company, the contractual custodian of the plan assets, for the years ended December 31, 2009 and 2008, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the contractual custodian holds the Plan's investment assets and executed investment transactions. The Plan Administrator has obtained a certification from the contractual custodian as of and for the years ended December 31, 2009 and 2008, that the information provided to the Plan Administrator by the contractual custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule, taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the contractual custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Significant Accounting Policies

In fulfilling its responsibility for the preparation of the Plan's financial statements and disclosures, the Plan Administrator selects generally accepted accounting principles and adopts methods for their application. The application of accounting principles requires the estimating, matching and timing of revenue and costs in the determination of net assets available. It is also necessary for the Plan Administrator to determine, measure and allocate Plan resources and obligations within the financial process according to those principles. Below is a summary of certain significant accounting policies selected by the Plan Administrator.

The financial statements of the plan are prepared under the accrual method of accounting.

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if there were to initiate permitted transactions under the terms of the plan. As required by the FSP, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

The preparation of financial statements in conformity with generally accepted accounting principles requires the Trustees to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. The major estimate is valuation of investments owned. The methods used in making accounting estimates are believed by management to be reasonable and have been consistently applied, though actual results could differ from those estimates.

The plan's investments are stated at fair value, which have been determined by Standard Insurance Company and are participant directed. The Plan does not track the cost of each Participant's investment as the cost would exceed any perceived benefit. Participant loans receivable are valued at amortized cost which approximates fair value. The Stable Asset Fund II is invested in fully benefit responsive investment contracts and is recorded at contract value which as of December 31, 2009 and 2008 approximated fair value calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

The Plan has adopted SOP 99-3, Accounting and Reporting of Certain Defined Contribution Plan Investments and Other Disclosure Matters, which changed the required disclosures for plans with participant-directed investment programs.

2. Description of Plan

On April 1, 2007, Ennis Steel Industries, Inc. and Shawnee Steel Company ("Employer") established the Ennis Industries Group, L.P. 401(k) Plan ("Plan"). The Plan was established as a qualified defined contribution profit sharing plan which has a qualified salary deferral feature under Section 401(k) of the Internal Revenue Code of 1986. The following description of the Ennis Industries Group, L.P. 401(k) Plan provides only general information. The actual plan document should be consulted before any decisions are made regarding the Plan or its operations.

Participation

Each employee will be eligible to participate in the Plan after completing ninety days of service and attaining the age of eighteen. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan defined actual entry dates are May 1, and November 1 of each year, subsequent to fulfilling the eligibility requirements. The maximum dollar limit allowable in 2009 was $16,500. In addition, the Plan has been amended to comply with the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA) catch-up and other provisions. Certain catch-up contributions as allowed by law are also allowed. The plan was also amended to comply with the Pension Protection Act of 2006 allowing provisions, as elected by Plan managements, relating to withdrawals, distributions and rollovers. All investments except for Participant loans are held by Standard Insurance Company. This is a participant directed plan.

Employee Contributions

An Employee eligible to participate in the Plan shall fill out a payroll reduction form as a condition of participation in the Plan. The salary reduction agreement may not be effective earlier than the Employee's Plan entry date. The Employee may reduce his or her compensation for contributions to the Plan by a percentage not less than one percent (1%) but not more than fifteen percent (15%).

Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the plan. The plan currently offers seventeen mutual funds and an insurance investment contract as investment options for participants.

Employer Contributions

The Employer matches 100% of each Participant's elective contributions up to 3% of the Participant's compensation for the plan year plus 50% of the Participant's elective contributions on the next 2% of compensation. For purposes of a plan allocation based on compensation, "compensation" means the total compensation Participants received from the employer during the period of actual participation in the Plan for the year.

2. Description of Plan (continued)

Employer Contributions (continued)

The Plan may require the Employer to make a contribution on the Participants' behalf which is in addition to its discretionary contribution. This guaranteed minimum contribution is necessary if the Plan is top heavy and the amount of employer contributions and forfeitures allocated to Participant accounts for the Plan Year falls below a certain percentage (usually 3%) of Participant compensation for the plan year. If the Plan requires the Plan Sponsor to make an additional contribution, the Advisory Committee will allocate the additional contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

With limited exceptions, Participants must complete 1,000 hours of service during a Plan year to share in the allocation of the Employer's contribution for that Plan year. Employment on the last day of the Plan year is a condition to sharing in the Employer's contribution.

Forfeited Accounts

Forfeitures may be used to reduce future Employer matching contributions.

Payment of Benefits

The distribution of the vested balance of a Participant will be made in the following forms:

1) in a lump sum; or
2) direct rollover to an IRA or another plan.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts and earnings thereon is based on years of continuous service as follows:

| Year of Service | Percent Vested |
|---|---|
| 1 | 20 |
| 2 | 40 |
| 3 | 60 |
| 4 | 80 |
| 5 or more | 100 |

One year of service credit for purposes of the vesting schedule will include all Plan years during which the Participant worked at least 1,000 hours for the Plan Sponsor. Years of service before the effective date of the Plan are excluded for vesting purposes.

2. Description of Plan (continued)

Funding Policy

It is the policy of the Employer to forward to Standard Insurance Company the employee salary deferral and the Employer match each pay period (weekly).

Administration

Ennis Steel Industries, Inc. (the "Company") is the Plan Administrator. The Company has designated Donna Wisdom to assist in the duties of Plan Administrator. The Plan Administrator has authority to control and manage the operation and administration of the Plan according to its terms and provisions, and has all powers necessary to accomplish these purposes.

Internal Revenue Service Determination Letter

The Plan is a Defined Contribution Prototype Plan. The prototype plan has received a favorable determination letter. The plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements.

Plan Termination

Although the Plan Sponsor has expressed no intent to do so, the Plan Sponsor has the right to terminate the plan at its discretion. In the event of plan termination, participants become 100% vested in all their accounts.

Retirement

Normal retirement is age 65. Early retirement is any time after age 55 and before age 65.

Fair Value Measurements

The Financial Accounting Standards Board Accounting Standard Codification (ASC), Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quote prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

*Insurance company mutual fund pools:* The fair value of each unit of participation or NAV is based on the fair value of the specific fund pool divided by the number of outstanding units.

2. Description of Plan (continued)

Fair Value Measurements (continued)

*Stable asset fund*: Subject to unitization valuation based on the net asset value (NAV) and the dividend rate per share. The NAV and the dividend rate per share are determined by the fund company trading partners of Standard Insurance Company, as of the close of business each day.

*Participant loans:* Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2009:

| | Level 1 | Level 3 | Total |
|---|---|---|---|
| Insurance company mutual fund pools | $ - | $ 1,785,689 | $ 1,785,689 |
| Stable asset fund | - | 1,129,081 | 1,129,081 |
| Participant loans | - | 89,845 | 89,845 |
| | $ - | $ 3,004,615 | $ 3,004,615 |

The following table sets forth a summary of changes in the fair value of the plan's level 3 assets for the year ended December 31, 2009:

| | Stable Asset Fund | Mutual Fund Pools | Participant Loans |
|---|---|---|---|
| Balance, beginning of year | $ 941,497 | $ 1,388,840 | $ 56,252 |
| Interest earned related to instruments still held at the reporting date | - | - | 2,798 |
| Purchases, sales, issuances, and settlements (net) | 187,584 | 396,849 | 30,795 |
| Balance, end of year | $ 1,129,081 | $ 1,785,689 | $ 89,845 |

3. Investments Certified by Standard Insurance Company

The investments of the Plan are participant directed and consist of insurance company mutual fund pools. The following information included in these financial statements was certified by Standard Insurance Company. Standard Insurance Company certifies the investment valuation and activities including net appreciation of investments are complete and accurate.

The following presents the plan's investments that equal or exceed 5% of plan assets.

| | 2009 | 2008 |
|---|---|---|
| Stable Asset Fund II | $ 1,129,081 | $ 941,497 |

| Harbor International Instl | 320,499 | 215,230 |

Investments in mutual funds reflected above are through Standard Insurance Company mutual fund pools.

4. Administrative Expenses

It is the policy of the Plan to pay routine administrative expenses for the Plan. These expenses include among other things, contract administrator, investment advisory and management fees. It is the policy of the Plan Sponsor to pay the remaining expenses, including audit fees.

5. Reconciliation to Form 5500

There are no material differences between the Form 5500 and these financial statements.

6. Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account, bear interest rates that range from 6 percent to 10 percent according to the prime rate plus one percent, which is credited to the participant's account. Principal and interest is paid ratably through weekly payroll deductions.

7. Separated Participants with Deferred Vested Benefits

At December 31, 2009 and 2008, there were zero and four separated participants with deferred vested benefits which totaled $-0- and $74,441, respectively.

8. Contingencies

The Employer currently holds group annuity contracts through the Stable Assets Fund II with Standard Insurance Company. If contracts are surrendered prematurely in their entirety, there could be market value adjustment charges and surrender charges.

8. Contingencies (continued)

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Related-Party Transactions

Certain plan investments are shares of mutual funds managed by Standard Insurance Company. Standard Insurance Company is the custodian as defined in the plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the plan for the contract administrator services amounted to $6,752 for the year ended December 31, 2009.

10. Subsequent Events

The Employer has evaluated subsequent events through September 29, 2010, the date which the financial statements were available to be issued. The Employer has no subsequent events to report.
